Condensed notes to the financial statements

Note 1: Corporate information

The financial report of GWR Group Limited and its subsidiaries ('the consolidated entity' or 'the Group') for the half-year ended 31 December 2024 was authorised for issue in accordance with a resolution of the directors on 12 March 2025.

GWR Group Limited is a company limited by shares, incorporated in Australia, whose shares are publicly traded on the Australian Securities Exchange.

Note 2: Basis of preparation and accounting policies

a. Basis of Preparation

These general purpose interim financial statements for the half-year reporting period ended 31 December 2024 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of the Group. As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2024, together with any public announcements made during the following half-year.

b. Accounting Policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in annual financial statements of the Group for the year ended 30 June 2024.

c. Adoption of New and Revised Standards

The Group has considered the implications of new and amended Accounting Standards effective for annual reporting periods beginning on or after 1 July 2024 but determined that their application to the financial statements is either not relevant or not material.

d. Basis of Consolidation

The consolidated financial statements incorporate all of the assets, liabilities and results of the parent (GWR Group Limited) and all of the subsidiaries. Subsidiaries are entities the parent controls. The parent controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

The assets, liabilities and results of all subsidiaries are fully consolidated into the financial statements of the Group from the date on which control is obtained by the Group. The consolidation of a subsidiary is discontinued from the date that control ceases. Intercompany transactions, balances and unrealised gains or losses on transactions between Group entities are fully eliminated on consolidation. Accounting policies of subsidiaries have been changed and adjustments made where necessary to ensure uniformity of the accounting policies adopted by the Group.

Equity interests in a subsidiary not attributable, directly or indirectly, to the Group are presented as "non-controlling interests". The Group initially recognises non-controlling interests that are present ownership interests in subsidiaries and are entitled to a proportionate share of the subsidiary's net assets on liquidation at either fair value or at the non-controlling interests' proportionate share of the subsidiary's net assets. Subsequent to initial recognition, non-controlling interests are attributed their share of profit or loss and each component of other comprehensive income. Non-controlling interests are shown separately within the equity section of the consolidated statement of financial position and consolidated statement of comprehensive income.

e. Going Concern

The financial report has been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business.

Condensed notes to the financial statements

Note 3: Segment information

Determination and identification of reportable segment

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

The Group identifies its operating segments based on the internal reports that are reviewed and used by the executive management team (chief operating decision makers) in assessing performance and determining the allocation of resources.

The operations and assets of GWR Group Limited and its controlled entities are primarily exploration of minerals in Australia. The decision to allocate the resources to individual projects is predominantly based on available cash reserve, technical data and the expectation of future metal price.

Annual Tenement expenditure commitments

In order to maintain current rights of tenure to mining tenements, the Group has discretionary minimum annual tenement expenditure requirements and lease rentals of \$430,000 on Prospect Ridge project. This discretionary expenditure is capable of being varied from time to time in order to maintain these rights of tenure to mining tenements.

Note 19: Contingencies

The Group has the following contingencies as at 31 December 2024:

Under the Sale and Purchase Agreement with Jindalee Resources Limited to acquire the Prospect Ridge Magnesite Project in Tasmania, the Group has acquired a 70% interest in the project. The remaining 30% interest is held by HiTec Minerals Pty Ltd as a free-carried interest until the point at which a decision to mine has been reached. At this time, if either party does not contribute the appropriate share their interest will be diluted. If either party's interest is diluted below 5%, it will revert to a 1% FOB gross royalty.

Provision for Rehabilitation

Pursuant to the completion of the Sale which occurred on 6 March 2024, Gold Valley Wiluna West Pty Ltd acquired beneficial ownership of the Wiluna West Iron Ore Project and is operating the Project and generating revenue from the extraction and sale of iron ore.

However, at the date of this report, the Registrar of Mines is yet to register the transfer of the tenements under the Term Sheet in the name of Gold Valley Wiluna West Pty Ltd because stamp duty assessment has yet to be finalised by Revenue WA. As registered holder of the tenements, GWR is liable for the rehabilitation of Wiluna West Iron Ore Project.

At 30 June 2023, the Group recorded a provision of \$6,634,552 in relation to the estimated cost of rehabilitation of the Wiluna West Iron Ore Project. In the event, the transfer of the tenements doesn't occur, GWR is liable for the rehabilitation.

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of GWR Group Limited.

As Audit Director for the review of the financial statements of GWR Group Limited for the half-year ended 31 December 2024, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Yours faithfully

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF
GWR GROUP LIMITED**

Report on the Half-Year Financial Report*Conclusion*

We have reviewed the half-year financial report of GWR Group Limited, which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us to believe that the accompanying half-year financial report of GWR Group Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* has been given to the directors of the Company on 12 March 2025.

Responsibility of the Directors for the Financial Report

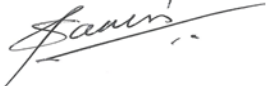

The directors of GWR Group Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
