ASX Announcement

Energy Technologies Limited 2Q FY2025 Quarterly Activities Report and Appendix 4C

Key highlights:

- Unaudited sales revenue increased 17.5% over preceding quarter; and
- Subsequent to adoption of revised business plan, Manufactured and Purchased Sales Divisions awarded inaugural cable supply contract.

Energy Technologies Limited (ASX: EGY or "the Company"), is pleased to release its Quarterly Activities Report and Appendix 4C Quarterly Cash Flow Report for the period ended December 2024 ("2Q FY2025").

During 2Q FY2025, EGY:

- Unaudited sales revenue of A\$2.61m, representing a 17.5% increase over the quarter ending 30th September 2024 ("1Q FY2025");
- reported cash receipts of A\$2.35m, a A\$890k reduction on 1Q FY2025; and
- Sustained an Order Book of c. A\$3.0m.

Operationally, the Board's conviction as to the merits of the revised business plan is being validated with increased tender opportunities, higher margin sales and the initial tender awarded to the Manufactured and Purchased Sales Divisions associated with a significant infrastructure project in NSW (as detailed to the market on 25th November 2024).

While cash receipts for the quarter were 28% lower than 1Q FY2025, the results were consistent with management expectations and as a consequence of the revised business model transition (as to which refer Market Announcement on 31st October 2024 and prior). Moving forward, the Order Book quantum augurs well for a sustainable increase in both revenue and cash receipts.

EGY CEO Nick Cousins commented: "The business continues to rebuild through the repositioning of its sales mix as highlighted by both the unaudited sales revenue uplift and a consistently high order book".
