PRL GLOBAL LTD

Directors' report

Your directors present their half year report on the consolidated entity ("Group") consisting of PRL Global Ltd ("PRG" or "Company") and the entities it controlled at the end of, or during, the half-year ended 31 December 2024.

Directors

The following persons were directors of PRL Global Ltd for the whole of the half-year and up to the date of this report, unless otherwise stated:

Mr David Somerville
Mr Lai Ah Hong
Dato' Sri Tee Lip Sin
Mr Tee Lip Jen
Mr Adrian Gurgone
Mr Ong Keng Siew
Mr Ramanathan Krishnan
Ms Tee Chain Tee

Dividends

The Directors propose paying a fully franked interim dividend of 2 cents per share issued with the record date being set at 10 March 2025 with payment to be made on the 17 April 2025.

Principal Activities

The principal activities of the entities within the Group for the half-year were:

- mining, processing and sale of phosphate rock and dust;
- trading and manufacturing of other fertiliser products;
- providing earthmoving, fuel, pilotage and maintenance services to other Christmas Island organisations; and
- trading, importing and exporting of commodities

Review of operations

The consolidated entity is reporting a net profit for the period of \$7.47M for the half-year ended 31 December 2024 (31 December 2023 \$11.19M).

Financial Results

The Board is pleased to report a constructive profit result for the six months to 31 December 2024.

The fertiliser segment, underpinned by our phosphate mine on Christmas Island, commenced the period strongly, both in terms of production and customer sales however unseasonably challenging weather conditions in terms of rain and swell commencing in November 2024 undermined both production and capacity to bring in ships, which curtailed an otherwise strong half. Approximately 340,000 tonnes of Phosphate was sold compared to 356,000 for the same period in the previous year which benefitted from more benign weather conditions. Nonetheless operational improvements have continued to be rolled out while also managing the ongoing challenges associated with government port infrastructure. Strong additional fertiliser sales were reported out of our wholly owned subsidiary Phosphate Resources Malaysia.

Our logistics segment, underpinned by joint venture majority-owned subsidiaries Liven Nutrients (fertilisers) and Kemoil (refined oils), had a challenging period in terms of market conditions with margins impacted substantially on revenues of \$586M for the half-year, up 11.6% on the same period last year.

PRL GLOBAL LTD

Directors' report

Our other non-Fertiliser Christmas Island operations also contributed positively to earnings contributing approximately \$1.60M in earnings after tax.

The resultant performance saw Fertilisers producing approximately 86% of the profit after tax for the period with the residual shared between Logistics and other operations.

As noted in previous reports, the performance of segments will not be consistent from period to period due to the unique economic drivers and markets to which each segment is exposed, leading to uncorrelated performance. The diversification strategy is designed to offset the impact of these cycles going forward.

Significant changes in the state of affairs of the Company

There was no change in the composition and nature of the Group during the period.

Earnings per share	December 2024 Cents	December 2023 Cents
Basic earnings per share from continuing operations	6.47	9.42
Basic earnings per share from discontinuing operations	-	0.26

6 Financial Instruments

The Directors have concluded that the fair value of financial assets and financial liabilities are not materially different to book values. The methods and assumptions used to estimate the fair value of financial instruments were:

- Receivables/payables - Due to the short term nature of these financial rights and obligations, and/or market interest received/paid, their carrying values are estimated to represent their fair values.
- Derivatives - The fair values of forward currency contracts are calculated by reference to current forward exchange rates for contracts with similar maturity profiles.
- Finance lease liability - The fair value is the present value of minimum lease payments.
- Bank loan - All the bank loans of the Group are interest bearing with floating interest rates which move in accordance with the market interest rates. Therefore the fair value of the bank loans approximates their carrying value.
- Term deposits - The carrying values of term deposits represent the fair values.
- Capital notes - These investments are fair valued by reference to published bid prices.

(a) Forward currency contracts – Financial asset at fair value through profit or loss

The Group has entered into forward exchange contracts which are economic hedges but do not satisfy the requirements for hedge accounting.

	Notional amounts \$AUD		Average exchange rate

Sell EUR/buy US\$				
Sell EUR maturity 0 to 12 months	70,944	66,019	0.9232	0.9224

These contracts are fair valued by comparing the contracted rate to the forward market rates for contracts with the same remaining term, discounted at a market interest rate. All movements in fair value are recognised in profit or loss in the period they occur. The net fair value loss on foreign currency derivatives during the half-year were \$4.429 million (2023: gain \$2.226 million) for the Group.

The directors of PRL Global Ltd are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

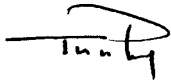

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2024 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
