Review of Results

The Group present its results for the six months ended 31 December 2024.

The first half of the financial year has seen Mighty Kingdom continue work with its long-time key partners in Google, Spin Master and East Side Games Group (“ESG”). Our partnership with ESG brought a successful launch of Power Rangers: Mighty Force on the Apple App Store and Google Play store, along with continued work on Star Trek Lower Decks: The Badgley Directive. Our work with Google saw the launch of two more games on the successful Fitbit Ace LTE device with more work currently in development. Additional work with Spin Master was finalised in time for the holiday season to enhance their globally popular Gabby’s Dollhouse.

The Group focus has been on driving down costs and improving project delivery efficiency. Game revenue \$2.5m (current financial year “H1 FY25”), was down \$1.1m and 32% from the prior comparative period (“pcp”) but up \$1.1m and 85% from the prior 6 months (“H2 FY24”). This was offset by a significant reduction in operating expenses \$5.1m, down \$2.1m and 30% compared to H2 FY24. Overall, this placed the Group in a total comprehensive loss position of \$1.7m an improvement of 17% pcp, and 66% compared to H2 FY24. The Board appreciates losses of this nature are not acceptable nor sustainable, with changes to management and the Board of Directors reflecting this.

The Group held \$275k cash on hand at 31 December 2024. This figure reflected significant delays from government bodies in administering the Digital Games Tax Offset, Research and Development Incentive and South Australian Video Games Developer Grant. Overall, \$2.1m in government incentives for FY24 were unreceipted at 31 December 2024, leading to a larger than usual trade receivables balance (\$3.7m). The flow on led to operating cash outflow for the period of \$3.3m, when adjusted for these incentives, cash outflow for the period was nearly equal with the pcp.

The Group explored M&A activity and remains open to value accretive opportunities with the right partners in the technology space.

Mighty Kingdom would like to thank and acknowledge the services of former chair David Butorac along with former Non-Executive Director Ian Hogg, and former CFO Simon Rabbitt. The Group has since appointed Duncan Gordon to Independent Non-Executive Director and Chair, and Dylan Miklashek to Interim CEO.

During the period, the Group announced a consolidation of issued capital on a 15 fully paid ordinary shares to 1 basis. Further, the Group entered into a secured converting debt arrangement with sophisticated and professional investors raising a further \$325,000 in December 2024. A facility of up to \$1.2m is available for the company, if it should be required. As the notes cannot be converted to shares unless shareholder approval is obtained, the debt is treated as a secured loan. All holders elected to have their loans repaid, which was completed in February 2025.

Significant changes in the state of affairs

During the reporting period, the following changes occurred within the Group.

(a) Senior Management Changes

On 19 August 2024, the Group announced the resignation of its Chief Financial and Operating Officer (CFO) Simon Rabbitt, with Simon subsequently stepping down on 18 October 2024.

On 11 September 2024, Chief Technology Officer (CTO) Grant Osborne announced his resignation subsequently stepping down 18 October 2024.

On 22 November 2024, David Yin resigned as the Group's Managing Director.

On 22 January 2025, Dylan Miklashek was appointed to the Interim Chief Executive Officer position.

(b) Director Changes

On 22 November 2024, David Yin resigned as an Executive Director of the Group.

On 27 November 2024, Ian Hogg resigned as a Non-Executive Director and Chair David Butorac was not reappointed as a Director of the Group. David subsequently resigned as a director on 22 January 2025.

On 22 January 2025, Duncan Gordon was appointed as Chair of the Group

(c) Consolidation of capital

On 17 July 2024, the Group announced a consolidation of the issued shared capital of Mighty Kingdom Limited on the basis that every fifteen (15) fully paid ordinary share be consolidated into (1) fully paid ordinary share. At a subsequent Extraordinary General Meeting held on 16 August 2024 shareholders approved the consolidation of capital. Similarly the number of options be consolidated on the same basis. The exercise price of the options has been amended in inverse proportion to the consolidation ratio. The consolidation process was completed on 30 August 2024 and in line with listing rule 7.22.1.

(d) Secured Loan

On 27 December 2024, Mighty Kingdom entered into a secured converting debt arrangement with sophisticated and professional investors to raise up to \$1,200,000. A total of \$678,000 was raised under this arrangement. The terms of the arrangement provide that this debt cannot be converted to fully paid ordinary shares unless shareholder approval is received. Accordingly, the debt is treated as a secured loan until such shareholder approval is received. The debt totalling \$678,000 (including interest) was secured against the Group's Digital Games Tax Offset ("DGTO").

Events arising since the end of the reporting period

(a) Secured Loan

At 31 December 2024, Mighty Kingdom had received \$325,000 of the \$1,200,000 facility. A further \$353,000 was drawn down in January 2025, making the total facility drawn down of \$678,000 (including interest). The full amount of the current facility was repaid in February 2025.

(b) Government funding received

On 26 January 2025, Mighty Kingdom received \$1,809,285 in government incentives through its FY24 tax return. Of the amount received, \$1,152,056 relates to the DGTO benefit and \$657,229 relates to the R&D tax incentive.

(c) Business review process

On 10 February 2025, the Company announced a review to change its management structure and further reduce its cost base. On 17 February 2025, the company announced this review had been completed and changed enacted. These changes bring a flatter management structure and potential cost savings in excess of \$2.5 million annually.

Looking Forward

The changes over the past year including the management structure, cost reductions and improved efficiencies, the Group has a firm foundation for delivering a sustainable business model. It is anticipated, the now robust studio operations will put the Company in a position to better assess new opportunities, leading to generating shareholder value. There is a clear continued focus on driving to profitability.

There were no other matters or circumstances that have arisen since 31 December 2024 that have significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE HALF YEAR ENDED 31 DECEMBER 2024

1.1 General Information

Mighty Kingdom Limited (the Company) is a for profit company incorporated and domiciled in Australia and limited by shares which are publicly traded on the Australian Securities Exchange (ASX: MKL).

The Group's principal activities are developing a broad portfolio of video games for console, PC and mobile platforms. Mobile games and apps developed and/or published by the Group are made available for customers on different App stores, including Apple's App Store and Google's Google Play. In addition to receiving fees for development work from clients, the Group monetises its games and apps through In-App purchases and advertising offered to the consumers within games and apps for smartphones and tablets.

2.1 Summary of significant accounting policies

(a) Basis of preparation of the financial report

The Interim Financial Statements are for the six months ended 31 December 2024 and have been prepared in accordance with AASB 134 'Interim Financial Reporting'. They do not include all the information required in annual financial statements in accordance with AASB and should be read in conjunction with the consolidated financial statements for the year ended 30 June 2024.

This financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

The Interim Financial Statements have been approved for issue by the Board of Directors on 27 February 2025.

(b) Critical Accounting Estimates and Judgements

The Directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

Critical accounting estimates and judgements have been made consistently with those applied at 30 June 2024.

(c) Segmental Reporting

The Group reports its business activities in one area: video games development, which is reported in a manner consistent with the internal reporting to the Board of Directors. The Board of Directors consists of the Executive Directors and the Non-Executive Directors.

2.2 Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, for the half year ended 31 December 2024 the Group was in a net asset surplus of \$1.2m, generated a loss of \$1.7m for the half year and had cash outflows from operating activities of \$3.3m.

The Directors believe that there are reasonable grounds that the consolidated entity will be able to continue as a going concern, after consideration of the following factors:

- The ability to issue share capital under the Corporations Act 2001, by a share purchase plan, share placement or rights issue;
- The business continues to undertake a cost reduction plan with a focus on profitability and cashflow improvement with measures including:
 1. Right sizing of business to ensure effective utilisation of resources on current contracted and high-confidence future contract work;
 2. Focus on successful execution of contracts with Google and Spin Master, and continued maintenance of games in market with East Side Games Group which provide a level of revenue certainty; and
 3. On-going operational review to improve efficiency for delivery and reduce unnecessary business expenditure.
- Cashflow forecasts have been prepared on a conservative basis with the business expectation that if it can deliver on its core strategic objectives that this will deliver financial upside
- The Group continues to meet its repayment obligations with the Australian Tax Office

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

Should the Group not achieve these outcomes, there may be material uncertainty whether the Group would continue as a going concern and therefore whether it would realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. The financial report does not include adjustments relating to the recoverability or classification of the recorded asset amounts or to the amounts or classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

2.3 New accounting standards and interpretations adopted during the half year

The Group has adopted all the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. There has been no impact to the Group during the period. There are no new Accounting Standards and Interpretations issued by the AASB that have become effective in the current accounting period and that are applicable to the Group.

2.4 Standards issued but not yet effective

The Group has not applied any Australian Accounting Standards or interpretations that have been issued as at balance date but are not yet operative ("the inoperative standards"). The Group only intends to adopt the inoperative standards at the date at which their adoption becomes mandatory.

In December 2024 Mighty Kingdom entered into a secured convertible note facility, subject to future shareholder approval, with sophisticated and professional investors, to raise up to \$1.2 million. In January 2025, an additional \$353,000 was drawn down from the facility. The terms of the notes provide that the notes cannot be formally issued unless shareholder approval is received. Accordingly, at 31 December 2024, the funds received are treated as a secured loan. Until such time as shareholder approval is received the funds received are secured against the Group's Digital Games Tax Offset ("DGTO"). The entire amount of the facility was repaid in February 2025 upon receipt of the DGTO funds.

Independent Auditor's Review Report

To the Members of Mighty Kingdom Limited

Report on the half-year financial report

Conclusion

We have reviewed the accompanying half-year financial report of Mighty Kingdom Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, including material accounting policy information, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Mighty Kingdom Limited does not comply with the *Corporations Act 2001* including:

- a giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- b complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 2.2 in the financial report, which indicates that the Group incurred a net loss of \$1,694,813 and had cash outflows from operating activities of \$3,270,488 during the half-year ended 31 December 2024. As stated in Note 2.2, these events or conditions, along with other matters as set forth in Note 2.2, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

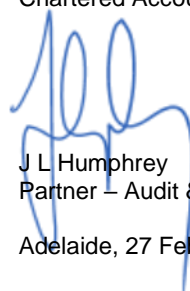

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
