NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

NOTE 1: STATEMENT OF MATERIAL ACCOUNTING POLICIES

a) Basis of Preparation

These general-purpose financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standards including AASB 134: *Interim Financial Reporting*.

This interim report is intended to provide users with an update on the latest annual financial statements of Impact Minerals Limited and its controlled entities (the consolidated entity). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the consolidated entity. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the consolidated entity for the year ended 30 June 2024, together with any public announcements made during the half-year.

Except for Note 1(b) the accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

The half-year financial statements have been prepared on the historical cost basis, except where stated. For the purpose of preparing the half-year financial statements, the half-year has been treated as a discrete reporting period.

b) New accounting standards and interpretations

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to its operations and effective for an annual accounting period that begins on or after 1 July 2024.

The adoption of the new and revised Standards and Interpretations have not had a material impact on this half-year financial report.

c) Going Concern

The interim financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The Consolidated Group generated a loss for the period of \$2,724,516 (2023: loss of \$4,610,291) and net cash outflows from operating activities of \$413,082 (2023: \$1,001,671). As at 31 December 2024 the Consolidated Group had a cash balance of \$1,198,379 (30 June 2024: \$3,422,215).

The ability of the Consolidated Group to continue as a going concern is principally dependent upon the ability of the Company to secure funds by raising capital from equity markets and managing cashflow in line with available funds. These conditions indicate a material uncertainty that may cast significant doubt about the ability of the Company to continue as a going concern. In the event the above matters are not achieved, the Company will be required to raise funds for working capital from debt or equity sources.

The directors have prepared a cash flow forecast which indicates that the Consolidated Group will have sufficient cash flows to meet all commitments and working capital requirements for the 12-month period from the date of signing this financial report.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

Based on the cash flow forecasts and other factors referred to above, the directors are satisfied that the going concern basis of preparation is appropriate. In particular, given the Company's history of raising capital to date, the directors are confident of the Company's ability to raise additional funds as and when they are required.

Should the Consolidated Group be unable to continue as a going concern it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result should the Company be unable to continue as a going concern and meet its debts as and when they fall due.

NOTE 2: SEGMENT REPORTING

Management has determined that the Group has one material reportable segment, being mineral exploration in Australia.

The Board has considered the requirements of AASB 8 *Operating Segments* and the internal reports that are reviewed by the chief operating decision maker (the Managing Director) in allocating resources and have concluded at this time that there are no separately identifiable segments.

The Company also granted PCFT an option ("Option") to buy all of the shares in Blackridge Exploration Pty Ltd ("Blackridge" a wholly owned subsidiary of Impact). The assets of Blackridge are three exploration licences EPM26806, EPM27410 and EPM27571. PCFT paid the non-refundable Option Fee of \$50,000 in August 2022 and has two years to exercise the Option. Upon exercise of the Option, PCFT will pay \$350,000 for the shares in Blackridge and the Company will retain a 1% gross gold royalty after the first 5,000 ounces have been recovered from any of the tenements. At 30 June 2023 the Blackridge tenements were held at their fair value (\$342,942).

In February 2024 the Company executed a shareholders sale agreement that subject to final CP's, completes the sale of 51% of the Commonwealth Project to Burrendong Minerals Limited with an earn in right to acquire a further 24% interest by meeting certain expenditure targets. Therefore, the Company has included that 51% at fair value for assets held for sale.

Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company, excluding any costs of servicing equity other than ordinary shares by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year and excluding treasury shares.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares, and the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares.

The issue of potential ordinary shares is antidilutive when their conversion to ordinary shares would increase earnings per share or decrease loss per share from continuing operations. The calculation of diluted earnings per share has therefore not assumed the conversion, exercise, or other issue of potential ordinary shares that would have an antidilutive effect on earnings per share.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF IMPACT MINERALS LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of Impact Minerals Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the condensed consolidated statement of financial position as at 31 December 2024, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Impact Minerals Limited and Controlled Entities does not comply with the *Corporations Act 2001* including:

- Giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1(c) in the financial report, which indicates that the Consolidated Entity incurred a net loss of \$2,724,516 during the half year ended 31 December 2024. As stated in Note 1(c), these events or conditions, along with other matters as set forth in Note 1(c), indicate that a material uncertainty exists that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
