# DIRECTORS' REPORT FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

The Directors of Codrus Minerals Limited submit herewith the consolidated financial statements of the Company and its controlled entity ("Group" or "Consolidated Entity") for the half-year ended 31 December 2024.

# 1. DIRECTORS

The following persons were Directors of Codrus Minerals Limited during the half-year and up to the date of this report, unless otherwise stated:

Mr Greg Bandy (Appointed 22 July 2024) Mr Shannan Bamforth (Resigned on 31 July 2024) Mr Keith Coughlan (Appointed 22 July 2024) Mr Jamie Byrde

#### 2. PRINCIPAL ACTIVITIES

The principal activities of the Group is mineral exploration. No significant change in the nature of these activities occurred during the half-year.

#### 3. REVIEW OF OPERATIONS

During the half-year the Group has undertaken the following activities:

- Multiple exciting exploration targets have been identified at the Jasper Wedge Uranium Project, situated within the highly prolific, world-class Athabasca Basin, Saskatchewan, Canada;
- A close-spaced, UAV Magnetics survey was completed at the Jasper Wedge Uranium Project, Athabasca Basin, Canada. The survey focused on the northeastern part of the Mineral Claim, positioned geographically closer to the former Rabbit Lake uranium mine and considered historically to be a higher priority target area;
- A review of historical data at Nanuk Uranium Project has been completed, with 5 exploration target areas
  identified throughout the project area. Work is currently underway to investigate a potential follow-up
  exploration program;
- At the Karloning Project, due to extreme weather events and limited access during the harvest season, on-ground activities are on hold. Meanwhile, the exploration team continues to review existing data to plan future drilling activities.
- At the Red Gate Gold Project, the Company has engaged a resource consultant to begin a resource estimate aiming to capitalise on the current gold market.
- Extensive rock and soil sampling program completed at Middle Creek Project highlighting gold and silver targets and confirming the prospectivity of six gold geochemical targets that have never been drill tested.
- Permitting for the Bull Run Copper-Gold Project in Oregon has been completed with the U.S. Forest Service, and minor supplementary approvals are being processed by the Department of Geology and Mineral Industries; and
- The Company continues to review and conduct due diligence on resource assets that align with its development and exploration strategy.

#### 4. FINANCIAL RESULTS

The Group's net operational loss after tax for the half-year ended 31 December 2024 was \$758,757 (2023: \$1,064,592). The loss for the period includes \$472,849 (2023: \$621,147) in exploration and evaluation expenditure, no share-based payment expenses were recognised during the half-year (2023: \$61,414).

### 1. Basis of preparation of the half-year report

This interim financial report for the half-year reporting period ended 31 December 2024 has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001.

This interim financial report does not include all the notes of the type normally included in an annual financial report. This report is to be read in conjunction with the annual report for the period ended 30 June 2024 and any public announcements made by Codrus Minerals Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for certain assets carried at fair value and right of use assets recognised in accordance with AASB 16. The interim report has been prepared on a historical cost basis except for those certain assets carried at fair. Cost is based on the fair value of the consideration given in exchange for assets. The company is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

# Summary of significant accounting policies

These policies have been consistently applied to the financial year presented, unless otherwise stated. The financial statements cover Codrus Minerals Limited as a Group consisting of Codrus Minerals Limited and its subsidiaries ('Group' or 'Consolidated Entity').

### New accounting standards and interpretations adopted by the Group

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements. The Group has considered the implications of new and amended Accounting Standards, but determined that their application to the financial statements is either not relevant or not material.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

# Going concern

The financial statements have been prepared on a going concern basis of accounting which assumes that the Group will be able to meet its commitments, realise its assets, discharge its liabilities in the ordinary course of business and meet exploration budgets. In arriving at this position, the Directors recognise the Group is dependent on various funding alternatives to meet these commitments which may include share placements and suitable project funding arrangements including earn-ins, joint ventures or project divestment.

The loss for the half year ended 31 December 2024 from continuing operations was \$758,757 (31 December 2023: \$1,064,592) with \$1,291,669 (30 June 2024: \$2,039,276) of cash and cash equivalents, net assets of \$1,224,911 (30 June 2024: \$1,983,668) and a net decrease in cash and cash equivalents \$747,607 (30 June 2024: decrease of \$311,195).

### 1. Basis of preparation of the half-year report (continued)

#### **Going concern (continued)**

The Directors believe that at the date of signing the financial statements there are reasonable grounds to believe that, having regard to matters set out above, the going concern basis is correct because:

- The directors have appropriate plans to raise additional funds as required and that with the Group's current exploration projects, the directors believe that the additional capital can be raised in the market;
- The directors have an appropriate plan to contain certain operating and exploration expenditure if required funding is not available.

In the event that the Group does not achieve the matters set out above there is material uncertainty whether the Group will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at amounts stated in the financial statements.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts nor the amounts and classifications of liabilities that might be necessary should the Group not continue as a going concern.

#### 2. Critical accounting estimates and judgements

Estimates and assumptions are continually evaluated and are based management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

During the half-year ended 31 December 2024, the Group has not identified any additional areas where significant judgments, estimates and assumptions were required apart from those disclosed in the annual report for the year ended 30 June 2024.

#### **Segment Information** 3.

Management has determined the operating segments based on the reports reviewed by the chief operating decision maker that are used to make strategic decisions. For the purposes of segment reporting the chief operating decision maker has been determined as the board of directors. The board monitors the entity primarily from a geographical perspective, and has identified three operating segments, being exploration for mineral reserves within Australia, North America and the corporate/head office function.

The segment information provided to the board of directors for the reportable segments for the half-year ended 31 December 2024 is as follows:

# 18. Commitments & Contingencies

No material changes to any commitments or contingencies since the last annual reporting date.

# 19. Events Occurring Subsequent to Reporting Date

There were no other matter or circumstance that have arisen since 31 December 2024 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

### In the Directors' opinion

- (a) the financial statements and notes set out on pages 6 to 19 are in accordance with the *Corporations Act 2001*, including:
  - (i) complying with Accounting Standard AASB 134 Interim Financial Reporting, the Corporations Act 2001 and other mandatory professional reporting requirements; and
  - (ii) giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance for the half-year ended 31 December 2024; and
  - except for matters discussed in Note 1, there are reasonable grounds to believe that Codrus Minerals Limited will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

#### INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF CODRUS MINERALS LIMITED

#### Report on the Interim Financial Report

#### Conclusion

We have reviewed the interim financial report of Codrus Minerals Limited (the "Company") and its controlled entities (together, the "Group"), which comprises the statement of financial position as at 31 December 2024, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, condensed notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Codrus Minerals Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of Codrus Minerals Limited's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* has been given to the directors of the Company on 12 March 2025.

#### Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the interim financial statements, which indicates that the ability of the Group to continue as a going concern is dependent on securing additional funding to support its exploration activities. For the half-year ended 31 December 2024 the Group incurred a loss after income tax of \$758,757, had net cash outflows from its operating activities of \$760,607, and had \$1,291,669 of cash and cash equivalents as at 31 December 2024. These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty that may cast significant doubt on the company's ability to continue as a going concern.

Our conclusion is not modified in respect of this matter.

### Responsibility of the Directors for the Financial Report

The directors of Codrus Minerals Limited are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
