Your directors present their report on Parabellum Resources Limited (the "Company") and the entities it controlled at the end of, or during (the "Group") the year ended 30 June 2025.

Directors

The names, qualifications and experience of the directors in office at any time during, or since the end of, the period are as follows. Directors have been in office since the start of the year to the date of this report unless otherwise stated.

Peter Ruse (Non-Executive Chairman) BCom, GradCertAppFin

Mr Ruse is a finance professional with over 12 years extensive experience in Equity Funds Management and Private/Institutional Wealth Management specialising in Mining/Minerals and Industrial related sectors. Mr Ruse has extensive private and public equity market experience as a former Executive Director/Portfolio Manager of ALR Investments Pty Limited, a Western Australian family office investment company.

Mr Ruse is currently an executive director of Mont Royal Resources Limited (ASX:MRZ) and director of Gunsynd PLC (LON:GUN).

Fabio Vergara (Non-Executive Director) MSc, MAusIMM (appointed 31 October 2024)

Mr Vergara is geologist with 15 years of experience in the mining industry primarily in exploration and consulting roles across Australia, North America, Africa and Europe. He has been involved at management level with listed and unlisted entities including with the Bass Group family office and at Eagle Mountain Mining Limited (ASX:EM2).

Mr Vergara is currently an executive director of Eagle Mountain Mining Limited (ASX:EM2).

Shaun Menezes (Non-Executive Director, Company Secretary and CFO) BCom, LLB

Mr Menezes is an accounting and finance professional with over 20 years' experience. He has worked in the capacity of Company Secretary and Chief Financial Officer of a number of ASX and SGX listed companies, held a senior management role within an ASX 200 listed company and was an executive director at a leading international accounting firm.

Mr Menezes is current the company secretary for a number of ASX listed companies. In his past career, he has held the position of Finance Director and Company Secretary of a Company listed on the Singapore Exchange Limited.

Mr. Menezes is a member of the Governance Institute of Australia and the Chartered Accountants Australia and New Zealand.

Mark Hohnen (Non-Executive Chairman) (resigned 31 October 2024)

Mr Hohnen has been involved in the mineral resource sector since the late 1970s, and has extensive international business experience in a wide range of industries including mining and exploration, property, investment, software and agriculture.

Peter Secker (Executive Director) BSc (Mining Engineering) (resigned 31 October 2024)

Mr Secker is a Mining Engineer with over 40 years experience in the resources industry. He has developed and operated greenfield projects in Australia, China, Africa, Canada and Mexico and has worked with multiple commodities including lithium, titanium, copper, gold and iron ore.

Company Secretary

Shaun Menezes BCom, LLB

Directors Meetings

The following table sets out the number of meetings of the Company's directors held during the year ended 30 June 2025 attended by each director:

	Number	Number
	Eligible to Attend	Attended
Peter Ruse	4	4
Fabio Vergara ⁽¹⁾	2	2
Shaun Menezes	5	5
Mark Hohnen ⁽²⁾	2	3
Peter Secker ⁽²⁾	3	3
(1) Appointed 31 October 2024		
(2) Resigned 31 October 2024		

Principal Activities

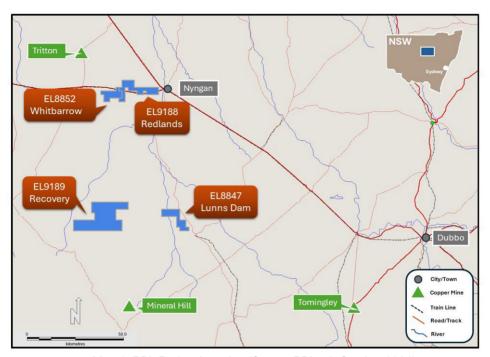

The principal activity of the Group during the year was the exploration for minerals. No significant change in the nature of these activities occurred during the year.

Review of Operations

The consolidated loss after tax of the consolidated group for the financial year was \$1,488,811 (2024: \$4,498,155).

NSW Projects

The Company's NSW Projects comprise the Redlands/Whitbarrow, Recovery and Lunns Dam Projects in the Tottenham-Girilambone district - four granted exploration licenses covering approx. 690km² - and the Obley Project in the Yeoval district - one granted exploration license covering approx. 180km² (Map 1).

Map 1: PBL Project Location (Source PBL 4th October 2021)

The Company has identified the Miandetta/Redlands Cu prospect in the Redlands Project area as being the next area to continue exploration. A review of previous exploration of the Redlands Project (EL9188) highlighted the Miandetta/Redlands Cu prospect as having excellent potential for hosting Ni/Co/Cu mineralisation. Limited historic drilling identified that anomalous Ni-Cu mineralisation is hosted in the oxide profile above ultramafic rocks. The ultramafic rocks have a distinct strong magnetic signature and a systematic drilling program has been developed in order to test the magnitude of this target.

Preliminary metallurgical testwork

Six bulk samples from the 2024 Redlands/Miandetta aircore drilling program were submitted to ALS Metallurgical laboratories for preliminary metallurgical testwork. The testwork involved atmospheric acid leach testing of Ni-Co laterite 3ineralization from Redlands and Miandetta. Sample locations are shown on Figure 1.

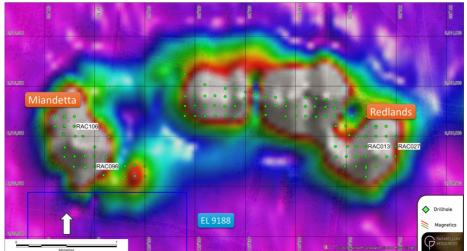

Figure 1 Redlands Prospect – Parabellum aircore/RC drillholes on airborne magnetics (analytical signal).

Overall, nickel cobalt recoveries for the saprolite samples are considered very encouraging at this stage of the testwork program.

Exploration Target

The Miandetta-Redlands Exploration Target has been prepared and reported in accordance with the JORC Code (2012) and consists of between 10 and 17 million tonnes at a grade of between 0.8% and 0.9% Nickel and 0.04% and 0.05% Co (Table 1).

Cautionary Statement: The potential tonnage, grade and quantity of the Exploration Target is conceptual in nature. There has been insufficient exploration to estimate a Mineral Resource for the target area reported. It is uncertain if further exploration will result in the estimation of a Mineral Resource.

Prospect	Minimum Tonnage (Mt)	Maximum Tonnage (Mt)	Minimum Grade Ni (%)	Maximum Grade Ni (%)	Minimum Grade Co (%)	Maximum Grade Co (%)
Miandetta	7	13	0.8	0.9	0.04	0.05
Redlands	3	4	0.6	0.7	0.04	0.05
Total	10	17	0.8	0.9	0.04	0.05

Table 1: Miandetta and Redlands Exploration Target

Notes:

- S.G. 1.66 used for tonnage estimates
- 2. Miandetta resource open to west and south and south-west
- 3. Redlands resource open to the east

Exploration Planning and tenure renewals

The Company has continued undertaking a considered review of the project suite in NSW. Furthermore, the Company's technical team has undertaken desktop studies in preparation for additional exploration initiatives at the Redlands Project that could be undertaken in 2025. These include further drilling at Miandetta-Redlands to expand the existing exploration target and confirm mineralisation continuity. The Company has also been reviewing the results of previous exploration campaigns across the project portfolio ahead of renewals for three of the existing tenements that were successfully granted during the reporting period following partial relinquishment of low prospectivity areas.

Business development opportunities

During the year the Company has evaluated several corporate and asset acquisition opportunities in the resource sector that align with its current mineral exploration projects. These studies are ongoing and are focussing on precious and base metals projects. Potential transactions may take the form of direct project acquisitions, joint ventures, farmins, acquisition of tenements and direct equity participation.

COMPETENT PERSONS STATEMENT

The information in this Review of Operations that relates to geology and exploration results and planning was compiled by Mark Arundell, who is a Member of the Australasian Institute of Geoscientists (AIG) and Exploration Manager of Parabellum Resources Limited. Mr Arundell has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Arundell consents to the inclusion in this presentation of the matters based on the information in the form and context in which it appears. Mr Arundell holds securities in the Company.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcements and, in the case of estimates of the Exploration Target, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented here have not been materially modified from the original market announcements.

Operating and Financial Risks

The Group's activities have inherent risk and the Board is unable to provide certainty of the expected results of activities, or that any or all of the likely activities will be achieved. The material business risks faced by the Group that could influence the Group's future prospects, and the Group manages these risks, are detailed below:

Operational risks

The Company may be affected by various operational factors. In the event that any of these potential risks eventuate, the Company's operational and financial performance may be adversely affected. No assurances can be given that the Company will achieve commercial viability through the successful exploration and/or mining of its tenement interests. Until the Company is able to realise value from its projects, it is likely to incur ongoing operating losses.

The operations of the Company may be affected by various factors, including failure to locate or identify mineral deposits and failure to achieve predicted grades in exploration and mining.

The tenements are at various stages of exploration, and potential investors should understand that mineral exploration and development are speculative and high-risk undertakings that may be impeded by circumstances and factors beyond the control of the Company.

There can be no assurance that exploration of the Tenements, or any other exploration properties that may be acquired in the future, will result in the discovery of an economic mineral resource. Even if an apparently viable deposit is identified, there is no guarantee that it can be economically exploited.

There is no assurance that exploration or project studies by the Company will result in the definition of an economically viable mineral deposit. In the event the Company successfully delineates economic deposits on any Tenement, it will need to apply for a mining lease to undertake development and mining on the relevant Tenement. There is no guarantee that the Company will be granted a mining lease if one is applied for and if a mining lease is granted, it will also be subject to conditions which must be met.

Further capital requirements

The Company's projects may require additional funding in order to progress activities. There can be no assurance that additional capital or other types of financing will be available if needed to further exploration or possible development activities and operations or that, if available, the terms of such financing will be favourable to the Company.

The Company's activities are subject to Government regulations and approvals

The Company is subject to certain Government regulations and approvals. Any material adverse change in government policies or legislation in Australia that affect mining, processing, development and mineral exploration activities, export activities, income tax laws, royalty regulations, government subsidiaries and environmental issues may affect the viability and profitability of any planned exploration or possible development of the Company's portfolio of projects.

Global conditions

General economic conditions, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's exploration activities, as well as on its ability to fund those activities. General economic conditions, laws relating to taxation, new legislation, trade barriers, movements in interest and inflation rates, currency exchange controls and rates, national and international political circumstances (including outbreaks in international hostilities, wars, terrorist acts, sabotage, subversive activities, security operations, labour unrest, civil disorder, and states of emergency), natural disasters (including fires, earthquakes and floods), and quarantine restrictions, epidemics and pandemics, may have an adverse effect on the Company's operations and financial performance, including the Company's exploration, as well as on its ability to fund those activities.

General economic conditions may also affect the value of the Company and its market valuation regardless of its actual performance.

Significant Changes in the State of Affairs

No significant changes in the Group's state of affairs occurred during the financial period.

Events Subsequent to the End of the Reporting Period

No matters or circumstances have arisen since the end of the financial period which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

Likely Developments and Expected Results of Operations

Likely developments in the operations of the Group and the expected results of those operations in future financial periods are set out in the review of operations.

Environmental Regulation

The Group's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a state or territory.

Dividends

No dividends were paid or declared since the start of the financial year (2024: Nil).

Company Securities

The Company has the following securities on issue as at the date of the Directors' Report.

Security Description

Number of Securities

2025

Fully paid shares 62,300,001

Unissued shares

Performance shares

As at the date of this report, there were the following unissued shares on issue:

Security Description Number of Securities

Ordinary shares under options 5,000,000

5,000,000 19,800,000 - 2,500,000

Option holders do not have any right, by virtue of the options, to participate in any share issue of the Company or any related body corporate.

Shares issued as a result of the exercise of options or performance shares

During the financial year there were no ordinary shares issued as a result of the exercise of options (2024: Nil).

No shares were issued during or since the end of the period as a result of the exercise of performance shares over unissued shares or interests.

Directors' Interests in Shares and Options of the Company

As at the date of this report, the directors' interest in shares and options of the Company were:

	Number of Ordinary Shares	Number of Options over Ordinary Shares
Peter Ruse	1,225,001	2,000,000
Fabio Vergara	101,949	<u>-</u>
Shaun Menezes	155,000	1,000,000

Corporate Governance

In recognising the need for the highest standards of corporate behaviour and accountability, the directors of the Company support and have substantially adhered to the best practice recommendations set by the ASX Corporate Governance Council. The Company's corporate governance statement is contained in the annual report.

Indemnification of Officers

The Company has, during or since the financial period, in respect of any person who is or has been an officer of the Company or a related body corporate:

- indemnified or made any relevant agreement for indemnifying against a liability incurred as an officer, including costs and expenses in successfully defending legal proceedings; or
- paid or agreed to pay a premium in respect of a contract insuring against a liability incurred as an officer for the costs or expenses to defend legal proceedings.

Proceedings on Behalf of Company

No person has applied for leave of Court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings.

The company was not a party to any such proceedings during the period.

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 11.

Non-Audit Services

There were no fees paid or payable to BDO Audit Pty Ltd or BDO Audit (WA) Pty Ltd during the year ended 30 June 2025 (2024: \$Nil) in relation to non-audit services.

PARABELLUM RESOURCES LIMITED AND ITS CONTROLLED ENTITIES DIRECTORS' REPORT REMUNERATION REPORT (AUDITED)

Remuneration Policy

The remuneration policy of the Company has been designed in order to ensure that the Group is able to attract and retain executives and Directors who will create value for shareholders, having regard to the amount considered to be commensurate for an entity of the Group's size and level of activity as well as the relevant directors' time, commitment and responsibility. Independent advice may be obtained to confirm that executive remuneration is in line with market practice and is reasonable in the context of Australia executive reward practices.

The Board's policy for determining the nature and amount of remuneration for board members and other senior executives of the Group is as follows:

The remuneration policy setting out the terms and conditions of any executive director was developed by the Board.

All senior executives will be subject to an annual performance evaluation against an established set of performance targets which are aligned to overall business goals and the Group's requirement of the position. Performance pay components of executives' packages are dependent on the outcome of the evaluation.

Remuneration packages for executive directors and other senior executives include an appropriate balance of fixed remuneration and performance-based remuneration. Fixed remuneration takes into account the Group's obligations at law and labour market conditions, and is relative to the scale of the Group's business.

Non-executive directors are remunerated by way of cash fees, superannuation contributions and non-cash benefits in lieu of fees (such as salary sacrifice into superannuation or equity). Levels of fixed remuneration for non-executive directors reflect the time commitment and responsibilities of the role.

Remuneration and other terms of employment for the executive director and other senior executives have been formalised in service agreements as follows:

The Company has entered into an agreement with non-executive Chairman, Mr Peter Ruse. The terms of the agreement are set out as follows:

- Commencement date: 15 October 2020
- Term: no fixed
- Fixed remuneration: \$100,000 per annum plus superannuation (from 1 November 2024)
- Long-term incentive options:
 - Class C 2,000,000 options at an exercise price of \$0.50, expiring 30 November 2025
- Termination for cause: no notice period
- Termination without cause: no notice period

The Company has entered into an agreement with non-executive director, Mr Fabio Vergara. The terms of the agreement are set out as follows:

- Commencement date: 31 October 2024
- Term: no fixed
- Fixed remuneration: \$50,000 per annum plus superannuation
- Termination for cause: no notice period
- Termination without cause: no notice period

The Company has entered into an agreement with non-executive director, Mr Shaun Menezes. The terms of the agreement are set out as follows:

- Commencement date: 3 June 2021
- Term: no fixed
- Fixed remuneration: \$60,000 per annum plus superannuation
- Long-term incentive options:
 - Class C 1,000,000 options at an exercise price of \$0.50, expiring 30 November 2025
- Termination for cause: no notice period
- Termination without cause: no notice period

Remuneration of non-executive directors is determined by the Board within the maximum amount approved by shareholders from time to time which currently stands at \$500,000 per annum.

The Board undertakes an annual review of its performance and may exercise discretion in relation to approving incentives, bonuses and options.

All remuneration paid to directors and executives is valued at the cost to the Company and expensed.

Performance-based remuneration

The Company currently has not granted any performance-based remuneration during the year.

PARABELLUM RESOURCES LIMITED AND ITS CONTROLLED ENTITIES **DIRECTORS' REPORT** REMUNERATION REPORT (AUDITED)

Cash and cash equivalents at end of the period	5	1,430,319	1,634,931

The above consolidated statement of cash flows should be read in conjunction with the accompanying notes.

CORPORATE INFORMATION

Parabellum Resources Limited is a public company limited by shares incorporated on 15 October 2020 and domiciled in Australia.

These consolidated financial statements and notes represent Parabellum Resources Limited and its controlled entities (together 'Consolidated Group', 'Group').

The Group is principally engaged in the business of mineral exploration in Australia. The registered office and principal place of business of the Company is, 52 Ord Street, West Perth WA 6005.

The financial statements of the Group for the year ended 30 June 2025 were authorised for issue in accordance with a resolution of the directors on 31 July 2025.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

Basis of preparation

The financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001, Australian Accounting Standards and other authoritative pronouncements of the Australian Accounting Standards Board.

The financial report has been prepared on an accrual basis of accounting including the historical cost convention and the going concern assumption.

Both the functional and presentation currency of the Company is in Australian dollars.

Statement of compliance

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards (IFRS). Compliance with IFRS ensures that the financial statements and notes comply with International Financial Reporting Accounting Standards (IFRS).

New accounting standards and interpretations

The Group has adopted all new accounting standards and interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to its operations and effective for annual reporting periods beginning 1 July 2024. The adoption of these new and revised standards and interpretations did not have any effect on the financial position or performance of the Group.

Accounting standards and interpretations issued but not yet effective

Certain Australian Accounting Standards and Interpretations have recently been issued or amended but are not yet effective and have not been adopted by the Group for the reporting year ended 30 June 2025. The Directors have not early adopted any of these new or amended standards or interpretations. The Directors have not yet fully assessed the impact of these new or amended standards (to the extent relevant to the Group) and interpretations.

Cash and cash equivalents

Cash and cash equivalents in the Consolidated Statement of Financial Position comprise cash at bank and in hand and short term deposits with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

For the purposes of the consolidated statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above.

Exploration and evaluation expenditure

Exploration and evaluation expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

Accumulated costs in relation to an abandoned area are written off in full against profit in the period in which the decision to abandon the area is made.

When production commences, the accumulated costs for the relevant area of interest are amortised over the life of the area according to the rate of depletion of the economically recoverable reserves.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

Costs of site restoration are provided over the life of the facility from when exploration commences and are included in the costs of that stage. Site restoration costs include the dismantling and removal of mining plant,

equipment and building structures, waste removal, and rehabilitation of the site in accordance with clauses of the mining permits. Such costs have been determined using estimates of future costs, current legal requirements and technology on an undiscounted basis.

Any changes in the estimates for the costs are accounted on a prospective basis. In determining the costs of site restoration, there is uncertainty regarding the nature and extent of the restoration due to community expectations and future legislation. Accordingly, the costs have been determined on the basis that the restoration will be completed within one period of abandoning the site.

(f) Contributed equity

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(g) Critical accounting judgements and estimates

The preparation of financial statements requires the use of certain critical accounting judgements and estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. There are no areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements except for the following:

Key estimate: Accounting for investment in Temarise under equity method

Associates are those entities over which the Group is able to exert significant influence but which are not subsidiaries. A holding of 20% or more of the voting power will indicate significant influence. They are accounting for using the equity method. The carrying amount of the investment in associates is increased or decreased to recognise the group's share of profit or loss and other comprehensive income of the associate, adjusted where necessary to ensure consistency with the accounting policies of the group.

The Group assesses the carrying amount of its investments in associates at each reporting period, or more frequently if events or changes in circumstances indicate impairment, in accordance with AASB 128 Investments in Associates and Joint Ventures. If impairment indicators are identified, the Group tests the investments for impairment in accordance with AASB 136 Impairment of Assets. In assessing the recoverability of its investments in associates, management applies their estimates and judgements as to the recoverability of its investments.

The Group applies the requirements of AASB 9 Financial Instruments to its other interest in the associate such as loans to or receivables from the associate.

Key estimate: Capitalised Exploration Expenditure

Exploration and evaluation costs have been capitalised on the basis that the Group will commence commercial production in the future, from which time the costs will be amortised in proportion to the depletion of the mineral resources. Key judgements are applied in considering costs to be capitalised which includes determining expenditures directly related to these activities and allocating overheads between those that are expensed and capitalised. In addition, costs are only capitalised that are expected to be recovered either through successful development or sale of the relevant mining interest. Factors that could impact the future commercial production at the mine include the level of reserves and resources, future technology changes, which could impact the cost of mining, future legal changes and changes in commodity prices. To the extent that capitalised costs are determined not to be recoverable in the future, they will be written off in the period in which this determination is made.

Upon approval for the commercial development of an area of interest, accumulated expenditure for the area of interest is transferred to mining assets.

EXPENSES

(b) Non-cash investing and financing activities

There were no non-cash investing and financing activities during the year ended 30 June 2025 and 2024.

(c) Changes in liabilities arising from financing activities

There were no changes in liabilities arising from financing activities.

6. EXPLORATION AND EVALUATION EXPENDITURE

	2025 \$	2024 \$
Balance at the beginning of the period Exploration and evaluation expenditure incurred during the period Exploration expenditure impaired	2,545,410 48,493 (1,392,099)	2,041,210 504,200
Balance at the end of the period	1,201,804	2,545,410

The Company has no planned future exploration expenditure on the Obley, Lunns Dam and Recovery projects and has therefore impaired the carrying value of exploration expenditure capitalised up to 30 June 2025.

The value of the exploration tenements carried forward is dependent upon:

- (a) The continuance of the Consolidated Entity's rights to tenure of the area of interest;
- (b) The results of future exploration; and
- (c) The recoupment of costs through successful development and exploitation of the areas of interest or alternatively by their sale.

7. INVESTMENT ACCOUNTED FOR USING THE EQUITY METHOD

	2025 \$	2024 \$	
Investment in Temarise Limited			

The Company has discontinued accounting for its investment in Temarise using the equity method as the Company no longer has the ability to exercise significant influence.

During the period, the Company received \$324,828 in cash from Temarise as a capital return which has been recognised in the profit and loss statement as a reversal of impairment.

				2024 \$

(d) Capital risk management

The Company does not have a defined share buy-back plan.

No dividends were paid in 2025 (2024: Nil).

There is no current intention to incur further debt funding on behalf of the Company as on-going expenditure will be funded via cash reserves or equity.

The Company is not subject to any externally imposed capital requirements.

10. RESERVES

(a) Share based payments and option reserve

	2025	2024
	>	Þ
Share based payments reserve	2,532,519	2,532,519
Options reserve	668	668
Total	2,533,187	2,533,187

(b) Movement in options

Date	Details	No. of Unlisted Options	Fair Value of Options Granted	Exercise Price	Expiry Date
01/07/2023	Opening balance	19,800,000

19/11/2024	Lead Manager options	(1,800,000)	N/A	\$0.30	19/11/2024
29/11/2024	Director options	(875,000)	N/A	\$0.25	29/11/2024
29/11/2024	Director options	(1,125,000)	N/A	\$0.30	29/11/2024
13/12/2024	Corporate Advisor options	(6,000,000)	N/A	\$0.50	13/12/2024
30/06/2025	Closing balance	5,000,000			

(c) Nature and purpose of reserves

Share based payments reserve

The share based payments reserve is the value of equity benefits provided to directors, employees and consultants by the Company as part of their remuneration.

Option reserve

The option reserve is the value paid for the options that were issued to founders of the company for cash consideration and the Lead Manager as part of the capital raising fee for the IPO.

11. LOSS PER SHARE

The following reflects the income and data used in the calculations of basic and diluted earnings/(loss) per share:

Loss per share (cents)	2025 \$ (2.39)	2024 \$ (7.22)
Loss used in calculating basic and diluted loss per share	(1,488,811)	(4,498,155)
Weighted average number of ordinary charge used in calculating	# shares	# shares
Weighted average number of ordinary shares used in calculating basic loss per share:	62,300,001	62,300,001

The options on issue at 30 June 2025 were anti-dilutive, and therefore diluted loss per share was the same as basic loss per share.

12. SHARE BASED PAYMENTS

The number and weighted average exercise prices of share options are as follows:

	Weighted average exercise price	Number of Options	Weighted average exercise price	Number of Options
	30 June	2025	30 June 2	2024
Outstanding at beginning of the period	\$0.384	19,800,000	\$0.384	19,800,000
Expired during the period	\$0.36	(14,800,000)	-	-
Outstanding at end of the period			\$0.384	19,800,000
Exercisable at end of the period	\$0.50	5,000,000	\$0.384	19,800,000

The options outstanding at 30 June 2025 has an exercise price of \$0.50 and a weighted average remaining contractual life of approximately 0.4 years.

13. INVESTMENT IN SUBSIDIARIES

Interests are held in the following subsidiary companies:

Name	Principal Activity	Country of Incorporation	Ownership Interest 2025	Ownership Interest 2024
Lachlan Minerals Pty Ltd	Mineral Exploration	Australia	100%	100%
PBL Mongolia Pty Ltd	Mineral Exploration	Australia	100%	100%

14. CONTINGENT LIABILITIES, COMMITMENTS AND CONTINGENT ASSETS

On 29 November 2024, 2,500,000 Performance Shares issued as part of the acquisition of Lachlan Minerals lapsed, as the performance conditions were not met.

Other than as stated above, as at 30 June 2025 there were no contingent liabilities, lease commitments or contingent assets.

15. RELATED PARTY TRANSACTIONS

The Group's main related parties are as follows:

a. Subsidiaries

Interest in subsidiaries are set out in Note 13.

b. Key management personnel

Disclosures relating to key management personnel are set out in note 16.

c. Transactions with other related parties:

There were no transactions with other related parties during the year ended 30 June 2025.

KEY MANAGEMENT PERSONNEL DISCLOSURES

Compensation:

The aggregate compensation made to directors and other members of key management personnel of the Company is set out below:

	2025 \$	2024 \$
Directors' remuneration Other key management salaries	301,762	367,201 -
Share based payments Aggregate compensation	301,762	- 367,201

SD JOLAN DELECTION OF THE PROPERTY OF THE PROP FINANCIAL RISK MANAGEMENT

The Group's financial instruments consist mainly of deposits with banks, and accounts receivable and payables.

The main purpose of these financial instruments is to finance the Group's operations. The Group has various other financial assets and liabilities such as other receivables and trade payables, which arise directly from its operations.

The main risks arising from the Group's financial instruments is cash flow interest rate risk and liquidity risk. Other minor risks are either summarised below or disclosed at Note 9 in the case of capital risk management. The Board reviews and agrees policies for managing each of these risks.

(a) Cash flow interest rate risk

The Group's exposure to the risks of changes in market interest rates relates primarily to the Group's short-term deposits with a floating interest rate. These financial assets with variable rates expose the Group to cash flow interest rate risk. All other financial assets and liabilities in the form of receivables and payables are non-interest bearing. The Group does not engage in any hedging or derivative transactions to manage interest rate risk.

The Group has not entered into any hedging activities to cover interest rate risk. In regard to its interest rate risk, the Group does not have a formal policy in place to mitigate such risks.

The following table sets out the carrying amount by maturity of the Group's exposure to interest rate risk and the effective weighted average interest rate for each class of these financial instruments. There were no fixed interest rate financial assets or liabilities held by the Group.

2025	Non Interest Bearing	Floating Interest Rate	Total	Weighted Average
	\$	\$	\$	Effective Interest Rate %
Financial Assets				
- Cash and cash equivalents	3,113	1,427,206	1,430,319	4.52
- Deposits held	50,000	-	50,000	
Total Financial Assets	53,113	1,427,206	1,480,319	
Financial Liabilities				
- Trade creditors	(73,004)	-	(73,004)	
Total Financial Liabilities	(73,004)	-	(73,004)	
Net Financial Assets / (Liabilities)	(19,891)	1,427,206	1,407,315	

2024	Non Interest Bearing \$	Floating Interest Rate \$	Total	Weighted Average Effective Interest Rate %
Financial Assets				
- Cash and cash equivalents	4,752	1,630,179	1,634,931	2.59
- Deposits held	50,000	-	50,000	-
Total Financial Assets	54,752	1,630,179	1,684,931	
Financial Liabilities				
- Trade creditors	(148,657)	-	(148,657)	
Total Financial Liabilities	(148,657)	-	(148,657)	
Net Financial Assets / (Liabilities)	(93,905)	1,630,179	1,536,274	

Interest rate sensitivity

At 30 June 2025, if interest rates had changed by 10% during the entire year with all other variables held constant, profit/(loss) for the year and equity would have been \$6,930 lower/higher, mainly as a result of lower/higher interest income from cash and cash equivalents.

A sensitivity of 10% has been selected as this is considered reasonable given the current level of both short term and long term Australian dollar interest rates. A 10% increase sensitivity would move short term interest rates at 30 June 2025 from around 3.8% to 4.2% (10% decrease: 3.4%) representing a 40 basis points shift. This would represent one increase which is reasonably possible in the current environment with the bias coming from the Reserve Bank of Australia and confirmed by market expectations that interest rates in Australia are more likely to move up than down in the coming period.

Based on the sensitivity analysis, only interest revenue from variable rate deposits and cash balances are impacted resulting in a decrease or increase in overall income.

(b) Fair values

Unless otherwise stated, the carrying amount of financial instruments reflect their fair value.

(c) Credit risk

Credit risk represents the loss that would be recognised if counterparties fail to perform as contracted. The Group's maximum exposure to credit risk at reporting date in relation to each class of financial asset is the carrying amount of those assets as indicated in the statement of financial position. The majority of cash and cash equivalents is held with one Australian Bank which has an AA- long-term credit rating from Standard and Poor's.

Wherever possible, the Group trades only with recognised, credit worthy third parties. There are no significant concentrations of credit risk within the Group. Since the Group trades only with recognised third parties, there is no requirement for collateral.

(d) Contractual maturities

The contractual maturities for all the Group's financial liabilities is less than six months.

18. AUDITOR'S REMUNERATION

The disclosures include amounts received or due and receivable by BDO Audit (WA) Pty Ltd, BDO Audit Pty Ltd and their respective related entities.

	2025 \$	2024 \$
Amounts paid or payable to BDO Audit Pty Ltd for:	•	•
Audit services	38,907	41,544

19. SEGMENT INFORMATION

The directors have considered the requirements of AASB 8 – Operating Segments and the internal reports that are reviewed by the chief operating decision maker (the Board) in allocating resources and have concluded that at this time there are two separately identifiable business segments.

The operations and assets of Parabellum Resources Limited and its controlled entities are employed in exploration activities relating to minerals in Australia and Mongolia.

(a) Segment performance

The segment performance of the group in 2025 all relates to the Australian segment.

2024	Australia \$	Mongolia \$	Consolidated \$
Other revenue	86,289	-	86,289
Segment result:			
Share of loss of associates accounted for using equity method	-	(1,022,641)	(1,022,641)
Impairment of investment in associate	-	(2,877,359)	(2,877,359)

Loss of the parent entity	(1,492,186)	(4,358,796)
Total comprehensive loss of the parent entity	(1,492,186)	(4,358,796)

The parent entity has not provided any material guarantees, contingent liabilities or contractual commitments as at 30 June 2025.

The parent entity applies the same accounting policies as the group, except for its investment in subsidiaries at carrying value.

21. EVENTS AFTER THE REPORTING PERIOD

There have been no events subsequent to the financial period end that will affect the results as disclosed in this report.

PARABELLUM RESOURCES LIMITED AND ITS CONTROLLED ENTITIES

CONSOLIDATED ENTITY DISCLOSURE STATEMENT

Name of entity	Type of entity	Trustee, partnership or participant in joint venture	% of share capital held	Country of incorporation	Tax residency
Parabellum Resources Limited	Body corporate	n/a	n/a	Australia	Australia
Lachlan Minerals Pty Ltd	Body corporate	n/a	100	Australia	Australia
PBL Mongolia Pty Ltd	Body corporate	n/a	100	Australia	Australia

Basis of Preparation

This Consolidated Entity Disclosure Statement (CEDS) has been prepared in accordance with the Corporations Act 2001, reflecting the amendments to section 295(3A)(vi) and (vii) which clarify the definition of a foreign resident as being an entity that is treated as a resident of a foreign country under the tax laws of that foreign country. These amendments apply for financial years beginning on or after 1 July 2024. The CEDS includes certain information for each entity that was part of the consolidated entity at the end of the financial year in accordance with AASB 10 Consolidated Financial Statements.

Determination of Tax Residency

Section 295(3B)(a) of the Corporation Acts 2001 defines Australian resident as having the meaning in the Income Tax Assessment Act 1997. The determination of tax residency involves judgement as there are currently several different interpretations that could be adopted, and which could give rise to a different conclusion on residency. Section 295 (3A)(a)(vii) requires the determination of tax residency in a foreign jurisdiction to be based on the law of the foreign jurisdiction relating to foreign income tax.

In determining tax residency, the consolidated entity has applied the following interpretations:

Australian tax residency - The consolidated entity has applied current legislation and judicial precedent, including having regard to the Tax Commissioner's public guidance in Tax Ruling TR 2018/5.

PARABELLUM RESOURCES LIMITED AND ITS CONTROLLED ENTITIES

DIRECTORS' DECLARATION

In accordance with a resolution of the directors of Parabellum Resources Limited, I state that:

- 1. In the opinion of the directors:
 - (a) the financial statements and notes of the Consolidated Group for the financial year ended 30 June 2025 are in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Consolidated Group's financial position as at 30 June 2025 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards and Corporations Regulations 2001;
 - (b) the financial statements and notes also comply with International Financial Reporting Standards as disclosed in Note 2(b); and
 - (c) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and
 - (d) the consolidated entity disclosure statement is true and correct.
- 2. This declaration has been made after receiving the declarations required to be made to the directors by the chief executive officer and the chief financial officer in accordance with section 295A of the *Corporations Act 2001* for the financial year ended 30 June 2025.

On behalf of the Board

INDEPENDENT AUDITOR'S REPORT

To the members of Parabellum Resources Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Parabellum Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial report, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion the accompanying financial report of the Group, is in accordance with the *Corporations Act 2001*, including:

- i) Giving a true and fair view of the Group's financial position as at 30 June 2025 and of its financial performance for the year ended on that date; and
- ii) Complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Carrying Value of Exploration and Evaluation Expenditure

Key audit matter	How the matter was addressed in our audit
The carrying value of the capitalised exploration and evaluation asset as at 30 June 2025 is disclosed in Note 6 of the financial report. Judgement is applied in determining the treatment of exploration expenditure in accordance with Australian Accounting Standard AASB 6 Exploration for and Evaluation of Mineral Resources. In particular: • Whether the conditions for capitalisation are satisfied; • Which elements of exploration and evaluation expenditures qualify for recognition; and • Whether facts and circumstances indicate that the exploration and expenditure assets should be tested for impairment. As a result, this is considered a key audit matter.	 Our procedures included, but were not limited to: Obtaining a schedule of the areas of interest held by the Group and assessing whether the rights to tenure of those areas of interest remained current at balance date; Considering the status of the ongoing exploration programmes in the respective areas of interest by holding discussions with management, and reviewing the Group's exploration budgets, ASX announcements and directors' minutes; Considering whether any such areas of interest had reached a stage where a reasonable assessment of economically recoverable reserves existed; Verifying, on a sample basis, exploration and evaluation expenditure capitalised during the year for compliance with the recognition and measurement criteria of AASB 6; Considering whether there are any other facts or circumstances existing to suggest impairment testing was required and for impairment expenses recorded, agreeing details to supporting documentary evidence; Assessing judgement made by the group in impairment of exploration costs in line with group accounting policy and knowledge of the groups exploration activities; and Assessing the adequacy of the related disclosures in Note 6 to the financial report.

Other information

The directors are responsible for the other information. The other information comprises the information in the Group's annual report for the year ended 30 June 2025 but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- a) the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and
- b) the consolidated entity disclosure statement that is true and correct in accordance with the Corporations Act 2001, and

for such internal control as the directors determine is necessary to enable the preparation of:

- i) the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- ii) the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (http://www.auasb.gov.au/Home.aspx) at: https://www.auasb.gov.au/media/bwvjcqre/ar1_2024.pdf

This description forms part of our auditor's report.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 7 to 9 of the directors' report for the year ended 30 June 2025.

In our opinion, the Remuneration Report of Parabellum Resources Limited, for the year ended 30 June 2025, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
