INTERIM FINANCIAL REPORT
FOR THE HALF YEAR ENDED 31 DECEMBER 2024

ACN 108 146 694

DIRECTORS' REPORT

Your Directors submit their report for Cannindah Resources Limited (CAE, Company, Consolidated Entity) for the half year ended 31 December 2024.

Directors

The names of the Company's Directors in office during the half year and until the date of this report are set out below. All Directors held office for the whole of the period unless otherwise stated.

Michael Hansel – Non-executive Chairman
Thomas J Pickett – Managing Director
Geoff Missen – Non- executive Director (resigned 27 November 2024)
Simon Beams – Non- executive Director (resigned 26 February 2025)
John Morrison - Non- executive Director (Appointed 6 February 2025)
Tony Rovira - Non- executive Director (Appointed 26 February 2025)

Review of Operations

The loss for the Consolidated Entity for the half year ended 31 December 2024 was \$502,564 (2023: loss \$844,079). Cash on hand at the end of the period was \$3,291,133 (30 June 2024: \$25,249). During the period the Company raised \$5,000,000 in cash (before issue costs) through a share placement to sophisticated and professional investors. The Company also issued 25,000,000 shares at \$0.04 to Terra Search Pty Ltd in payment for \$1,000,000 of expenditure incurred with that company. The issue of the shares and cash payments made to Terra Search reduced the amount outstanding from \$2,630,016 at 30 June 2024,to \$834,845 at 31 December 2024.

Exploration activities conducted during the period included:

 Announcement of a 117% increase in the Copper metal tonnage of the Mount Cannindah Mineral Resource Estimate on 3 July 2024.

On 3 July 2024, Cannindah announced that it had significantly expanded the previously reported 2011 Mineral Resource Estimates (MRE). The new MRE now stands at a substantial 14.5Mt @ 1.09% copper equivalent (CuEQ) at a cutoff grade of 0.3% CuEq. A significant majority of the MRE is classified under the 2012 JORC Code & Guidelines as Measured and Indicated.

The updated MRE represents a:

- 183% increase in overall tonnes.
- 117% increase in copper metal.
- 229% increase in gold ounces.
- 148% increase in silver ounces.
- Importantly the resource starts at surface, remains open along strike and at depth;
- The MRE assumes that mineral resources will be extracted via open pit method, with a maximum pit floor of 350M below surface to take into account reasonable prospects of economic extraction.

The upgraded MRE for the Mt Cannindah Cu/Au deposit is reported below.

Resumption of Drilling at Mt Cannindah Project

In November 2024, following a capital raising of \$5,000,000 in cash (before issue costs) the Company announced that a major drilling program to test extensions to the existing Copper Gold Resource (Refer Mineral Resource Table below) and the other key IP Anomalies proximal to the Resource, was set to commence. The Company also announced that ongoing geophysical work at the Mt Cannindah Copper Gold Project had identified a significant and connected system of IP Anomalism associated with the 14.5Mt Mt Cannindah Resource. Modelling of the IP survey had shown a significant chargeability anomaly extending to the south and west beyond the current mineral resource area and of comparable size and strength to the IP anomaly over the Mt Cannindah Resource, which had not been tested effectively by recent and historical drilling.

The Company reported that drilling had commenced on 9 December 2024. Drilling continues as at the date of this report.

Mt Cannindah Mineral Resource Table

The MRE was prepared by independent resource specialists H&S Consultants The upgraded MRE for the Mt Cannindah Cu/Au deposit reported in the H&SC study is shown in the tables below:

Category	Mt	Cu%	Au gpt	Ag ppm	CuEq%	Density t/m3

Competent Person Statements

Mineral Resource Estimate

The data in this report that relates to Mineral Resource estimates for the Mount Cannindah copper / gold deposit is based on information evaluated by Mr Simmon Tear who is a member of the Australian Institute of Mining and Metallurgy (MAusIMM) and who has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 202 Edition of the Australasian Code for Reporting of Exploration Results Mineral Resources and Ore Reserves (the JOTRC Code). Mr Tear is a Director of H&S Consultants Pty Ltd and he consents to the inclusion in the report of the Mineral Resource in the form and context in which they appear.

Exploration Results

The information in this report that relates to Exploration Results is based on information compiled by Dr. Simon D. Beams, a full-time employee of Terra Search Pty Ltd, geological consultants employed by Cannindah Resources Limited to carry out geological evaluation of the mineralisation potential of their Mt Cannindah Project, Queensland, Australia. Dr. Beams has BSc Honours and PhD degrees in geology; he is a Member of the Australasian Institute of Mining and Metallurgy (Member #107121) and a Member of the Australian Institute of Geoscientists (Member #2689). Dr. Beams has sufficient relevant experience in respect to the style of mineralization, the type of deposit under consideration and the activity being undertaken to qualify as a Competent Person within the definition of the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves ("JORC Code).

Dr. Beams consents to the inclusion in the report of the matters based on this information in the form and context in which it appears.

Disclosure:

Dr Beams' employer Terra Search Pty Ltd and Dr Beams personally hold ordinary shares in Cannindah Resources Limited.

FORMULA FOR COPPER EQUIVALENT CALCULATIONS

Copper equivalent has been used to report the wider copper bearing intercepts that carry Au and Ag credits, with copper being dominant. eg have confidence that existing metallurgical processes would recover copper, gold and silver from Mt Cannindah. We have confidence that the Mt Cannindah ores are amenable to metallurgical treatments that result in equal recoveries. This confidence is reinforced by some preliminary metallurgical test work by previous holders, geological observations and our geochemical work which established a high correlation between Cu, Au, Ag.

The full equation for Copper Equivalent is: CuEq/% = (Cu/% * 92.50 * CuRecovery + Au/ppm * 56.26 * AuRecovery + Ag/ppm * 0.74 * Ag Recovery)/(92.5* CuRecovery) When recoveries are equal this reduces to the simplified version: <math>CuEq/% = (Cu/% * 92.50 + Au/ppm * 56.26 + Ag/ppm * 0.74)/92.5

We have applied a 30 day average prices in USD for Q4,2021, for Cu, Au, Ag, specifically copper @ USD\$9250/tonne, gold @ USD\$1750/oz and silver @ USD\$23/oz. This equates to USD\$92.50 per 1 wt %Cu in ore, USD\$56.26 per 1 ppm gold in ore, USD\$0.74 per 1 ppm silver in ore. We have conservatively used equal recoveries of 80% for copper, 80% for gold, 80% for Ag and applied to the CuEq calculation. CAE are planning Metallurgical test work to quantify these recoveries.

Corporate and Financial Activities

Capital Raising

On 29 October 2024 the Company announced the completion of the placement of 125,000,000 new fully paid ordinary shares to sophisticated and professional investors to raise \$5,000,000 million at an issue price of \$0.04 per share with the funds raised to be applied to exploration activity at the Mt Cannindah Copper Gold Project and general working capital. The placement was managed by Canaccord Genuity (Australia) Limited ("Canaccord").

Concurrently with the placement, the Company advised that Terra Search Pty Ltd, a company associated with then Director Dr Simon Beams, had agreed to convert \$1,000,000 of consulting and other fees owed to the company to 25,000,000 Shares at the same price as the placement. The issue of the Terra Search Shares was approved by shareholders at approval at the Annual General Meeting held on 27 November 2024.

Board Changes

On 2 December 2024 the Company announced that long serving Director Geoff Missen had elected to retire from the Board at the Annual General Meeting held on 27 November 2024, that Dr Simon Beams agreed to retire from Board as technical director as soon as a replacement was confirmed and that Mr John Morrison had been invited to join the Board.

Mr Morrison's appointment was confirmed on 6 February 2025. Mr Morrison is a highly experienced investment banker and corporate adviser to many companies in the resources industry.

Mr Tony Rovira was appointed a Non-Executive Director of Cannindah Resources Limited on 26 February 2025. Mr Rivera is a highly regarded resources industry executive and was most recently the Managing Director of Azure Minerals Limited which discovered the world class Andover Lithium Deposit and was ultimately taken over by Hancock Prospecting and SQM.

Simon Beams resigned as a Director on the appointment of Mr Rovira. Dr Beams will remain closely involved with the company through his role as a Director of Cannindah's consultant geologists Terra Search.

On 7 March 2025 the Company announced the appointment of Cameron Switzer a highly experienced geologist with over 35 years in the mining industry, specializing in mineral exploration, resource development, and project evaluation to the position of Technical Advisor to the Board and Exploration Manager.

Other

The Board is currently working through the usual commercial discussions that occur when certain commercial transactions are contemplated both in terms of capital raising and future commercial opportunities. The company will update shareholders on discussions regarding any such developments as they occur.

Strategy

The Company's goal, like most other exploration companies, is to preserve shareholder wealth and grow the value of the flagship assets with prudent exploration methods. The expansion of the Mt Cannindah project remains the focus of the company at present. Drilling and other activities to date has been very successful in identifying further exploration opportunities within the project area in both copper and gold. The Piccadilly Gold project in North Queensland will progress through ground-based exploration with a view to expanding the gold target areas across the project area. The company will be moving forward into 2025 with a different looking Board which will remain focused on creating further value for all shareholders

The Company's corporate activities also include the review of opportunities for expansion through acquisitions and mergers and through potential diversification opportunities to take advantage of positive market sentiments. At the date of this report, no investments have been undertaken.

Going Concern

The Consolidated Entity's incurred a net loss of \$502,564 and had net cash outflows from operating and investment activities (exploration expenditure) of \$1,463,362 for the six months ended 31 December 2024 but had an excess of current assets over current liabilities of \$1,940,685 at that date.

Whilst the events and conditions described above indicate that there is a material uncertainty relating to going concern, the Directors expect that to complete the projected exploration activities over the next 12 months additional funds will be required. It is expected that these funds will be obtained through additional capital raisings and/or loan funds as required. Based on their previous experience and success in raising capital and loan funds, the Directors are confident that the required additional funds can be obtained. In this regard, the Directors note that during the period

\$5,000,000 in cash (before issue costs) was raised from sophisticated and professional investors through a Share Placement.

The Directors are satisfied that they will be able to secure the additional funds required, and that the going concern basis of preparation for the financial report is appropriate. If for any reason the Consolidated Entity is unable to continue as a going concern, it would impact on the Consolidated Entity's ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the consolidated financial statements.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Consolidated Entity does not continue as a going concern.

Subsequent Events

On 6 February 2025 the Company announced the appointment of Mr John Morrison as a Director replacing Mr Geoffrey Missen who resigned at the Annual General Meeting on 27 November 2024. On 26 February 2025 Mr Tony Rovira was appointed to the Board while as previously advised Dr Simon Beams resigned on Mr Rovira's appointment. On 7 March 2025 the Company announced the appointment of Cameron Switzer to the position of Technical Advisor to the Board and Exploration Manager.

On his appointment to the Board and as a show of support for the future growth and strategic direction of the Company, Mr Rovira has agreed to invest \$250,000 in the Company via a placement, of 5,000,000 fully paid ordinary shares in the capital of Cannindah (Shares) at an issue price of \$0.05 per Share. Fellow non-executive Directors, John Morrison and Michael Hansel will invest \$200,000 (4,000,000 Shares) and \$25,000 (500,000 Shares) respectively into the Company on the same terms and conditions as Mr Rovira as a further show of commitment and an endorsement of the Company's assets.

The Company also proposes to issue 10 million options to each of the three non-executive Directors for an aggregate of 30 million options (exercisable at \$0.105 each on or before the date that is 3 years from the date of issue) (**Options**) to the Directors as part of their remuneration packages as an equity-based incentive. The options will vest in 3 equal tranches to be allocated on the following basis:

- · Tranche 1 on grant.
- Tranche 2 on 1st anniversary.
- Tranche 3 on 2nd anniversary.
- Vesting is contingent on remaining as a director on vesting date.

The issue of the Shares and Options to the Directors as outlined above is subject to shareholder approval at a general meeting.

Other than as disclosed in these financial statements, no matters or circumstances have arisen since 31 December 2024, which significantly affect or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS for the half year ended 31 December 2024

1. Basis of Preparation and Accounting Policies

This general-purpose financial report for the interim half-year reporting period ended 31 December 2024 has been prepared in accordance with Australian Accounting Standard AASB 134 "Interim Financial Reporting" and the Corporations Act 2001. AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting.

The half year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Consolidated Entity as the full financial report.

It is recommended that the half year financial report be read in conjunction with the annual report of Cannindah Resources Limited (CAE) as at 30 June 2024, together with any public announcements made by Cannindah Resources Limited during the interim reporting period in accordance with the continuous disclosure obligations of the *Corporations Act 2001*.

The accounting policies and methods of computation adopted are consistent with those of the previous financial period as disclosed in the 30 June 2024 annual report.

New or amended Accounting Standards and Interpretations adopted

The Consolidated Entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going Concern

The Consolidated Entity incurred a net loss of \$502,564 and had net cash outflows from operating and investment activities (exploration expenditure) of \$1,463,362 for the six months ended 31 December 2024 but had an excess of current assets over current liabilities of \$1,940,686 at that date.

Whilst the events and conditions described above indicate that there is a material uncertainty relating to going concern, the Directors expect that to complete the projected exploration activities over the next 12 months additional funds will be required. It is expected that these funds will be obtained through additional capital raisings and/or loan funds as required. Based on their previous experience and success in raising capital and loan funds, the Directors are confident that the required additional funds can be obtained. In this regard, the Directors note that during the period \$5,000,000 in cash (before issue costs) was raised from sophisticated and professional investors through a Share Placement

The Directors are satisfied that they will be able to secure the additional funds required, and that the going concern basis of preparation for the financial report is appropriate. If for any reason the Consolidated Entity is unable to continue as a going concern, it would impact on the Consolidated Entity's ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the consolidated financial statements.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Consolidated Entity does not continue as a going concern.

9. Reserves (continued)

Broker options issued

As part of their fee for acting as Lead Manager to the Share Placement Canaccord Genuity (Australia) Limited ("Canaccord") received 5 million options over fully paid ordinary shares (exercisable at \$0.06 each and expiring 3 years from issue (31 October 2024)). The options were valued by independent valuer MarketLine using the Black Scholes methodology at \$0.02 per option (\$100,000) applying as key assumptions a risk-free interest rate of 4.02% and volatility of 90%. The broker options valuation has been recognised in share issue costs in the Statement of Changes in Equity.

Performance Rights

The performance rights reserve recognises the fair value of performance rights issued to KMPs in relation to the supply of goods or services. Once all performance rights in the series have vested or have expired, the reserve related to those rights will be transferred to accumulated losses.

10. Expenditure Commitments and Contingent Liabilities

There were no significant changes to the commitments and contingencies disclosed in the most recent annual financial report.

11. Subsequent Events

On 6 February 2025 the Company announced the appointment of Mr John Morrison as a Director replacing Mr Geoffrey Missen who resigned at the Annual General Meeting on 27 November 2024. On 26 February 2025 Mr Tony Rovira was appointed to the Board while Dr Simon Beams resigned on Mr Rovira's appointment. On 7 March 2025 the Company announced the appointment of Cameron Switzer to the position of Technical Advisor to the Board and Exploration Manager.

On his appointment to the Board and as a show of support for the future growth and strategic direction of the Company, Mr Rovira agreed to invest \$250,000 in the Company via a placement, of 5,000,000 fully paid ordinary shares in the capital of the Company (Shares) at an issue price of \$0.05 per Share. Fellow non-executive Directors, John Morrison and Michael Hansel will invest \$200,000 (4,000,000 Shares) and \$25,000 (500,000 Shares) respectively into the Company on the same terms and conditions as Mr Rovira as a further show of commitment and an endorsement of the Company's assets.

The Company also proposes to issue 10 million options to each of the three non-executive Directors for an aggregate of 30 million options (exercisable at \$0.105 each on or before the date that is 3 years from the date of issue) (**Options**) to the Directors as part of their remuneration packages as an equity-based incentive. The options will vest in 3 equal tranches to be allocated on the following basis:

11. Subsequent Events (continued)

- Tranche 1 on grant.
- Tranche 2 on 1st anniversary.
- Tranche 3 on 2nd anniversary.
- Vesting is contingent on remaining as a director on vesting date.

The issue of the Shares and Options to the Directors as outlined above is subject to shareholder approval at a general meeting.

Other than as disclosed in these financial statements, no matters or circumstances have arisen since 31 December 2024, which significantly affect or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

DIRECTORS' DECLARATION

The Directors of the Company declare that:

- 1. The financial statements and notes:
 - a). comply with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations; and
 - b. give a true and fair view of the economic entity's financial position as at 31 December 2024 and of its performance for the half-year ended on that date.
- 2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Independent Auditor's Review Report

To the Members of Cannindah Resources Limited

Report on the half-year financial report

Conclusion

We have reviewed the accompanying half-year financial report of Cannindah Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year ended on that date, including material accounting policy information, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Cannindah Resources Limited does not comply with the *Corporations Act 2001* including:

- a giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half year ended on that date; and
- b complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations* 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 1 in the financial report, which indicates that the Group incurred a net loss of \$502,564 during the half year ended 31 December 2024 and had net cash outflows from operating and investment activities of \$1,463,361. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations* 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
