The names of Directors who held office during or since the end of the interim period and until the date of this report are noted below. Directors were in office for the entire period unless otherwise stated.

PRINCIPAL ACTIVITIES

The principal activities of the Group during the course of the financial period were exploration for gold, copper and base metal deposits within Australia.

REVIEW OF OPERATIONS

Carawine Resources Limited ("**Carawine**" or "**the Company**") is a mineral exploration company focussed on creating value for its shareholders through the exploration, discovery and development of mineral deposits. Based in Perth, Western Australia the Group is led by an experienced and successful team with a proven track record of discovery, value creation and corporate transactions.

The Company has five gold, copper and base metal exploration projects, targeting high value deposits in highly prospective, active mineral provinces in Western Australia and Victoria (Figure 1). Part of Carawine's assets located in Western Australia are held by its wholly owned subsidiary, Phantom Resources Pty Ltd.

Figure 1: Location of Carawine's Projects throughout Australia.

In the 6 months to 31 December 2024 the Company's exploration activities were focussed on the Paterson Copper-Gold Project, while its farm-in and joint venture partners completed drilling and ground geophysical survey programs at the Paterson, Fraser Range and Oakover Projects.

At the Company's 100%-owned Paterson Copper-Gold Project tenements, a 312-hole shallow RC drilling program was completed on the Cable tenement, returning several significant copper and gold assay intervals from both the Warroo North and Warroo NE prospects, and identifying new areas of copper and zinc anomalism¹ (Figure 2). Significant intervals at both prospect areas are considered worthy of follow up, with deeper drilling beneath and adjacent to these planned. Areas of anomalous zinc and copper, in particular those located above or adjacent to "TargetEM" conductive anomalies, are also likely to be targeted with further drilling.

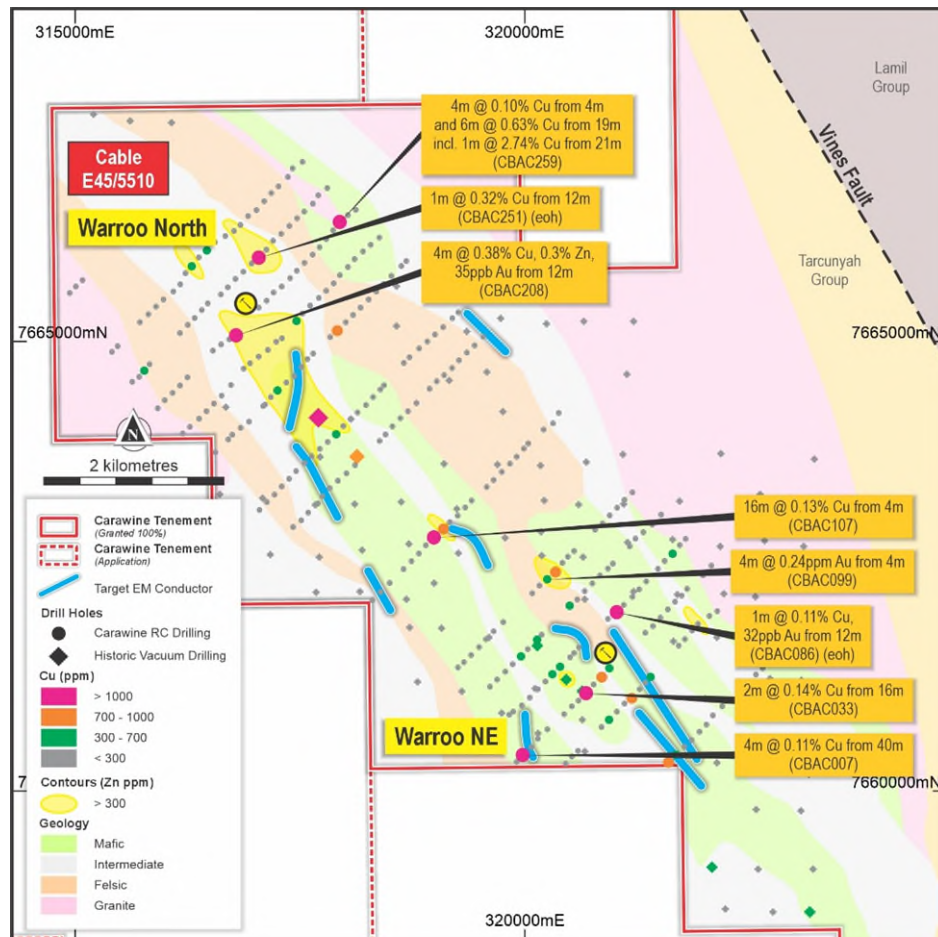

Figure 2: Cable tenement drilling program maximum copper in drill holes, anomalous (>300ppm) zinc contours and TargetEM conductive anomalies on interpreted drill hole geology, Paterson Project.

Target generation, prospectivity assessments and exploration program planning continued across the Company's Projects during the period, with several gold and copper drill hole anomalies and geophysical targets generated on the Baton tenements in the Paterson Project to add to those already identified at the Red Dog and Magnus tenements². Planning and design of drilling programs was also advanced for the Aries gold target in the Fraser Range³, and for the Hercules deposit, Big Freeze and Area 1 prospects, and target generation along the Hercules trend, at the Tropicana North Gold Project^{4,5,6,7}.

As a result of prospectivity assessments completed subsequent to the review period, a number of exploration licences and exploration licence applications in the Fraser Range Project, and one tenement in the Tropicana North Project, were surrendered or withdrawn during February, 2025.

Exploration activities completed by the Company's joint venture partners during the period included reverse circulation ("RC") drilling by the Coolbro JV in the Paterson, and ground geophysical surveys by the Carawine JV in the Oakover and by the Fraser Range JV in the Fraser Range, plus other target generation activities across these projects⁸.

CORPORATE ACTIVITIES

On 21 March 2024, a compulsory acquisition notice was lodged by Carawine's major shareholder QGold Pty Ltd (ACN 149 659 950) ("QGold") to compulsorily acquire all of the remaining ordinary shares in the Company which QGold does not otherwise own, in accordance with Part 6A.2 of the Corporations Act 2001 (Cth) ("Notice"). As detailed in the Notice, ordinary shareholders had the right to object to the acquisition of their securities during the objection period.

Following the conclusion of the objection period on 28 April 2024, QGold advised the ASX and the Company that it had received objections from shareholders that hold at least 10% of the shares covered by the Notice, and that it had applied to the Federal Court of Australia ("Court") for approval of its compulsory acquisition in respect of ordinary shares in Carawine under section 664F of the Corporations Act 2001 (Cth) (refer ASX announcements dated 30 April 2024).

The Court proceedings have been assigned matter number QUD260/2024, with hearings being held at the Harry Gibbs Commonwealth Law Courts Building in Brisbane (refer ASX announcement 22 May 2024). Carawine is not a party to the proceedings.

The Company notes that on 20 February 2025 the Court ordered, amongst other orders, that the matter be listed for a final hearing commencing at 9:30 am on 6 May 2025 with an estimate of three days.

Copies of the Notice and further information on the compulsory acquisition are available on the Company's ASX Market Announcements Platform www.asx.com.au/markets/trade-our-cash-market/announcements.cwx and the Company's website www.carawine.com.au/site/investor-centre/ASX-Announcements1.

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

These interim condensed financial statements are general purpose financial statements prepared in accordance with the requirements of the Corporations Act 2001, applicable accounting standards including AASB 134 Interim Financial Reporting, Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board ('AASB'). Compliance with AASB 134 ensures compliance with IAS 34 Interim Financial Reporting.

This condensed consolidated interim report does not include full disclosures of the type normally included in an annual financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Group as in the full financial report.

It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 30 June 2024 and any public announcements made by the Group during the half year in accordance with continuous disclosure requirements arising under the Corporations Act 2001 and the ASX Listing Rules.

The interim report has been prepared on a historical cost basis. Cost is based on the fair value of the consideration given in exchange for assets. The Group is a for-profit entity domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

For the purpose of preparing the interim report, the half-year has been treated as a discrete reporting period.

(b) Statement of Compliance

The interim financial statements were authorised for issue on 11 March 2025.

The interim financial statements comply with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that the financial report, comprising the interim financial statements and notes thereto, complies with International Financial Reporting Standards (IFRS).

(c) Accounting policies and methods of computation

The Group's accounting policies and methods of computation adopted are consistent with those of the previous financial year and corresponding half-year except for the impact (if any) of the new and revised standards effective 1 July 2024 outlined in Note 1(d) below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

(d) Adoption of new and revised standards

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. There was no material effect on the Group.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been adopted early. They will not have any material effect on the Group.

(e) Significant accounting judgements and key estimates

The preparation of interim financial reports requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim report, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial report for the year ended 30 June 2024.

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(f) Going concern

The financial report has been prepared on the basis that the Group is a going concern, which contemplates the continuity of normal business activity, the realisation of assets and the settlement of liabilities in the normal course of business.

For the half year ended 31 December 2024 the Group recorded a net loss of \$1,342,534 and at 31 December 2024 had a net asset position of \$23,444,651. The Group recorded net cash outflows of \$450,619 from operating activities and \$1,713,336 from investing activities. The Group has cash and cash equivalents of \$1,507,790 at 31 December 2024 but is forecasting a net cash outflow of \$6,451,996 for the next 15 months. Therefore, the ability of the Group to continue as a going concern is principally dependent upon the ability of the Group to continue to secure funds by raising capital from equity markets and managing cash flows in line with available funds. Should the Group be unsuccessful in securing additional funds, there is a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern.

The Directors believe it is appropriate to prepare the financial report on a going concern basis because:

- the Group has a cash balance of \$1,507,790 as at 31 December 2024, which is considered sufficient to meet its liabilities as and when they become due;
- the Group has the option, if necessary, to defer certain expenditure or abandon certain projects and reduce costs in order to minimise its funding requirements.; and
- the Group has the ability to raise further funds through capital raising as it has successfully demonstrated in the past.

Should the Group be unable to achieve any of these measures there exists a material uncertainty which may cast significant doubt as to whether the Group will be able to continue as a going concern. If this occurs it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at the amounts stated in the financial report. The financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should the Group not continue as a going concern.

NOTE 2: DEFERRED EXPLORATION AND EVALUATION EXPENDITURE

To the Members of Carawine Resources Limited

Report on the Condensed Interim Financial Report

Conclusion

We have reviewed the interim financial report of Carawine Resources Limited (the "Company") and its controlled entities (the "Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2024, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes, and the directors' declaration, for the Group comprising the Company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying interim financial report of Carawine Resources Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibility is further described in the *Auditor's Responsibility for the Review of the Interim Financial Report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material Uncertainty Related to Going Concern

We draw attention to Note 1(f) in the interim financial report, which indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Auditor's Responsibility for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
