Audience profile

Current revenue profile

- 42% of the ARN audience is delivered on digital platforms
- Only 10% of revenue is digital
- Commercialise digital inventory at higher CPMs
- Increasing ARN 1st party data asset will fuel further revenue growth
- A 10-30% CPM premium is able to be charged for targeted advertising using 1st party data
- Meaningful contributor to ARN's future revenue growth and margin expansion
- New commercial team and structure to drive growth in H225.

Transformation Programme to deliver \$40m cash cost out and drive commercial growth opportunities.

- Comprehensive review of business operations completed across all expense lines
- Transformation underscores commitment to drive shareholder value and focuses on 3 areas –
 - Digitising and simplified operating model
 - Investing to grow audiences and engagement
 - Delivering Total Audio commercial solutions
- Global partner to take on delivery of operational functions across finance, technology and media services
- Introduce smarter tools and processes to allow for scaling up with greater efficiency
- We delivered ~\$6m in FY24, \$22m in FY25 with the balance in FY26; ~25% of the workforce impacted by these changes
- In 2025 we remain committed to delivering flat people and operating costs of \$193m
- Overall FY25 costs to be skewed to the H1 due to the front-ending of certain operating costs with savings realised in H2
- In 2026 and onwards there will be further delivery of savings to improve ARN's P&L shape.

Trading Update

Trading Update

ARN

- Total April YTD revenue finished ~2% behind the prior comparative period with digital audio revenues continuing to experience strong growth.
- YTD ratings improvements in FY25 and the ongoing transition to a new commercial team is expected to deliver radio revenue share improvement in H2.
- In respect of gross margins, we have seen a modest improvement for the period to date, driven by product mix and pricing.
- Significant progress in relation to our cost out program has been made as we target \$40m cash cost out over 3 years.
- We continue to target flat people and operating costs in 2025, with a number of organisational changes made in April and May.
- Overall costs to be skewed to the H1 due to the front-ending of certain operating costs with savings realised in H2.

Cody

- Cody working capital performance in Hong Kong to end April was in line with expectations requiring no cash funding.
- Tariff introductions have impacted revenue in Q2 resulting in a focused sales strategy on more local buyers.
- Strategic review commenced.
