# GLOBAL HEALTH'S MASTERCARE SECURES $1 MILLION CONTRACT WITH YOUTURN

Expanding digital healthcare solutions for youth mental health services

**Investment highlights**

- The $1 million contract over three years with Youturn will enhance service delivery across Youturn services.
- It will see the Implementation of MasterCare+ for case management and clinical tracking, the HotHealth Digital Front Door platform to improve client engagement and accessibility and ReferralNet Secure Messaging platform to securely share sensitive patient and clinical data across care teams.
- The partnership will be deployed to over 200 users across an initial 12 healthcare service organisations nationwide.

**Global Health Limited (ASX:GLH) ("Global Health" or "the Company")** is pleased to announce a significant contract with Youturn (https://youturn.org.au), a leading community organisation with a focus on Child Safety, Homelessness, Mental Health and Suicide Prevention.

The $1 million agreement over 3 years includes two 3-year extensions and provides for data conversion from existing systems where appropriate, and the deployment of the Global Health's SaaS portfolio centered on the Company's MasterCare+ Case Management and shared Electronic Medical Record for Multi-Disciplinary Care Teams.

**Strengthening digital healthcare capabilities for Youturn**

Strengthening digital healthcare capabilities for Youturn, Global Health will implement its suite of digital health SaaS solutions to optimise Youturn's operations, improving workflow standardization, service efficiency and accessibility. The deployment will feature MasterCare+, which streamlines case management and service delivery, integrated with MasterCare's HotHealth digital front door for online engagement between services, clinicians and clients, and ReferralNet, which provides secure sharing of clinical documents across multiple providers. The goal of the project is to improve efficiency and support better service delivery for Youturn.

**Rollout across key Youturn locations**

The implementation will take place across Youturn's key services, including the Youth Enhanced Service (YES) in Darling Downs and Adelaide, eight headspace centres, including in Maroochydore and Toowoomba, as well as StandBy services offering phone counselling, after-hours support, and locations in NSW and NT.

These services will benefit from the enhanced digital solutions to improve their operations and service delivery, particularly in regional areas.

Global Health Managing Director Mathew Cherian said: "This partnership underscores our commitment to driving workflow productivity across health services through our portfolio of integrated SaaS platforms, enabling clinicians to spend more time with people living with vulnerable mental health challenges."

This ASX announcement has been authorised by the Board of Global Health Limited (ASX:GLH) and released by the Company Secretary.

**ENDS.**

**About Youturn**
Youturn is a charity which started over 30 years ago to address and support youth homelessness in the local Noosa region. Since their humble beginnings of supporting just 6 people with 5 volunteers in their first year, their organisation has grown and evolved into a vibrant national organisation dedicated to making a difference across the areas of Child Safety, Homelessness, Mental Health, and Suicide Prevention.

Youturn supports over 19,000 people across Australia. Their mission is to support people in their times of need, to live a healthy and meaningful life. Their vision is to be trusted to create safe, inclusive and supportive communities.

**About Global Health Limited (ASX:GLH)**
Global Health Limited (ASX:GLH) is a leading provider of Digital Health solutions to the Australian Healthcare Industry. Innovation, consumer-centricity and connectivity are the foundations of the Company's vision of 'Connecting Clinicians and Consumers.'

Global Health helps streamline the delivery of healthcare services and provide better health outcomes across various health sectors, including acute and community settings.

Global Health offers a portfolio of software and SaaS applications, helping health businesses to be more efficient and deliver excellent patient care. These include electronic medical records for health delivery organisations, client management systems for community health, patient administration systems for hospitals, practice management systems, secure messaging for connected care, patient engagement platforms and consumer health records.

Global Health Limited, located in Melbourne, Victoria is ISO27001 and HL7 Fast Healthcare Interoperability Resources (FHIR) compliant.
