ASX Announcement

Summary of Preliminary Results for Financial Year Ended 31 December 2024

- Adjusted EBITDA loss reduced to (A\$ 675,719) down from a prior year loss of (A\$1,347,880)
- Revenue increased 31% from Ordinary Activities, and net assets improved 38% to A\$3,764,251
- Secured A\$1.5 million from new and existing investors through a successful placement
- AIGC launched two new first-party games and secured multiple third-party development contracts

Fatfish Group Ltd ("**Fatfish**" or the "**Company**") is pleased to provide a summary of its preliminary results for financial year ended 31 December 2024 ("**Financial Year**"), including the annexed Appendix 4E.

During the Financial Year, Fatfish reported an adjusted EBITDA loss of A\$675,719, significantly down from a loss of A\$1,347,880 from the prior year.

Revenue from Ordinary Activities is up 31%, and Net Assets position has improved 38% to A\$3,764,251, from A\$2,729,421 in the prior year.

Recently, the Company was pleased to see strong support from new and existing investors in a \$1.5 million placement. The Funds were applied to various initiatives, including Blockchain Mining, AIGC, the launch of new social gaming projects and other Fatfish investee company initiatives.

The Company has also been actively involved in advancing AI Gaming Pte Ltd ("AIGC"), which Fatfish has a 49% interest in. Under Fatfish's stewardship, AIGC has now launched two new first-party games, as well as signing several significant contracts for third party game development work. Combined, this has pushed AIGC's revenue to approximately A\$900,000 for CY2024. If the expensing of Fatfish's incubation services were to be removed from AIGC's profit and loss statement, AIGC would have been profitable over CY2024 (unaudited result based on management accounts).

This announcement has been authorised by the Board of Directors of Fatfish.
