**HALF-YEAR REPORT**

**31 JANUARY 2025**

**Toys "R" Us ANZ Limited**  
**Directors' report**  
**31 January 2024**

The directors present their Interim Report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group') consisting of Toys "R" Us ANZ Limited (referred to hereafter as the 'Company') and the entities it controlled for the half-year ended 31 January 2025.

**DIRECTORS**

The following persons were directors of the Company during or since the end of the half-year:

Kelly Humphreys - Chair and Executive Director (appointed as Executive Chair on 13 February 2025)  
Teresa Smith - Executive Director (appointed as Executive Director on 13 February 2025)  
John Tripodi - Independent Non-Executive Director  
Mark Simari - Independent Non-Executive Director (appointed on 31 October 2024)

**Operations and financial review**

The Company is an Australian based e-commerce retailer with a vision to enrich every stage of life's journey from infancy to adulthood, offering a comprehensive range of essential baby care items, toys and art and craft materials.

Toys 'R' Us ANZ Limited is listed on the Australian Securities Exchange (ASX) under the code 'TOY'. The Company is based in Clayton, Victoria and provides its products across Australia.

The Company has remained focused on delivering on the key pillars of its strategic plan and during the reporting period has:

- Improved product margins across all brands;
- Increased inventory value;
- Exited the UK business and finalised all UK operations;
- Renegotiated more favourable licence terms with our licensor, Toys R Us Kids (TRUK);
- Received \$1.5 million funding from Mercer Street Global Fund II LP; and
- Completed the negotiation of the head lease and return of ~\$2.7 million bond.

**Operating Results**

During the first half of FY2025, the Group achieved Sales Revenues of \$3.1 million from continuing operations, compared to \$5.9 million in the previous comparative period from continuing operations. Whilst total revenues decreased, margins and inventory are growing steadily. Loss after income tax for the half year ended 31 January 2025 was \$0.7 million (2024: Loss \$9.6 million). As at 31 January 2025, the Group's net liabilities were \$12.9 million (31 July 2024: net liabilities of \$15.2 million).

**Sales and marketing**

- Overall product margin achieved of 37% compared to 18% for previous reporting period.
- Leading into Christmas, the Cyber week sales generated \$0.5 million revenue compared to \$0.7 million for previous period. And December revenue was \$1.1 million compared to the previous period of \$1.5 million.
- Inventory value held as at 31 January 2025 was \$1.0 million compared to \$0.9 million as at 31 January 2024.

**Cost Reduction and Operational Efficiency**

The Company reached agreement with its licensor TRUK to exit the UK business and transfer all UK business assets to TRUK in settlement of its USD\$1.8 million outstanding loan balance, provided to support the transition of the UK business. TRUK also agreed to release the Group from all remaining liabilities and obligations.

Following TRUK support with the UK business exit, the Company also reached agreement on revised licence terms, reducing the fees by 66% to USD\$0.4 million for the next three years.

Sub-leasing of excess space within the Company's premises and transfer of the head-leases on two premises at Clayton resulted in the release of ~\$2.7 million bond monies during the period which was used to pay suppliers and build inventory.

The Company will continue to focus on improved operational efficiencies which combined with improved performance will position it to leverage the benefits of scale as we move into the next financial year.

**Directors' report**  
**31 January 2025**

Capital: Additional Funding from Mercer Street Global Fund

Following their initial Placement Investment of \$200,000, plus the provision of an unsecured \$600,000 loan, in early 2024, US-based Investment Fund Mercer agreed to provide up to a further \$4.2 million in funding via Convertible Securities subject to the mutual agreement of the parties and shareholder approval being provided. The Company and Mercer have agreed to the following Tranches under the agreement, \$700,000 in May 2024, \$785,000 in July 2024 and \$1.5 million in October 2024.

**Significant changes in the state of affairs**

Apart from the developments outlined above, there were no significant changes in the state of affairs of the Group during the financial half-year ended 31 January 2025.

**Matters subsequent to the end of the financial half-year**

The following events occurred post the end of the financial half-year:

- 13 February 2025 – The Company announced the resignation of Penny Cox as CEO. Non-Executive Directors Kelly Humphreys and Teresa Smith were appointed Executive Chair and Executive Director respectively. The Executive Directors are leading the ongoing implementation of the Strategic Transformation Plan and a detailed review across operations. This work is targeted at driving and optimising procurement and sales for the remainder of the financial year, improving sales and marketing efficiency and effectiveness, and identifying cost-savings.
- 17 February 2025 – The Company announced it had entered into a three-year strategic commercial agreement with Directed Electronics Australia Pty Ltd. This partnership is providing comprehensive support to accelerate the strategy including product development and sourcing, marketing and website design, and supply of goods.

No other matter or circumstance has arisen since 31 January 2025 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

**Rounding of amounts**

The Company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this director's report.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

**Note 1. Material accounting policy information**

These general-purpose financial statements for the interim half-year reporting period ended 31 January 2025 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 31 July 2024 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

**Going concern basis of accounting**

The financial report has been prepared on the going concern basis which contemplates the continuity of normal business activities and the realisation of assets and the discharge of liabilities in the normal course of business.

During the half-year ended 31 January 2025, the Group incurred a net loss after income tax of \$0.7 million and has cash outflows from operating activities of \$5.5million. Also, as at 31 January 2025, the Group's current liabilities exceeded its current assets by \$15.2 million and the Group's total liabilities exceeded its total assets by \$12.8 million.

These factors indicate a material uncertainty which may cast significant doubt as to whether the Group will continue as a going concern and therefore whether it will realize its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The Directors, after reviewing the Group's budget and cashflow forecast for the twelve-month period from the date of signing the financial statements, have concluded that the Group will have sufficient cash and other financial resources to support its operations for the relevant period and therefore they believe that there are reasonable grounds to believe that the Group will be able to continue as a going concern. Along other matters, the budget and cashflow forecast considered the following:

- As disclosed in Note 10, the company has a further \$1.215 million available from the convertible securities facility, with Mercer Street Global Opportunity Fund II LP, subject to further agreement between the parties;
- The Group is working on a range of initiatives to raise further cash to fund operations, which are expected to be successful. The Company has a history of successfully undertaking capital raising (including the most recent \$2.5 million equity funding raised in September 2024, refer to Note 11 for details);
- The Directors are currently in negotiations with its existing lenders to restructure the terms of the Term loan borrowing (refer to Note 9). The Directors believe they will be successful in these negotiations;
- The budget and cashflow forecast prepared by management for the twelve-month period from the date of signing the financial statements, which are based on management and the directors' best estimates and assumptions about certain economic factors, and the operating and trading performance of the Group, indicate an expected improvement on the Group's results and net cash from operating activities.

Accordingly, the Directors believe that the Group will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Group does not continue as a going concern.

**Note 1. Material accounting policy information (continued)**

**New or amended Accounting Standards and Interpretations adopted**

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

**Note 2. Critical accounting judgements, estimates and assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

*Key sources of estimation uncertainty*

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

*Share-based payment transactions*

The Group measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Binomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity.

*Goodwill and other indefinite life intangible assets*

The Group tests annually, or when impairment indicators are identified, whether goodwill and other intangible assets have suffered any impairment in accordance with the accounting policy. The recoverable amount of the cash generating units has been determined based on either relief from royalty models or the present value of the expected cash flows. These calculations require the use of assumptions. A significant change to these assumptions may affect the recoverable amount of the cash generating units.

The Group defines its cash generating units (CGU) as the smallest identifiable group of assets that generates cash inflows. Under this interpretation, for the purpose of impairment of goodwill, the Group has identified two CGUs, being the business to consumer (B2C) and business-to-business (B2B) CGUs. During the financial year ended 31 July 2024, the operations related to the B2B business were discontinued. Therefore, for the half year ended 31 January 2025 management has determined that there is only one segment. This goodwill was assessed for indicators of impairment and no indicators were present.

*Recoverability of inventory*

The Group regularly assesses whether the net realisable value (NRV) of its inventories is reasonable in light of changing market conditions. Whilst the Group has provided to recognise the best estimate for the amount for which its inventory will be realised, the final amounts will be subject to the prevailing market conditions and may differ from the amounts provided.

*Intangible assets and goodwill*

Intangible assets are amortised, based on the useful life assessed by management, as follows:

Software	3 years
Customer database	5 years
Patents	20 years
Trademarks	3-5 years
Licensed distribution agreements	1-20 years

Whilst the current useful lives are management's best estimate, a periodic review is undertaken to ensure these remain appropriate.

**Note 2. Critical accounting judgements, estimates and assumptions (continued)**

Goodwill and other intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

*Valuation of conversion features attached to the convertible notes*

The Group has issued convertible debt instruments that contain embedded conversion features. The debt component is valued based on discounting the contractual cash flows by the interest rate that would apply to an otherwise identical debt instrument with no conversion feature, which usually involves significant judgment in relation to identifying benchmark debt with similar features. The fair valuation of conversion features requires significant judgment due to the reliance on various assumptions and market variables.

The fair value of the conversion feature is determined using a Monte Carlo simulation model, which incorporates inputs such as the Company's stock price, volatility, risk-free interest rate, and expected terms until conversion. Changes in these inputs could result in significantly different fair value estimates. Management continually assesses market conditions and updates assumptions as required.

**Note 3. Operating segments**

*Identification of reportable operating segments*

Based on the internal reports reviewed by the Board of Directors and key management personnel (who are identified as the Chief Operating Decision Makers ('CODM')) to make strategic and operating decisions, assess business performance and in determining the allocation of resources, by 31 January 2024 management determined that the group had two operating segments, being Business to Consumer (B2C) and Business to Business (B2B).

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

The information reported to the CODM is on a monthly basis.

*Information about products and services*

The principal products of each of these operating segments are follows:

- B2C - direct-to-consumer sale of consumer products (toys, hobby and baby goods); and
- B2B - wholesaling and distribution of IT products.
- Corporate - relates to the corporate running costs of the Group

During the second half of the financial year ended 31 July 2024, the operations related to the B2B business were discontinued. Pursuant to classification of B2B segment as a discontinued operation (see note 5), operating segment information from continuing operations have only been provided for B2C segment. Therefore, for the half year ended 31 January 2025 management has determined that there is only one segment.

The directors have assessed that there are no major customers.

*Geographical information*

The Group's revenue from continuing operations are generated in Australia.

The Group's non-current assets are situated in Australia. The geographical non-current assets below are exclusive of, where applicable, financial instruments.

**Note 5. Discontinued operations**

*B2B Business*

During the financial year ended 31 July 2024, following a strategic review, the Board concluded that the Mittoni business was not core to its ongoing operations and decided to stop operating the business and focus on building its core brands.

*UK business*

During the previous year, following a strategic review, the Board concluded to restructure its operations in order to reduce its operating costs and reached agreement with TRU Kids Inc to facilitate an orderly transition of the UK business and the transfer of its UK licence to TRU Kids Inc.

Consequent to the above, the Mittoni business operations and the UK business operations have been classified as discontinued operations and its assets and liabilities have been classified as disposal group held for sale in accordance with AASB 5 *Non-current Assets Held for Sale and Discontinued Operations*.

**Impairment testing – Goodwill**

During the financial year ended 31 July 2024, the operations related to the B2B business were discontinued and the remaining goodwill written off. Therefore, the Group has identified that there is one cash generating unit which is aligned with the operating segments disclosed in Note 3 and against which goodwill and other intangibles are allocated and tested.

On 20 March 2024 the Company entered into a Convertible Securities Agreement with Mercer Street Global Opportunity Fund II LP to provide funding to the Company up to \$4,200,000 (Convertible Securities Agreement or 'CSA'). The initial drawdown was \$700,000 (Tranche 1), a further \$785,000 (Tranche 2) and a further \$1,500,000 (Tranche 3) was drawn down on 11 October 2024.

In the current period, the Company issued 1,650,000 convertible securities (CS) at \$0.9091 per CS with a face value of \$1.00 ("Tranche 3"). Subject to CSA, a further investment of up to \$1,215,000 CS can be issued in the future ("Further Tranche").

The maturity date for Tranche 3 is 15 months from the date issue (11 October 2025). The convertible notes have a zero coupon and therefore no interest is payable with the exception of a default event. The convertible notes are unsecured.

The Directors appointed an external valuation expert to perform a fair valuation of the embedded derivatives as at the respective issue dates and as at 31 January 2025. The fair value methodology adopted by the external valuer was the Monte Carlo Simulation model.

**Note 17. Share-based payments**

**(a) Expenses recognised**

An expense of \$115,699 (2024: \$54,000) has been recognised in the profit and loss in relation to share-based payments granted.

**(b) Share options and share appreciation rights**

An employee incentive plan has been established by the Group and approved by shareholders at a general meeting whereby the Group may, at the discretion of the Remuneration and Nomination Committee, grant options and rights over ordinary shares in the company to directors and employees. The grant of options and rights forms a part of the Company's long term incentive objectives to encourage directors and employees to have a greater involvement in the achievement of the Company's objectives. Options and rights provide an incentive to strive to that end by participating in the future growth and prosperity of the Company through share ownership. The options and rights are issued for nil consideration and are only subject to a vesting condition relating to the participant's continued employment with the Company. The options and rights must be exercised before their expiry date, or they will lapse. On the exercise of an option, the holder must pay to the Company the relevant exercise price multiplied by the number of options being exercised by the holder. The Company will issue the holder with a share for each option or right that the participant validly exercises.

**(c) Reconciliation**

Set out below are the summaries of options granted under the employee incentive plan as at 31 January 2025:

## INDEPENDENT AUDITOR'S REVIEW REPORT To the Members of Toys "R" Us ANZ Limited

### *Conclusion*

We have reviewed the accompanying half-year financial report of Toys "R" Us ANZ Limited ('the Company') and its controlled entities (together referred to as 'the Group') which comprises the statement of financial position as at 31 January 2025, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising material accounting policies information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 January 2025 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* ('ASRE 2410'). Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

### *Material Uncertainty Related to Going Concern*

We draw attention to Note 1 in the interim financial report, which indicates that the Group incurred a loss of \$0.7 million and had net cash outflows from operating activities of \$5.5 million during the half year ended 31 January 2025. Also, as at 31 January 2025, the Group's current liabilities exceeded its current assets by \$15.2 million and the Group's total liabilities exceeded its total assets by \$12.9 million. As stated in Note 1, these events and conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

### *Responsibility of the Directors for the Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility for the Review of the Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 January 2025 and of its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
