Chairman's Letter

The first half FY25 profit after tax is \$954,000 (first half FY24 \$643,000) 48.4% up. Revenue first half FY25 is \$5.718 million, compared to revenue of \$5.573 million for first half FY24.

As previously announced, USA revenues of \$3,127,293 for first half FY25 are greater than the total of FY24 sales of \$2,539,000.

As announced at the October 2024 AGM, we have identified a new approach to growing the number of distributors and sales in Europe. This initiative was developed to reflect customary distributor's practices and have commenced in January 2025.

The Board is confident that despite adverse economic conditions in Europe, Japan and Korea sales revenue will continue to grow.

As previously advised, sale orders in the past have not proven to be a reliable indicator, however, we cannot ignore the current sales orders in our system, which indicate to the Board that revenue for FY25 will likely exceed FY24.

As announced at the Annual General Meeting, sales of Zinc Oxide in Australia have been impacted by the availability of inferior imported Zinc Oxide products sold locally without the required TGA license or necessary GMP clearances. As of yet, the TGA has not removed these inferior imports from Australian made sunscreens.

We are finalising the first order of our "Dry Feel" white sapphire for our largest customer, who is urgently airfreighting this material with further sales expected once specifications are finalised.

We started marketing our new "Light Diffusing" white sapphire, which will be significantly cheaper than our "Dry Feel" product. Samples should be sent to customers in the first quarter of 2025.

We are also finalising the production of our "High Purity" white sapphire and have identified 13 applications and over 500 potential customers.

Perth Factory

Factory and warehouses are no longer operational. The cost of redundancies and relocating stock and equipment have been expensed in this half with no further costs expected going forward. As a result, the Board are now anticipating cost savings to reach over \$1 million per annum, with the full impact of these savings evident in second half FY25 and in future years.

I would like to personally thank Geoff and the Brisbane production team, in particular Pat Baxter and Nigel Smeaton, for integrating the Perth equipment and stock into our Brisbane facility as part of the consolidation of ANO operations.

Independent auditor's review report to the members of Advance ZincTek Limited

Report on the half-year financial report

Our conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Advance ZincTek Limited (the Company), and its subsidiaries (the Group) does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Group's financial position as at 31 December 2024 and of its financial performance for the half-year then ended; and
- complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

What was reviewed?

We have reviewed the accompanying half-year financial report of the Group, which comprises:

- the consolidated statement of financial position as at 31 December 2024,
- the consolidated statement of profit or loss and other comprehensive income for the half-year then ended,
- the consolidated statement of changes in equity for the half-year then ended,
- the consolidated statement of cash flows for the half-year then ended,
- notes to the financial statements, including material accounting policy information, and
- the directors' declaration.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
