REVIEW OF OPERATIONS

Group Overview

The Group is an ASX-listed exploration and development company focussing on acquiring and exploring high-quality projects within the state of Western Australia. The Company's strategy is to discover major deposits on these projects either by itself or in joint venture with major mining companies.

Highlights & Significant Changes in State of Affairs

The highlights and significant changes in state of affairs during and subsequent to the end of the period include:

Project Highlights:

MANGAROON

Au (100%)

- Mangaroon is host to high-grade gold mineralisation at the Bangemall/Cobra and Star of Mangaroon gold mining centres which have seen minimal modern exploration.
- An initial scoping study on a conceptual open pit at Star of Mangaroon supports the commercialisation of these high-grade gold targets with ~\$40m in free cashflow @ \$4,100oz with a maximum cash drawdown of ~\$10m.
- The Company plans to become a self-funded explorer and by adopting a model whereby funding, development, haulage and processing are outsourced to third parties to generate cashflow to support life changing discoveries.
- The Company identified a ~15km x 10km zone with strong gold-in-stream sediments and pathfinder (Ag-As-Bi-Mo-Sb-Te-W) anomalism and has acquired a strategic land holding to further consolidate this region.
- The Company has also confirmed visual sulphides at Tiger and down hole geophysics has identified potential massive sulphides in off-hole conductors.

Nb-REE (100%)

- Mangaroon REE is a globally significant critical minerals complex with a combined Resource at Yin and the Gifford Creek Carbonatite of 40.82Mt @ 1.03% TREO. The Yin Resource of 29.98Mt @ 1.05 TREO is 87% Measured and Indicated.
- The Nb-REE Gifford Creek Carbonatite continues to produce some of WA's best niobium intercepts outside the Arunta Province with ongoing mineralogy work confirming pyrochlore (a key niobium-bearing mineral) at Stinger, with conceptual studies underway.
- Beyond niobium and rare earths already identified within GCC, we will also assess the potential of significant titanium, scandium, zirconium, and phosphate mineralisation.
- Mangaroon has the potential to evolve as multi-commodity critical metals hub, within proximity to existing infrastructure.

Ni-Cu-PGE (100%)

- Mangaroon hosts the fertile Ni-Cu-Co-PGE along the >45km long Money Intrusion.
- An IP survey has confirmed the geophysical signatures of a significant new mineralised system.
- We are continuing with partnership discussions as well as a project review to highlight the highest priority work programs.

DIRECTORS' REPORT

TARRAJI-YAMPI

Cu-Ag-Au-Co (80%/100%)

- Tarraji-Yampi is located entirely within the Yampi Sound Training Area, a Commonwealth Defence Reserve in the West Kimberley, ~80kms from the port of Derby.
- This project has outcropping Cu-Au mineralisation and four strong off-hole conductors were identified during recent drilling with the two Orion offset targets, and off-hole conductors (OR1 and OR2) being priority targets for follow up drilling.
- A strategic review is currently underway.

CENTRAL YILGARN

Gold, Base Metals, Critical Minerals, and Iron Ore Project (100%)

- Central Yilgarn with significant gold, copper, nickel, lithium and iron ore potential.
- The Company completed the divestment of Evanston and Yerilgee Projects at Central Yilgarn to CTN for cash and shares, whilst retaining leverage to the project via shareholding in CTN, a milestone payment and a royalty. Completion occurred on 28 January 2025.
- Discussions are ongoing in respect of the remaining project areas.

BRESNAHAN

REE-HREE-Au-Sb-Pb (100%) Project (100%)

- Bresnahan is a conceptual unconformity heavy rare earth element ("HREE") project containing >3,700kms² of prospective ground.
- The Company has partnered with Teck Resources to unlock the potential of on a key tenement in this project.
- Discussions are ongoing in respect of the remaining project areas.

TO THE MEMBERS OF DREADNOUGHT RESOURCES LIMITED

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Dreadnought Resources Limited (the company) and controlled entities (consolidated entity) which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, and notes to the financial statements, including material policy information and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at 31 December 2024, or during the half year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Dreadnought Resources Limited is not in accordance with the Corporations Act 2001 including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report.

Independence

We are independent of the company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

PKF Perth is a member of PKF Global, the network of member firms of PKF International Limited, each of which is a separately owned legal entity and does not accept any responsibility or liability for the actions or inactions of any individual member or correspondent firm(s). Liability limited by a scheme approved under Professional Standards Legislation.

Directors' Responsibility for the Interim Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the Corporations Act 2001 and for such internal controls as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and its performance for the half year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporation Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
