# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2024

## 1. CORPORATE INFORMATION

This financial report includes the consolidated financial statements and notes of Magnetite Mines Limited and its controlled entities ("consolidated entity or group").

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Preparation

These general purpose interim financial statements for the half-year reporting period ended 31 December 2024 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Magnetite Mines Limited and its controlled entities (referred to as the "Consolidated Group" or "Group"). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2024, together with any public announcements made during the following half-year.

These interim financial statements were approved and authorized for issue by the board on 12 March 2025.

### a) Accounting Policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

### b) New and amended Accounting Standards and Interpretations adopted by the Group

The Group has considered the implications of new and amended Accounting Standards but determined that their application to the financial statements is either not relevant or not material.

### c) Mineral exploration and evaluation

The application of the Group's accounting policy for exploration and evaluation expenditure requires judgment in determining whether it is likely that future economic benefits are likely either from future exploitation or sale or where activities have not reached a stage which permits a reasonable assessment of the existence of reserves. The determination of a Joint Ore Reserves Committee (JORC) resource is itself an estimation process that requires varying degrees of uncertainty depending on sub-classification and these estimates directly impact the point of deferral of exploration and evaluation expenditure. The deferral policy requires management to make certain estimates and assumptions about future events or circumstances, in particular whether an economically viable extraction operation can be established. Estimates and assumptions made may change if new information becomes available. If, after expenditure is capitalised, information becomes available suggesting that the recovery of expenditure is unlikely, the amount capitalised is written off in the statement of profit and loss in the period when the new information becomes available.

Exploration and evaluation costs are accumulated in respect of each separate area of interest. Exploration and evaluation costs are carried forward where right of tenure of the area of interest is current and they are expected to be recouped through sale or successful development and exploitation of the area of interest or, where exploration and valuation activities in the area of interest have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves. When an area of interest is abandoned or the directors decide that it is not commercial, any accumulated costs in respect of that area are written off in the financial period the decision was made. Each area of interest is also reviewed at the end of each accounting period and accumulated costs written off to the extent that they may not be recoverable in the future. Amortisation is not charged on costs carried forward in respect of areas of interest in the development phase until production commences.

### d) Going concern

The half-year financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and liabilities in the normal course of business.

The Group recorded a loss of \$2,194,163 (2023: loss of \$2,759,290) and had operating and investing cash outflows of \$3,194,845 (2023: \$4,503,238) for the half year ended 31 December 2024. As at 31 December 2024, the Group had cash assets of \$1,029,206 (30 June 2024: \$1,212,955). The net working capital deficit at 31 December 2024 was \$194,654 (30 June 2024: Net working capital surplus \$31,281) and minimum exploration commitments due within one year of \$96,089 (2023: \$3,468,262).

The Directors, in their consideration of the appropriateness of the going concern basis for the preparation of the financial statements, have prepared a cash flow forecast through to March 2026. The cash flow forecast includes the anticipated cash injection from C/M Capital. As announced on 13 January 2025, the Company secured up to \$7.0 million funding in the form of unsecured Convertible Notes, from two investment funds managed by US-based C/M Capital Partners, LP (C/M Capital). C/M Capital have provided \$1.2 million of funding to the Company by way of Convertible Notes with a face value of \$1.296 million. \$1.2 million was received in cash on 24 January 2025 as disclosed in Note 18.

## DIRECTORS' REPORT

### Going concern *continued*

C/M Capital provided a further \$1.3 million of funding to the Company by way of Convertible Notes with a face value of \$1.404 million. In accordance with the ASX Listing Rules, the provision of these funds was subject to MGT shareholder approval, as they exceeded the Company's existing ASX LR7.1 placement capacity limit. Shareholder approval was received at the EGM held on 5 March 2025, and the funds were received on 7 March 2025 as disclosed in Note 18. As at 11 March 2025, the Group had cash assets of \$2.407 million. The cash flow forecast indicates the current cash balance is insufficient to meet its ongoing planned expenditure for the next 12 months from the date of this report without one or more of the following funding activities occurring:

Within the next 6 months from the date of this half year financial report i) C/M Capital to provide further funding to the Company by way of Convertible Notes (amount to be determined with up to \$4.5 million remaining available subject to placement capacity), ii) entering into an agreement with one or more strategic partners to fund ongoing planned expenditure on the Razorback project, iii) further reduction in corporate overheads beyond recently announced Board changes, and/or iv) responsible phasing of key project expenditure; and

Within the next 12 months from the date of this half year financial report i) C/M Capital to provide the remaining available funding amounts to the Company by way of Convertible Notes (up to the balance of \$4.5 million not previously drawn, subject to placement capacity), ii) raising additional equity subject to prevailing market conditions, iii) entering into an agreement with one or more strategic partners to fund ongoing planned expenditure on the Razorback project, iv) receipting refunds from research and development incentives, and/or v) undertaking a Razorback project sell-down.

Notwithstanding the cash shortfall as per the cash flow forecast, a material uncertainty would exist which may cast significant doubt on the Group's ability to continue as a going concern for the next 12 months, the Directors at the date of signing this report are confident, based on past performance and the market conditions in relation to the recognised global demand for green iron, supported by the state and federal governments policy focus on this opportunity, that they will be successful in their ability to fund the project and continue as a going concern.

Should the Group be unable to continue as a going concern it may be required to realise its assets and discharge its liabilities other than in the normal course of business and at amounts different from those stated in the financial statements. The financial statements do not include adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of recorded liabilities that might be necessary should the consolidated entity not continue as a going concern.

### 6. SEGMENT INFORMATION

The consolidated entity has applied AASB 8 Operating Segments. AASB 8 requires the entity to identify operating segments and disclose segment information on the basis of internal reports that are provided to, and reviewed by, the chief operating decision maker of the consolidated entity to allocate resources and assess performance. In the case of the consolidated entity, the chief operating decision maker is the Board of Directors. Operating segments represent the basis on which the Group reports its segment information to the Board.

Magnetite Mines Limited operates within the exploration industry in Australia and is viewed as a single segment by management. Therefore, no separate segment report is considered necessary.

### 7. CASH AND CASH EQUIVALENTS

For the purposes of the half year Consolidated Statement of Cash Flows, cash and cash equivalents comprise the following:

|                          | Consolidated           |                    |
|--------------------------|------------------------|--------------------|
|                          | 31 December 2024<br>\$ | 30 June 2024<br>\$ |
| Cash at bank and in hand | 24,346                 | 607,086            |
| Short-term deposits      | 1,004,860              | 605,869            |
|                          | 1,029,206              | 1,212,955          |

Cash and cash equivalents comprise cash balances and short-term deposits that are readily convertible to cash, are subject to an insignificant risk of changes in value, and generally have an original maturity of three months or less. The carrying amount of cash and cash equivalents represent fair value. Bank balances and short-term deposits earn interest at floating rates based upon market rates.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2024

### 13. INTEREST IN JOINT VENTURES

The Group has not entered into any joint venture agreements with third parties.

### 14. COMMITMENTS

There are no material outstanding commitments or contingencies which are not disclosed in the interim financial statements of the Company as at 31 December 2024 other than:

#### a) Mineral tenement expenditure commitments – Australia

The Group has an annual expenditure obligation of approximately \$96,089 and expenditure obligations after one year but not more than five years of \$1,700,000 with respect to the exploration licenses in South Australia.

In order to maintain current rights of tenure to exploration tenements, the Group is required to perform minimum exploration work to meet the minimum expenditure requirements specified by the South Australian State Government. These obligations are subject to renegotiation when application for a mining lease is made and at other times. These obligations are not provided for in the financial report.

If the Group decides to relinquish certain tenements and / or does not meet these obligations, assets recognised in the Consolidated Statement of Financial Position may require review to determine the appropriateness of the carrying values. The sole transfer or farm out of exploration rights to third parties will reduce or extinguish these obligations.

#### b) Bonds

As at 31 December 2024, the Group has outstanding \$100,000 (30 June 2024: \$112,588) as bonds provided by the Company's bank for mineral tenements in Australia.

#### c) Bank guarantee

As at 31 December 2024, the Group has outstanding \$95,726 (30 June 2024: \$186,665) as bank guarantee provided by the Group's bankers. The Company's remaining available bank guarantee limit of \$192,764 is not utilised by the Company.

#### d) Directors and employee commitments

The Group has entered into contracts with its directors and employees whereby minimum notice periods have been provided by the Group. This totals \$496,919 (30 June 2024: \$530,292).

### 15. CONTINGENCIES

#### Contingent asset

As at 31 December 2024, the Group does not have any contingent asset (31 December 2023: \$Nil).

#### Contingent liabilities

As at 31 December 2024, the Group has the following contingent liabilities:

#### Agreement with Mintech Resources Pty Ltd

Pursuant to a Variation Deed dated 11 August 2015, the Company finalised the acquisition of a 100% interest in EL 6353 covering the Razorback Ridge area. On 4 September 2019, the Company entered into a Heads of Agreement with the liquidators of Mintech Resources Pty Ltd. The terms of the agreement are as follows:

- 1) Resource payments to Mintech calculated at \$0.01 per DTR tonne of measured resources (resource payment = tonne of measured resource x \$0.01 x [(Average DTR% of Resource tonnes)/100]). DTR means potentially recoverable tonnes of magnetite as determined by the Davis Tube Recovery technique;
- 2) A Production Payment of \$3,000,000 to Mintech within 20 Business Days of the Company receiving payment of at least 95% of the purchase price for the first commercial shipment of Product from the tenement; and
- 3) A 1% Royalty on the Value of the Product produced from the tenement measured at the "mine gate".

No amounts have been recognised in the statement of financial position in respect of this as it is not considered probable that payment will occur, and crystallisation of any payment with respect to the production payment or royalty value are dependent on the Company's future actions.

Mintech was placed in voluntary administration on 9 October 2017 and subsequently placed in the hands of liquidators on 19 April 2019.

### 18. SUBSEQUENT EVENTS

Since the end of the half year, the Directors are not aware of any matter or circumstance not otherwise dealt with in the Directors' Report or the Financial Statements that has significantly or may significantly affect the state of affairs or operations of the reporting entity in the future financial periods.

#### ***Magnetite Mines secures up to \$7M funding***

As announced on 13 January 2025, the Company secured up to \$7.0 million funding in the form of unsecured Convertible Notes, from two investment funds managed by US-based C/M Capital Partners, LP (C/M Capital). C/M Capital have provided \$1.2 million of funding to the Company by way of Convertible Notes with a face value of \$1.296 million. The \$1.2 million was received in cash on 24 January 2025.

C/M Capital provided a further \$1.3 million of funding to the Company by way of Convertible Notes with a face value of \$1.404 million. In accordance with the ASX Listing Rules, the provision of these funds was subject to MGT shareholder approval, as they exceeded the Company's existing ASX LR7.1 placement capacity limit. Shareholder approval was received at the EGM held on 5 March 2025, and the funds were received on 7 March 2025.

If required by the Company, and subject to agreement by C/M Capital and the Company's compliance with all necessary approvals, C/M Capital will provide up to a further \$4.5 million by way of Convertible Notes (with a face value of 108% of the relevant investment amount) from the \$7.0 million facility, in tranches to be mutually agreed between C/M Capital and the Company.

#### ***Resignation of Chief Financial Officer and co-Company Secretary***

As announced on 7 February 2025, Mr Simon Smith resigned as Chief Financial Officer and co-Company Secretary effective 7 March 2025.

## DIRECTORS' DECLARATION

In the opinion of the Directors of Magnetite Mines Limited ("The Company"):

- (1) the financial statements and notes, as set out in pages 4 to 16 are in accordance with the Corporations Act 2001, including:
  - a) complying with Accounting Standards AASB 134: "Interim Financial Reporting" and the Corporations Regulations 2001; and

## Independent auditor's review report to the members of Magnetite Mines Limited

### Conclusion

We have reviewed the accompanying half-year financial report of Magnetite Mines Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit and loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 31 December 2024 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

### Material uncertainty related to going concern

We draw attention to Note 2(d) of the half-year financial report, which describes the principal conditions that raise doubt about the Group's ability to continue as a going concern. These events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect to this matter.

### Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001*.

## INDEPENDENT AUDITOR'S REVIEW REPORT

**Shape the future  
with confidence**

including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
