# Directors' Report

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity' or 'Group') consisting of VHM Limited (referred to hereafter as the 'Company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2024.

## Directors

The following persons were directors of VHM Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

<b>Ian Smith</b>	Non-Executive Chairman
<b>Ron Douglas</b>	Chief Executive Officer
<b>Don Runge</b>	Non-Executive Director
<b>Maree Arnason</b>	Non-Executive Director
<b>Colin Moorhead</b>	Non-Executive Director (appointed 1 July 2024)

## Company Secretary

Ian Hobson

## Results

The loss for the half-year after tax was \$3,302,000 (31 December 2023: \$4,336,000). The loss for the half-year has decreased compared to the comparative period primarily driven by the reduction in discretionary spend on corporate and administrative costs.

## VHM

### Tier 1 rare earth and minerals sands project with globally significant mineral assemblage

The Goschen Project is a Tier 1 integrated rare earth and minerals sands project with globally significant mineral assemblage, positioned to deliver on the Australian Government's Critical Minerals Strategy.

The key attributes of the Goschen Project include:

- **Advanced Approvals:** VHM received endorsement of its Environment Effects Statement (EES) for Goschen from the Victorian Minister for Planning.
- **Location:** Northwest Victoria, Australia – stable jurisdiction, with ready access to infrastructure, with the state government recently releasing its critical minerals roadmap to support mining companies.
- **Near term production with a clear pathway:** Mining Licence approval expected early 2025 immediately followed by submission of the Work Plan for approval, final investment decision (subject to financing) by mid-2025 and construction to begin in late 2025 with first production in second half 2026.
- **Initial 20-year mine life:** Based on the Goschen high grade Reserve, with multi-decade expansion potential from the much larger Resource base.
- **Dual commodity asset:** Will generate revenue from two independent product streams with rare earths and zircon and titanium.
- **Compelling mineral assemblage and mineralisation:** A unique orebody with both light (NdPr) and heavy (DyTb) rare earths mineralised in sands.
- **Rigorous environmental and social standards applied:** Victorian EES process (completed) followed by Commonwealth Environment Protection and Biodiversity Conservation (EPBC) approvals.
- **Simple operating methodologies:** Shallow-pit mined via truck-shovel with conventional processing flowsheet.
- **100% land ownership:** VHM has acquired all land required for the Goschen Project footprint.

## Review of Operations

During the period, the Company continued to progress towards the development of its flagship Goschen Project, as an Australian owned rare earths and mineral sands mine and processing developer with a globally significant critical minerals inventory, located in north west Victoria. It remains the Company's intention to bring the world-class Goschen Project into production in 2026.

### Ministerial Endorsement Received

In December, the Company was pleased to advise that it had received endorsement of its Environment Effects Statement (EES) for the Company's Goschen Project from the Victorian Minister for Planning.

The recommendation places the Company in a favourable position to accelerate investment and financing discussions and develop strategic partnerships as the Company progresses to Final Investment Decision (FID) and then development of the Goschen Project. The recommendation is the result of extensive technical, environmental, and social studies conducted over several years and follows a rigorous evaluation process.

The Company's achievement in obtaining Ministerial endorsement of Goschen's EES is a major step forward in bringing online a new rare earth and minerals sands project for Victoria.

### Mining Licence Application – Earth Resources Regulator

Following the receipt of Ministerial Endorsement for the EES, the Goschen Mining Licence application will now be assessed by Resources Victoria for approval, and the Ministerial terms will then inform the further development of the Goschen Project's Work Plan for subsequent approval by Resources Victoria.

### Work Plan, Planning Scheme Amendment and Environment Protection Authority Development

Following the receipt of Ministerial Endorsement for the EES, the Company will now be able to progress the remaining secondary approvals, with the aim of having these submitted for approval in the first half of 2025.

### Earth Resources Regulator Compliance

No reportable incidents, either environmental or exploration, occurred during the reporting period. No regulatory audits were undertaken. The Annual Technical Report and Expenditure Reports were prepared and submitted for all licences in accordance with regulatory requirements. All tenements remain in good standing with financial commitments met.

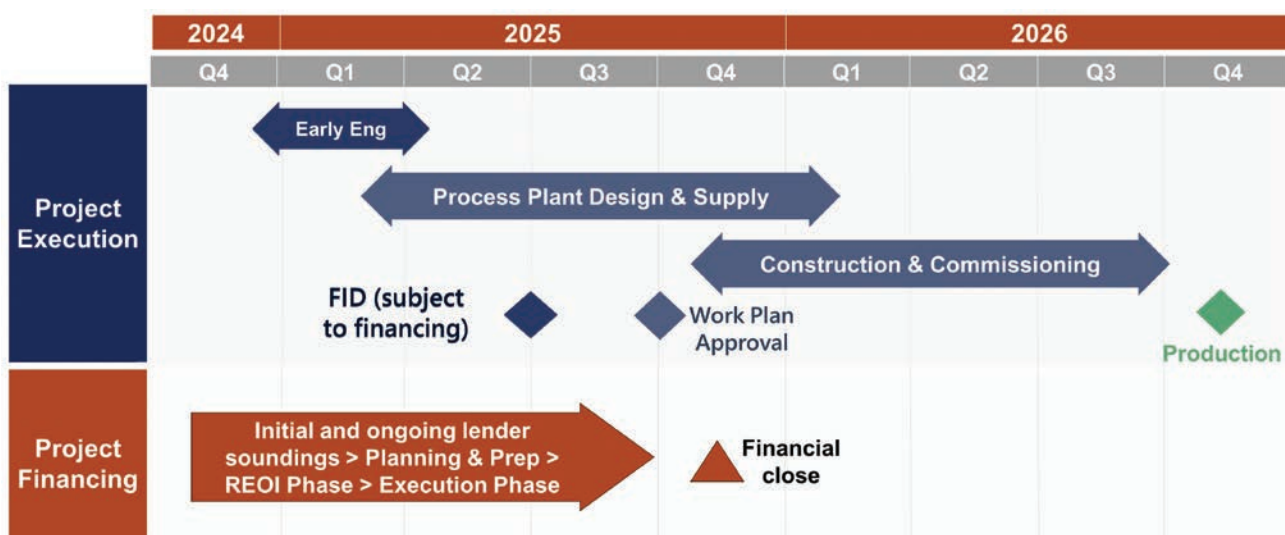

## Key activities to be undertaken over the next six months

Whilst the Company awaits the results of its Mining Licence application, over the next six months its focus will remain on further derisking development of the Goschen Project and its activities will include:

<b>Mining Licence Application</b>	Earth Resources Regulator to assess Mining License application (submitted March 2023 however assessment was subject to EES approval received December 2024)
<b>Work Plan Approval</b>	Draft Work Plan exhibited as part of the EES
	Final Work Plan to be submitted to Earth Resources Regulator March 2025
<b>Environmental Approval</b>	EPBC approval <i>Environment Protection and Biodiversity Conservation Act 1999</i> (EPBC Act) — Initial assessment was completed as part of the EES process. Final sign-off is expected when the Planning Scheme Amendment is approved
<b>Rehabilitation Bond</b>	Rehabilitation bonds – Earth Resources Regulator, required by the <i>Mineral Resources (Sustainable Development) Act 1990</i>
<b>Mining</b>	Develop detailed Mining Plan
<b>Engineering Services</b>	Selection and award of preferred Engineering contractor for the process plant
<b>Non-Process Infrastructure</b>	Selection and award of contractors to deliver Non-Process Infrastructure work
<b>Offtake</b>	Continue the well progressed discussions with potential offtake partners
<b>Finance</b>	Continue discussions with export credit agencies and commercial banks for project debt whilst developing corporate approach for equity raise

## Targeting production in late 2026

Following the receipt of the Minister's endorsement and subject to remaining secondary approvals, the Company is focussed on achieving its targeted 2026 production as detailed below.

## Company Exploration Program

### Exploration Licence Status

VHM continued to invest in exploration and evaluation work within its exploration and retention licence areas, as it is required to do under the conditions of its licences and the *Mineral Resources (Sustainable Development) Act 1990*. VHM has minimum annual spend requirements to ensure that the tenements remain in good standing.

VHM Limited's tenement licences as at 31 December 2024 are provided in Table 1.

**Table 1: VHM Limited tenement table as at 31 December 2024**

The Goschen project has a 210Mt Ore Reserve (99Mt permitted) and 892Mt Mineral Resource, with potential exploration upside from its large tenement footprint that not only includes Goschen, but also Cannie and Nowie.

## Operations

Technical design and planning activities with engineering, mining services and non-process infrastructure partners have continued during the period.

## Commercial

### Research & Development Claim

The Company lodged its Research & Development claim during the half-year in respect of its exploration activities that qualified as research and development.

Subsequent to the reporting period end the Company received \$1,591,000 in relation to the Company's Research & Development activities.

## Community

VHM is committed to seeking and maintaining a social licence to operate through all stages of the Goschen Project. A member of VHM's Executive team chairs the Cross-Border Industry Taskforce and was appointed to the Mallee Regional Partnership committee during the period.

Throughout the period, VHM has continued its presence within the community and continues to engage with landowners.

VHM also continued to support local sporting clubs and community assistance organisations through sponsorships and donations.

## Corporate

### Annual General Meeting

The Company's Annual General Meeting of shareholders was held on 1 November 2024. All resolutions put to the meeting were duly passed. A summary of the Poll results and the proxies received in respect of each resolution can be found in the ASX Announcement released on 1st November 2024, "Results of Annual General Meeting".

### Capital Raising

During the period the Company announced the completion of a Capital Raising via a Placement and a Share Purchase Plan (SPP) Offer, raising a combined total of \$3.43 million comprising of a:

- Placement of \$1.8 million via the issue of 4.3 million new fully paid ordinary shares at \$0.42 per new share; and
- SPP \$1.63 million via the issuing of 3,882,190 SPP Shares at \$0.42 per new share.

Proceeds from the Capital Raising were applied to funding ongoing work programs to further advance the development of the Goschen Project ahead of the anticipated Ministerial recommendation which occurred in December and Final Investment Decision (FID) expected mid-2025.

The results of the Placement and SPP, which was supported by major shareholders and institutional investors alike, demonstrated the strong support for the Company's plans for its flagship Goschen Project.

### **\$5 Million Institutional Investment**

During the period the Company announced that it had secured an institutional investment of up to \$5 million from US-based Bulk Commodity Holdings LLC (BCH) to fund general corporate and working capital requirements.

The investment is comprised of up to three tranches, with each investment being made by the Investor by way of a prepayment for ordinary shares in the Company (issued by the Company as Placement Shares):

- Tranche 1: raised \$1,500,000 for \$1,635,000 worth of Placement Shares and was drawn down during the period.
- Tranche 2: the second investment of \$1,500,000 for Placement Shares worth \$1,635,000 to take place within the next seven months, at the option of the Company and subject to the minimum price hurdle. This remains undrawn at the reporting date.
- Tranche 3: a final investment raising of up to \$2,000,000 for Placement Shares worth an equivalent amount may occur, only by mutual consent of the Investor and the Company. This remains undrawn at the reporting date.

VHM maintains the right to opt to repay the subscription amount of each of the investments, by way of a payment to BCH equal to the market value of the Shares instead of issuing Shares to BCH. If this right is not exercised, VHM will issue Placement Shares when requested by BCH within 36 months of the date of the related payment.

All shares issued under this agreement will be allocated within the company's LR 7.1 placement capacity.

### **Executive Changes**

In September, the Company appointed Mr Cameron Knox as Chief Finance Officer. Mr Knox has over 20 years' experience in senior finance positions for both listed and unlisted companies within the mining and resources sector, bringing to the Company a wealth of experience raising capital, financing projects, negotiating offtake agreements, and achieving governance and compliance objectives.

In December, with the Company expected to move through final approvals and into the development stage on its pathway toward production, Ben McCormick was appointed as Debt and Capital Advisor. Mr McCormick brings over 20 years' experience in the mining and resources sector, with extensive experience in debt and equity markets, treasury, insurance, M&A, business turnaround, project management and supply and logistics.

Mr Michael Sheridan completed his service to the Company as the dual Deputy Chief Executive Officer and Chief Finance Officer in July 2024, having joined the Company in 2021 and leading the Company through its Initial Public Offering.

The Goschen Project is a Tier 1 rare earth and minerals sands project, located in Victoria Australia, derisked significantly with the recent endorsement of its Environment Effects Statements, mining license and secondary approvals to follow, there is now a pathway to production Q4 2026.

## Ore Reserves and Mineral Resources as at 31 December 2024

### Company Ore Reserves

The Company's total Ore Reserves remain unchanged at 210.2 Mt (Proven and Probable) @ 3.8% THM (Table 2).

The Company Ore Reserves include the Goschen DFS Ore Reserve of 98.8Mt @ 4.0% THM, on which the 20 year life-of-mine Goschen Project footprint is based (Table 3).

## Industry Events

VHM participated in the TZMI Congress in Kuala Lumpur in November, considered to be one of the world's premier networking events for the global titanium and zircon industries. Over 300 attendees were present providing VHM the opportunity to network with leading industry experts as well as present the Goschen Project to attendees through its Securing Supply of Critical Minerals for The Global Energy Transition company presentation. VHM had the opportunity to meet with Shenghe Resources, its current offtake partner, along with a number of other potential offtake and strategic partners, with which discussions continue to progress.

The Company also attended Australia's largest business event, the International Mining and Resources Conference and Expo (IMARC) in Sydney in October.

## Environmental, Social and Corporate Governance

The Board of Directors is responsible for the corporate governance of the Group. VHM Limited, through its Board and executives, recognises the need to establish and maintain corporate governance policies and practices. These policies remain under constant review as the corporate governance environment and good practices evolve.

Due to the company's size, the Board also serves as the Audit Committee to ensure effective oversight and governance.

VHM considers itself a responsible company which recognises and respects the environment and the values and rights of others in the environment. The Company holds the opinion that industry can operate in harmony with minimal impact on the environment.

VHM recognises that environmental performance is a critical factor in its business performance and a measure of professionalism. The Company's approach to environmental stewardship is based upon:

- Understanding and managing the potential risks and impacts of our operations – from exploration, planning, research and project development, operation, rehabilitation and closure;
- avoiding environmental impacts where possible;
- mitigating unavoidable impacts;
- rehabilitating or restoring disturbed areas;
- offsetting to compensate for any impacts that cannot be otherwise avoided, minimised or rehabilitated;
- mitigating and minimising climate change impacts;
- striving for continuous improvement in all aspects of environmental performance against objectives and targets; and
- communicating openly with community and stakeholders about environmental issues.

## Matters subsequent to the end of the financial year

In January 2025, VHM received a tax refund of \$1,591,000 relating to the Company's Research and Development activities for the 2024 financial year.

As part of the institutional investment arrangement with BCH, VHM issued 689,655 shares to BCH in relation to tranche 1 in February 2025.

Since the end of the reporting period and to the date of this report, no other matters or circumstances have arisen which significantly affected, or may significantly affect, the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

## Significant Changes in the State of Affairs

There were no significant changes in the state of affairs of the consolidated entity during the financial half-year.

## Rounding of Amounts

The amounts contained in the financial report have been rounded to the nearest \$1,000 (unless otherwise stated) pursuant to the option available to the Company under ASIC Class Order 2016/191. The Company is an entity to which the class order applies.

## Compliance Statement

This report includes information that relates to Mineral Resources and Ore Reserves prepared and first disclosed under the JORC Code 2012 and a Definitive Feasibility Study. The information was extracted from the Company's previous ASX announcements as follows:

- VHM Prospectus: "Prospectus" 5 January 2023.
- Definitive Feasibility Study: "Goschen Project DFS Refresh" 28 March 2023.
- Mineral Resource Statement: "New Cannie Critical Mineral Project" 16 May 2023.
- "Outstanding Results for Area 4" 29 September 2023.
- "Quarterly Activities / Appendix 5B Cash Flow Report" 24 January 2024.
- "Approvals Progress and Increased Area 2 MRE" 9 April 2024.
- "Staged Expansion to Critical Minerals Production" 13 February 2025.

The Company confirms that it is not aware of any new information or data that materially affects the results of exploration, Mineral Resource and Ore Reserve Estimates referenced in the above-mentioned market announcements and that all material assumptions and technical parameters underpinning the Mineral Resource and Ore Reserve estimates continue to apply and have not materially changed.

## Forward Looking Statements

This report contains reference to certain intentions, expectations, future plans, strategy and prospects of the Company. Those intentions, expectations, future plans, strategy and prospects may or may not be achieved. They are based on certain assumptions, which may not be met or on which views may differ and may be affected by known and unknown risks. The performance and operations of the Company may be influenced by a number of factors, many of which are outside the control of the Company. No representation or warranty, express or implied, is made by the Company, or any of its directors, officers, employees, advisors or agents that any intentions, expectations or plans will be achieved either totally or partially or that any particular rate of return will be achieved. Given the risks and uncertainties that may cause the Company's actual future results, performance or achievements to be materially different from those expected, planned or intended, recipients should not place undue reliance on these intentions, expectations, future plans, strategy and prospects. The Company does not warrant or represent that the actual results, performance or achievements will be as expected, planned or intended.

<b>Cash and cash equivalents at the end of financial half-year</b>	<b>5</b>	<b>4,484</b>	<b>13,976</b>

The above Consolidated Statement of Cash Flows should be read in conjunction with the accompanying notes.

### Note 1: Material accounting policy information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 '*Interim Financial Reporting*' and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 '*Interim Financial Reporting*'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The principal accounting policies and methods of computation adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

#### Basis of preparation

The interim report has been prepared on a historical cost basis. Cost is based on the fair value of the consideration given in exchange for assets. The Group is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

The Group comprises VHM Limited and its wholly owned subsidiaries, GP Land Holdings Pty Ltd, GPB Land Holdings Pty Ltd, GPF Land Holdings Pty Ltd and GPBJ Holdings Pty Ltd.

#### Going Concern

The interim financial statements have been prepared on a going concern basis, which assumes the continuity of normal business and the realisation of assets and the settlement of liabilities in the normal course of business.

The Group recorded a loss of \$3,302,000 (31 December 2023: \$4,336,000) for the half-year. At balance date, the Group had net assets of \$58,381,000 (30 June 2024: \$58,381,000) which included cash and cash equivalents of \$4,484,000 (30 June 2024: \$6,249,000) and a working capital deficit of \$1,279,000 (30 June 2024: surplus of \$2,976,000).

Based on the cash and cash equivalents at balance date and, for the following reasons, management believe that the assumption of going concern is valid in the preparation of these financial statements:

- The directors have a track record of successfully raising equity capital for the expenditure required to progress the project;
- The Group has the capacity to reduce discretionary expenditure;
- There has been no withdrawal of support from creditors, the Group has had no problems paying creditors as and when they fall due and there has been no instance where credit has been declined by a supplier;
- Management does not intend to liquidate the Group; and
- The Group has been able to comply with all statutory, legal and regulatory requirements, is fully insured and has no pending legal or regulatory proceedings against it.

Management has prepared a cash flow forecast for a period exceeding 12 months from the approval date of these financial statements and believe the Group will be able to continue as a going concern and will be in a position to continue to meet its liabilities and obligations for a period of at least twelve months from the date of signing this report.

In reaching this conclusion, the directors consider that additional funds will need to be obtained via equity raisings or financing and are confident that the Group will be successful in obtaining the required funds. Should the Group be unable to raise adequate funds, there exists a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern and it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result should the Group be unable to continue as a going concern and meet its debts as and when they fall due.

**Note 1: Material accounting policy information** (continued)**Significant accounting judgments and key estimates**

The preparation of interim financial reports requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim report, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Group financial report for the year ended 30 June 2024.

**New or amended Accounting Standards and Interpretations adopted**

The Consolidated Entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

It has been determined by the Directors that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business in issue, and those not early adopted, and, therefore, no change is necessary to the Group's accounting policies.

Investment agreement with Bulk Commodity Holdings LLC (BCH) executed 7 October 2024, under which VHM Limited will receive up to \$5 million in three tranches. The value of the liability at the first closing is \$1.5 million with \$0.3 million (being the loss on total value to repay) recognised as an expense at inception. Investment fee shares are included as part of the first closing amount as a compound financial instrument.

#### Key terms

<b>Total investment amount</b>	Up to \$5,000,000.
<b>First Closing</b>	\$1,500,000 cash advanced on 15 October 2024, which entitles the Investor to a subscription amount of \$1,635,000.
<b>Investment fee shares</b>	333,333 shares (valued at \$140,000) issued in consideration of the Investor entering into the First closing.
<b>Initial placement shares</b>	Investor is entitled to 480,000 shares which if the Investor has not elected to be absorbed by settlement of the first, second or subsequent closings, the Investor will be required to purchase at 90% of selected 5-Day VWAP within 20 days of the final date of the agreement.
<b>Floor price</b>	If VHM share price falls below \$0.42, if the Investor elects to convert to shares, VHM can offer cash settlement at the VWAP, but cannot force settlement. The Investor can still elect for settlement in shares – shares will be issued at 90% VWAP.
<b>Second closing</b>	This is the pre-approval by the Investor for VHM to require the Investor to invest up to another \$1,500,000. The Second Prepayment amount will entitle the Investor 109% (\$1,635,000) of the prepayment amount as the second subscription amount, with conversion features consistent with First Closing. VHM has the Investor's commitment for the second closing, which is fully at VHM's discretion to draw upon.
<b>Subsequent closing</b>	By mutual agreement of the Investor and VHM, the Investor may advance additional amounts.

### Note 16: Share Based Payments

#### Incentive Option Plan

The Group adopted an Incentive Option Plan ("IOP") in 2019 as a way to provide incentives, assist with recruitment, reward and retain employees and provide opportunities for employees (both present and future) to participate directly in the equity of the Group. The plan was superseded when the Group adopted a new plan as set out in the prospectus. There have been no options issued under the new incentive option plan.

#### Other share based payments

The Group makes share based payments to Directors, consultants and/or service providers from time to time, not under any specific plan.

Share based payment expenses are recognised in the Consolidated Statement of Profit or Loss and other Comprehensive Income and, where appropriate, capitalised under exploration expenditure in the Consolidated Statement of Financial Position.

The share based payment expense for the reporting period is \$25,162 (31 December 2023: \$314,303) and relates to options over unissued shares. The expense has been recorded as follows:

	Half-year 2024 \$	Half-year 2023 \$

#### Note 18: Segment Reporting

The Group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors in assessing performance and determining the allocation of resources. Reportable segments disclosed are based on aggregating operating segments, where the segments have similar characteristics.

The reportable segment is represented by the primary statements forming these financial statements.

#### Note 19: Fair Value Measurement

The Directors consider that the carrying amount of financial assets and financial liabilities, as recorded in the financial statements, represent or approximate their respective fair values. The Group's financial assets and liabilities are measured at amortised cost. Therefore, the disclosures required by AASB13: *Fair Value Measurement*, of the fair value measurement hierarchy have not been made.

#### Note 20: Commitments and Contingent Liabilities

There have been no significant changes to the commitments and contingent liabilities with what was disclosed in the most recent financial report.

#### Note 21: Events Subsequent to Balance Date

In January 2025, VHM received a tax refund of \$1,591,000 relating to the Company's Research and Development activities for the 2024 financial year.

As part of the institutional investment arrangement with BCH, VHM issued 689,655 shares to BCH in relation to tranche 1 in February 2025.

Since the end of the reporting period and to the date of this report, no other matters or circumstances have arisen which significantly affected, or may significantly affect, the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

# Directors' Declaration

In the Directors' opinion:

- the attached financial statements and notes comply with the *Corporations Act 2001*, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the *Corporations Act 2001*.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of VHM Limited

### Report on the Half-Year Financial Report

#### *Conclusion*

We have reviewed the half-year financial report of VHM Limited ("the Company") and its controlled entities ("the Group"), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes, and the directors' declaration, for the Group comprising the Company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of VHM Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibility is further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### *Material Uncertainty Related to Going Concern*

We draw attention to Note 1 in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

#### *Responsibility of the Directors for the Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility for the Review of the Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### *Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
