**10 July 2025 Change Financial Limited (ASX: CCA) (Change or the Company)** is pleased to announce that, as a result of increased sales momentum and continued execution, the Company has materially exceeded its FY25 revenue target and is expected to deliver a maiden Underlying EBITDA positive result following completion of the FY25 audited accounts.

Following another record revenue quarter in Q4 FY25 of US\$4.0m (A\$6.2m), the Company has delivered total FY25 revenue (unaudited) of US\$15.1m (A\$23.2m), up 42% on FY24 and materially exceeding previous guidance<sup>1</sup> for FY25 of 'in excess of 30%'.

Change also advises, based on the unaudited accounts, it was net cash flow positive in Q4 FY25 driven by a significant increase in client invoicing and the meaningful reduction in US operations costs.

In FY26, Change is targeting revenue in the range of US\$16.5m (A\$25.4m) to US\$18.0m (A\$27.7m) and a significant increase in Underlying EBITDA, which it expects to be in the range of US\$2.5m (A\$3.8m) to US\$3.5m (A\$5.4m). Change continues to see increased momentum in the growth of its sales pipeline and the speed at which clients are moving through the sales funnel. As Change continues to scale, the Company expects continued EBITDA margin improvement on incremental client wins.

The Company also expects to be net cash flow positive<sup>4</sup> for FY26. The transition to cash flow positive marks a significant milestone in the Company's lifecycle as the business hits an operating leverage inflection point.
