Brightstar Resources Limited (**ASX: BTR, Brightstar**) is pleased to announce that a binding Term Sheet has been executed with Cazaly Resources Limited (**ASX: CAZ, Cazaly**), under which Cazaly is granted an option to elect to earn up to an 80% interest in the Goongarrie Gold Project, by incurring exploration expenditure of up to \$3 million.

Brightstar's Managing Director, Alex Rovira, commented:

"With our focus on development and mining operations across the broader Eastern Goldfields and Murchison regions, we are delighted to have attracted a quality partner in Cazaly to explore the Lake Goongarrie area in greater detail, while retaining exposure and upside to exploration success with the joint venture."

"Our focus in the general Menzies area is on the Lady Shenton System where we are defining a large open pit mining complex as part of our DFS, whilst we continue to explore and assess other deposits such as Yunndaga and the Link Zone for future mining opportunities to increase our operational footprint in the Menzies area."

Under the Term Sheet, Cazaly is granted an option, exercisable within 90 days, to elect to earn up to an 80% interest in the Goongarrrie Gold Project shown in Figure 1 (which is a combination of wholly owned tenements and tenements where Brightstar holds gold rights). The exercise of the option by Cazaly is subject to satisfaction of certain conditions precedent, including due diligence on the Goongarrrie Gold Project by

Cazaly, the tenements being in good standing and certain deeds of assignment being entered into with parties that have rights in respect of the Goongarrie Gold Project.

Upon exercise of the option, Cazaly may earn up to an 80% interest in the Goongarrie Gold Project by sole funding exploration expenditure of up to \$3 million, as follows:

- Cazaly to spend \$1 million on expenditure over an initial 12-month period to earn a 25% interest;
- Cazaly to spend an additional \$1 million on expenditure over a further 18-month period to earn an additional 26% interest (aggregate 51% interest); and
- Cazaly to spend an additional \$1 million on expenditure over a further 18-month period to earn an additional 29% interest (aggregate 80% interest).

Upon Cazaly earning an interest in any of the three stages, Brightstar and Cazaly will form a Joint Venture to explore and potentially develop the Goongarrie Gold Project. The Goongarrie Gold Project is well placed, being approximately 30km south of Menzies and accessed via the sealed Goldfields Highway.

This ASX announcement has been approved by the Managing Director on behalf of the board of Brightstar.
