8. Audit of Financial Statements

This report is based on the attached half-year financial report which has been reviewed by our auditors. The auditor's review report includes a material uncertainty related to going concern, as follows:

We draw attention to Note 1 of the interim financial report, which indicates that the Group incurred a loss of \$3,079,465, had net operating cash outflows of \$1,474,982 and net financing cash outflows of \$1,453,674 for the half-year ended 31 December 2024. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

General Information

The financial statements cover Activeport Group Ltd as a Group consisting of Activeport Group Ltd and the entities it controlled at the end of, or during, the year. The financial statements are presented in Australian dollars, which is Activeport Group Ltd.'s functional and presentation currency.

Activeport Group Ltd is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Level 28
140 St Georges Terrace
Perth WA 6000

A description of the nature of the Group's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 19 February 2025. The directors have the power to amend and reissue the financial statements.

Directors' Report

The Directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the "Group") consisting of Activeport Group Ltd (referred to hereafter as the "Company", "ATV" or "parent entity") and the entities it controlled at the end of, or during the financial half-year ended 31 December 2024.

Directors

The following persons were directors of the Company during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

P Christie	Executive chairman
C Daly	Non-executive director
K Soares	Executive director
M Middleton	Executive director

Principal activities

The Group's primary assets are its network orchestration software, its network-as-service platform, and its information systems managed services business.

The Activeport software business derives high-margin revenue by licensing its software telco operators, data centre owners and cloud service providers. Activeport's software products are used to orchestrate telco networks, automate connectivity to data centres and manage GPU-centric compute clusters in the cloud.

- The software as a service (SaaS) platform called Global Edge enables organisations to connect the operations to the cloud using a self-service web interface.
- The managed services business delivers mission critical information technology, services and support to enterprise customers across Australian and parts of Southeast Asia.

Operating and financial review

Consistent with our strategy at the end of the previous half of consolidation and focus on recurring revenue growth from SaaS and software license sales, H1 FY2025 delivered to expectations with revenue and operating costs net of one-off transactions being consistent with the previous corresponding period and the previous half. This trend toward consistent reporting will continue in the next half as the remaining restructuring costs end and our recurring revenue growth accelerates. Trading remains strong and that shows in our net liquidity defined as cash plus receivables less payables having increased by 18% on the compared to December 2023.

Our underlying performance has been regularly overshadowed by one-off transactions and this half was no different with continuing negotiations for a new agreement to license Activeport's GPU orchestration product to Radian Arc for a cash payment of \$4M. This transaction is expected to be completed by 30 June 2025 when conditions precedent have been met (refer to announcement dated 14 November 2024).

The Company continued to work hard on managing its balance sheet and successfully completed a placement (August 2024), a rights issue (October/November 2024) and received the 2024 R&D tax refund (December 2024) during the period. The result of this work was to reduce debt significantly from \$4.8M at 30 June 2024 to \$2.1M at the time of this report after taking into consideration the repayment post half year end of our R&D loan in full. The Company further expects that this balance will be reduced when the offset facility in the anticipated Radian Arc transaction is completed. Having repaid our R&D loan, the Company intends *not* to use R&D loans in future, and this will reduce the finance costs seen in our previous reports.

Directors' Report (continued)

Our consolidated business is delivering results as we strive to build our recurring revenue base and grow our gross margins. A number of significant new software license sales projects were added to the roster in the half year across Asia, India and the Middle East and our current longer-term large-scale projects with tier-one telcos in the region progressed steadily toward go-live and first revenue. Our new self-service ethernet products on our Australian SaaS platform progressed toward go-live in Q3 and we have roster of new revenue-earning features ready to roll-out for the remainder of the year.

AI remains a promising source of revenue for our GPU orchestration products created as a result of our work in the cloud gaming sector. The prototype V4.0 compute model will be ready for demonstration in the second half, and we continue to find new prospective projects in the AI and GPU sectors that could generate significant additional license revenue in the near future.

The data centre industry continues to expand rapidly, and our software is being assessed more-and-more by new projects that aim to automate connectivity between datacentres and between racks of compute equipment in those data centres.

With a full suite of edge-to-cloud orchestration software in-place, that's capable of servicing the largest global customers across telco, data centres and GPU, Activeport is perfectly positioned to meet its objective of growing recurring revenue above operating costs in calendar 2025.

Dividends

No dividends were paid or proposed to be paid to members during the half-year ended 31 December 2024 (31 December 2023: nil).

Events after the reporting period

On 6 January 2025, the Company repaid its short-term R&D tax credit loan (\$993,092) following receipt of its R&D tax refund totalling \$1,513,670.

In January 2025, the Company received commitments for a placement of \$2,000,000 to a new institutional investor and on 12 February issued 123,152,709 shares at an issue price of \$0.01624 in settlement of the placement.

Besides the items above, there has been no matter or circumstance that has arisen since 31 December 2024 that has significantly affected, or may significantly affect:

- the Group's operations in future financial years;
- the result of those operations in future financial years; or
- the Group's state of affairs in future financial years.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

Directors' Report (continued)

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

Notes to the Consolidated Financial Statements

Note 1. Material accounting policy information

These general purpose financial statements for the half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the Group during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The Group reported had a net asset position of \$23,694,725 and net current assets of \$1,892,419 as at 31 December 2024 and incurred a loss after income tax of \$3,079,465 and net operating cash outflow of \$1,474,982 and net financing cash outflow of \$1,453,674 for the half-year ended 31 December 2024.

The Group's ability to continue as a going concern and meet its debts and future commitments as and when they fall due is dependent on a number of factors, including:

- delivery of existing and new products through the Group's distribution network to generate sales revenues and positive cash flows; and
- the ability of the Group to raise additional funding.

The Company raised \$4,117,657 (gross) as part of a rights issue during the period and a further \$2,000,000 (gross) as part of a placement after the balance sheet date. The Company also entered into a binding term sheet for a perpetual licence of certain cloud gaming software for an upfront fee of \$4,000,000, which is discussed in note 16 (related parties).

The Directors consider the going concern basis of preparation to be appropriate based on forecast cash flows and confidence in raising additional funds, if necessary. The Group does not expect significant change to market conditions. The Directors believe that it Activeport has the ability to raise further capital, either as equity or debt, for business-as-usual operations.

In the event that the Group is not successful in managing the discretionary expenditure as well as in raising funds from short term financing or from the issue of new equity or settlement of the cloud gaming software licence, there exists a material uncertainty that may cast doubt on the Group's ability to continue as a going concern and realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The financial statements do not include any adjustment relating to the recoverability or classification of recorded asset amounts or to the amounts or classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

Note 2. Operating segment information

The reportable segments are identified on the basis of internal reports on the business units of the Group that are regularly reviewed by the Chief Operating Decision Makers, in order to allocate resources to the segment and assess its performance. These reportable segments offer different products and services, or service different customer types, and are managed separately. The Group's reportable segments are as follows:

- Activeport Software – Network orchestration software licenses to telcos and data centre operators globally;
- Activeport SaaS – Network ecosystem orchestration in Australia and New Zealand;
- Corporate – comprises of support services including property and Group overhead costs, consolidation and elimination journals which are not considered separately reportable segments.

During the period, Activeport restructured the way in which it reports combining its Managed Service Provider and Global Edge businesses. As a result, Activeport has realigned and represented the reporting of MSP in the prior year. This also reflects the way in which information is provided to and regularly reviewed by the Group's Chief Operating Decision Makers. The primary reporting measure of the reportable segments is revenue and earnings before interest which is consistent with the way management monitors and reports the performance of these segments.

The segment information for the half-year to December 2024 is as follows:

Goodwill Impairment Testing

SEGMENT NOTE	CASH-GENERATING UNITS
ACTIVEPORT SOFTWARE	Activeport Pty Ltd
ACTIVEPORT SAAS	Global Edge Network Pty Ltd

The Group tests whether goodwill and other indefinite life intangible assets have suffered any impairment on an annual basis. The recoverable amounts of the cash-generating units (CGUs) have been determined by a value-in-use calculations using a discounted cash flow model, based on a five-year project period together with a terminal value approved by management.

Note 8. Non-current assets – intangibles (continued)

Key assumptions are those to which the recoverable amount of an asset or cash-generating units is most sensitive. These key assumptions are:

Assumption	Approach used to determine the values
Revenue growth rate	<p>The revenue growth rate is based on past experience, revenue expectation on existing customer contracts along with current pipeline and ongoing opportunities.</p> <p>For Activeport Pty Ltd and Global Edge Network Pty Ltd, the average projected revenue growth rate of 50% (before discount) and 51.5% respectively are based on the current pipeline of work and for Activeport Pty Ltd, the current pipeline is discounted by 30% to reflect the risk of conversion.</p>
Terminal value	<p>This is the weighted average growth rate used to extrapolate beyond the five-year period. Management believes the projected growth of 3% is prudent based on the management's understanding of the current market and possible new entrants to the sector.</p>
Pre-tax discount rate	<p>An estimate of time value of money and the consolidated entity's weighted average cost of capital, the risk-free rate, market and specific risk premiums relating to the relevant segments and the volatility of the share price relative to market movements.</p>

The following key assumptions were used in the discounted cash flow model for each CGU identified in the Group:

	Activeport Pty Ltd	Global Edge Network Pty Ltd	Future Broadband	Starboard IT Pty Ltd	Vizstone Pty Ltd
Goodwill Balance at 1 July 2024	7,825,621	8,215,930	-	-	-

Balance at 31 December 2024	7,825,621	8,215,930	-	-	-
Pre-tax discount rate	20.86%	21.15%	-	-	-
Average projected revenue growth rate	50%	51.5%	-	-	-
Cash flow growth rate for terminal value	3%	3%	-	-	-
	Activeport Pty Ltd	Global Edge Network Pty Ltd	Future Broadband	Starboard IT Pty Ltd	Vizstone Pty Ltd
Goodwill Balance at 1 July 2023	7,825,621	8,215,930	142,130	3,069,625	4,857,631
Impairment	-	-	(142,130)	(3,069,625)	(4,857,631)
Balance at 30 June 2024	7,825,621	8,215,930	-	-	-
Pre-tax discount rate	20.86%	21.15%	21.15%	14.97%	13.06%
Average projected revenue growth rate	51.9%	37.5%	11.0%	16.0%	6.0%
Cash flow growth rate for terminal value	3%	3%	3%	3%	3%

From above, the recoverable amount of Activeport Pty Ltd CGU and Global Edge Network Pty Ltd CGU exceeded their carrying amount.

Note 17. Fair value estimation

The Group's principal financial instruments comprise receivables, payables, interest bearing borrowings and overdrafts, cash, and short-term deposits. All financial instruments are carried at amounts not materially different from their fair values as at 31 December 2024.

The carrying value of trade and other receivables and payables are assumed to approximate their fair values due to their short-term nature.

The fair value of financial liabilities is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments. The directors consider that the change in interest rates will not cause a significant impact on the fair values of the financial liabilities. No financial liabilities instruments are carried at fair value.

The carrying amount of financial assets measured at fair value through profit and loss is principally calculated based on quoted prices (unadjusted) that are observable in the active market. Where no price information is available from a quoted market source, fair value is estimated based on the recent comparable transactions.

The Group uses the following hierarchy to categorise the inputs to the valuation method used based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

Note 17. Fair value estimation (continued)

Assets	Fair Value Hierarchy Level (1,2 or 3)	Classification	Consolidated	
			31 December 2024	30 June 2024
			\$	\$
Listed ordinary shares	1	at fair value through profit or loss	21,199	36,842
Unlisted ordinary shares	3	at fair value through profit or loss	806,561	755,287
Total assets			827,760	792,129

There were no transfers between levels during the financial half-year.

Movements in level 3 assets during the current financial half-year are set out below:

	Ordinary shares at fair value through profit or loss	Total
Consolidated	\$	\$
Balance at 1 July 2024	755,287	755,287
Gains recognised	51,274	51,274
Balance at 31 December 2024	806,561	806,561

The level 3 assets and liabilities unobservable inputs and sensitivity are as follows:

Description	Unobservable inputs	Range (weighted average)	Sensitivity
Ordinary shares at fair value through profit or loss	Share price	\$0.3774 - 0.3799 per share	1% change would increase/decrease fair value by \$8,000

Note 18. Events after the reporting period

On 6 January 2025, the Company repaid its short-term R&D tax credit loan (\$993,092) following receipt of its R&D tax refund totalling \$1,513,670.

In January 2025, the Company received commitments for a placement of \$2,000,000 to a new institutional investor and on 12 February issued 123,152,709 shares at an issue price of \$0.01624 in settlement of the placement.

Directors' Declaration

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the directors

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ACTIVEPORT GROUP LTD

Report on the Interim Financial Report

Conclusion

We have reviewed the accompanying interim financial report of Activeport Group Ltd (**Company**) and its subsidiaries (**Group**), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of material accounting policies and other explanatory information, and the directors' declaration of the Group comprising the Company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of Activeport Group Ltd is not in accordance with the *Corporations Act 2001* including:

- (a) Giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Material uncertainty related to going concern

We draw attention to Note 1 of the interim financial report, which indicates that the Group incurred a loss of \$3,079,465, had net operating cash outflows of \$1,474,982 and net financing cash outflows of \$1,453,674 for the half-year ended 31 December 2024. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibility for the review of the financial report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (**Code**) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Activeport Group Ltd, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' responsibility for the interim financial report

The directors of the Activeport Group Ltd are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
