Chair & CEO's Letter

Dear Shareholders,

On behalf of Change Financial Limited (**Change Financial** or the **Company**), we are pleased to present our Annual Report for the year ended 30 June 2025.

As we reflect on the 2025 financial year, we do so with great pride in what we have achieved, and excitement and optimism for the future of Change Financial. This financial year marked an important period for the Company as we continued to grow and scale the business. This inflection point is reflected in the financial performance for the year and the positive outlook for the year ahead. As the business continues to scale, we remain extremely focussed on driving revenue growth and increasing profitability. The foundational work we have completed on our operations and core products, Vertexon and PaySim has set Change Financial up to deliver growth now and in the future.

The team continues to focus on executing our strategic plan as we chase our ambition of being a dominant player in the global payments space. Some of the notable achievements of the past year include:

- Appointed two new strategic business development managers focused on outbound sales to drive growth and capitalise on the significant market opportunity for both products;
- Increased sales and product focus on PaySim which delivered a material uplift in financial performance in the second half of the financial year;
- Continued growth in the PaaS platform with Change Financial now the largest non-bank issuer of debit cards in New Zealand, processing over NZ\$1 billion annually;
- Signed our first BIN sponsorship clients in Australia and New Zealand; and
- Continued to release new product features and functionality with PaaS clients adopting Google and Apple Pay in New Zealand and Australia.

These achievements contributed to the Company's significantly improved financial performance for the year. Change Financial delivered revenue of US\$15.1 million (A\$23.3 million¹) in financial year 2025, an increase of 42% on the prior year, exceeding our market guidance of 'in excess of 30%'. Notably, 76% of revenue was derived from recurring sources, providing a solid base to deliver incremental future revenue growth. Pleasingly, Change Financial also delivered a maiden positive Underlying Earnings Before Interest Tax Depreciation and Amortisation (**Underlying EBITDA**) of US\$0.2 million (A\$0.3 million). Further, cash flows from operating activities were positive for the year.

During the year we made the strategic decision to exit the US operations. The highly challenging regulatory environment in the US directly impacted Change Financial's issuing bank partner (an independent third party) in the market. These challenges not only affected Change Financial but others in the US with peers also experiencing similar challenges. We believe the highly challenging regulatory environment in the US would likely continue to drag on the broader Change Financial business and as such, believe it would have taken a number of years to achieve profitability in the region. Exiting the loss-making US operations has ultimately strengthened Change Financial's financial position and enabled the business to focus on winning in markets where we are seeing attractive near-term opportunities.

Looking forward to financial year 2026, Change Financial is targeting revenue in the range of US\$16.5 million (A\$25.4 million) to US\$18.0 million (A\$27.7 million) and a significant increase in Underlying EBITDA, which we expect to be in the range of US\$2.5 million (A\$3.8 million) to US\$3.5 million (A\$5.4 million). We continue to see increased momentum in the growth of the sales pipeline and the speed at which clients are moving through the sales funnel. As the business continues to scale, we expect to see continued Underlying EBITDA margin improvement through incremental client wins. We also expect to be net cash flow positive for financial year 2026, marking a significant milestone in the Company's lifecycle.

We are extremely proud of the continued progress and execution of our strategy by the team and we are excited for the future as we chase our ambition to be a dominant player in the payments space. Our business continues to grow and strengthen as we drive operational efficiency and scale.

1. AUD/USD = 0.65, all AUD amounts are converted for representation purposes to assist the reader.

Chair & CEO's Letter

(Continued)

We would like to take this opportunity to thank all our valued clients, partners and employees and highlight how important they are to us and the successful future of our Company. To the Change Financial team, thank you for your ongoing dedication and commitment to continued execution excellence over this past year. The ongoing delivery of key milestones are critical to our future growth and success. We would also like to acknowledge the contribution of our former Chair, Mr. Eddie Grobler, who sadly passed away during the year. Eddie brought unwavering passion and commitment to everything he did for Change Financial and believed deeply in our vision, working tirelessly to help us succeed.

Finally, we would like to thank our shareholders for their continued support and we look forward to keeping you informed of our key achievements throughout the upcoming year.

Sincerely,

Geoffrey Sam OAM
Chair

Tony Sheehan
Chief Executive Officer

Directors' Report

The Directors present their report together with the financial statements of Change Financial Limited (**Change Financial** or the **Company**) consisting of Change Financial Limited and the entities it controlled (**Group**) at the end of or during the year ended 30 June 2025.

Directors

The following persons were Directors of Change Financial during the whole of the financial year and up to the date of this report unless otherwise stated:

- Geoffrey Sam (Chair)
- Thomas Russell (Executive Director)
- Ian Leijer (Non-executive Director)
- Michael Giles (Non-executive Director – appointed 31 March 2025)
- Edward Grobler (Non-executive Chair – ceased on 8 April 2025 following his passing)
- Alastair Wilkie (Non-executive Director – retired 21 November 2024)

Principal Activities

The Group's principal activity during the year continued to be the commercialisation and ongoing development of its payments management platform and payment testing solution. Change Financial is a global fintech developing innovative and scalable payments technology through two core products:

- Vertexon: physical, digital and virtual card issuing and transaction processing; and
- PaySim: payment testing solution.

Review of Operations

Highlights

Change Financial's strategy remains focussed on providing simple, flexible and fast to market technology solutions and services globally. The Group has completed substantial foundational work on the Vertexon and PaySim products and strengthened operational capabilities which has set Change up to deliver growth now and in the future. Key operational highlights for the year include:

- Continued growth in card processing and issuing with more than 73,000 cards live and transacting on the Vertexon PaaS platform;
- Completed detailed market assessments for Vertexon and PaySim which have refined the product, sales and marketing strategy;
- Strengthened the commercial team with the appointment of new strategic sales executives focussed on outbound sales;
- Signed the first BIN sponsorship clients in Australia and New Zealand;
- Launched Apple and Google Pay in New Zealand and Australia for Vertexon PaaS clients; and
- Exited the loss-making US operations which has strengthened the Group's financial position and enabled the business to focus on winning in markets where there are attractive near-term opportunities.

These achievements contributed to the Group's significantly improved financial performance for the year. The Group delivered revenue of US\$15.1 million in financial year 2025, an increase of 42% on the prior year. Notably, 76% of revenue was derived from recurring sources, providing a solid base to deliver incremental future revenue growth. Further, cash flows from operating activities were positive for the year.

Directors' Report

(Continued)

Key risks

The Group is exposed to a number of risks including regulatory, operational, financial, technological and broader market factors. These risks may impact on the Group's ability to achieve financial and operational targets. The Group manages these risks through the senior leadership team with oversight from the Board. Key risk management policies are reviewed and approved by the Board of Directors (**Board**) and implemented by the senior leadership team. Some of the key risks include:

- Product commercialisation – revenue growth is dependent on the ability to commercialise new products. The Vertexon PaaS platform is now live and operational in Australia and New Zealand with over 73,000 active cards on the platform. Whilst the Group has commenced generating revenue from the Vertexon PaaS platform, continued future revenue growth is dependent on growing the client base and increasing volumes. The Group strengthened its commercial team during financial year 2025 to focus on securing new clients and driving growth.
- Ability to scale – the ability to scale the business is key to driving profitable future growth. The Group is focused on growing in pre-defined core target markets with the goal of achieving scale in these regions.
- General financial – the Group is subject to financial risks including increased operational costs, reduced client pricing, and access to equity and debt sources. The Group manages its financial risk by regularly monitoring and forecasting financial performance, cashflows and capital requirements.
- Competition – the Group operates in a competitive market with other companies providing similar services. The Group mitigates this risk through product and service differentiation and entering long-term contracts with clients where possible.
- Technology – the Group is subject to technology related risks which may impact on financial, operational and reputational value. Technology risks include cyber-attacks which have the potential to impact the Group and its clients. The Group mitigates these risks by continuing to invest in IT systems, training and testing.
- Operational – the Vertexon PaaS offering, particularly card issuing, requires different skill sets and business operations to ensure success. Card issuing also introduces new risks to the business particularly in relation to treasury, fraud and compliance. The Group has appointed experienced individuals with the requisite skills in these areas to mitigate risk associated with card issuing.
- Regulatory – the Group operates in more than 40 countries and provides card issuing (which is a regulated activity) in New Zealand and Australia. The Group has a dedicated compliance function, assisted by specialist external advisors, which is responsible for ensuring the Group complies with existing regulations and any future changes. The Group closely monitors regulatory requirements to ensure current and future compliance and to enable the Group to respond to upcoming changes as and when required.

Significant changes in the state of affairs

No significant changes in the state of affairs other than as set out in the Review of Operations above.

Matters subsequent to the end of the financial year

Nil.

Likely developments and expected results of operations

Refer to the Review of Operations for further details.

The Company Secretary is Mr. Adam Gallagher.

Experience and expertise

Adam is a highly experienced company secretary, director and executive with a broad corporate skill-set and provides governance services to listed companies through his firm Applied Corporate Governance Partners.

Adam holds a Bachelor of Economics, Master in Commerce, Graduate Diploma in Information Systems and Graduate Diploma in Applied Corporate Governance and is a Fellow of the Governance Institute of Australia.

Meetings of Directors

The numbers of meetings of the Board and of each Board Committee held during the year ended 30 June 2025, and the numbers of meetings attended by each Director were:

	Full meetings of Directors		Audit & Risk Committee meetings		Nomination & Remuneration Committee meetings	
	Number attended	Number eligible to attend	Number attended	Number eligible to attend	Number attended	Number eligible to attend
Geoffrey Sam	15	15	–	–	–	–
Thomas Russell	15	15	4	4	1	1
Ian Leijer	15	15	4	4	1	1
Michael Giles	4	4	–	–	–	–
Edward Grobler	9	11	2	3	1	1
Alastair Wilkie	4	5	–	–	–	–

On 28 May 2025, the Board resolved to dissolve the Audit & Risk Committee (**ARC**) with the responsibilities outlined in the Audit & Risk Management Charter now undertaken by the full Board. Mr. Leijer was Chair of the ARC.

On 28 May 2025, the Board resolved to dissolve the Nomination & Remuneration Committee (**NRC**) with the responsibilities outlined in the Nomination and Remuneration Charter now undertaken by the full Board. Mr. Russell was the Chair of the NRC.

Directors' Report

(Continued)

Remuneration report (audited)

The Directors are pleased to present Change Financial's 2025 remuneration report which sets out remuneration information for Change Financial's Non-executive Directors, Executive Directors and the Group's other key management personnel.

Non-executive director remuneration policy

The shareholders of Change Financial on 11 August 2015 approved, for the purposes of the ASX Listing Rules and the Group's Constitution, an increase in the maximum aggregate annual Non-executive Directors' fees to A\$500,000, with such fees to be allocated to the Non-executive Directors as the Board may determine.

Executive remuneration policy and framework

The objective of the Group's executive reward framework is to ensure reward for performance is competitive and appropriate for the results delivered. The framework aligns executive reward with achievement of strategic objectives and the creation of value for shareholders and conforms with market practice for delivery of reward.

The Board ensures that executive reward satisfies the following key criteria for good reward governance practices:

- competitive and reasonable, enabling the Group to attract and retain key talent;
- aligned to the Group's strategic and business objectives and the creation of shareholder value;
- performance linkage/alignment of executive compensation;
- transparent;
- acceptable to shareholders;
- alignment to shareholders' interests;
- attracts and retains high calibre executives;
- alignment to program participants' interests;
- rewards capability and experience; and
- provides recognition for contribution.

The executive remuneration and reward framework has three components:

- base pay and benefits, including superannuation;
- short-term incentives; and
- long-term incentives.

(a) Elements of remuneration base pay and benefits

Executives are offered a competitive base pay that comprises the fixed component of pay and rewards. Base pay for executives is reviewed annually to ensure the executive's pay is competitive with the market. An executive's pay is also reviewed on promotion.

There are no guaranteed base pay increases included in any executives' contracts.

(b) Details of remuneration

Details of the remuneration of the Directors and the key management personnel of the Group (as defined in AASB 124 *Related Party Disclosures*) are set out in the following tables.

Directors' Report

(Continued)

The key management personnel of Change Financial Limited includes the Directors as listed below:

- Geoffrey Sam (Chair)
- Thomas Russell (Executive Director)
- Ian Leijer (Non-executive Director)
- Michael Giles (Non-executive Director – appointed 31 March 2025)
- Edward Grobler (Non-executive Chair – ceased on 8 April 2025 following his passing)
- Alastair Wilkie (Non-executive Director – retired 21 November 2024)

In addition to the Directors, the following executives that report directly to the Board or Chief Executive Officer (**CEO**) are Key Management Personnel:

- Tony Sheehan (Chief Executive Officer) – appointed Chief Financial Officer 19 July 2021 and subsequently appointed Chief Executive Officer effective 3 July 2023
- Arnold Lee (Chief Technology Officer) – appointed 1 September 2021
- Jennifer Mateer (Chief Commercial Officer) – appointed 2 April 2024

The following table shows details of the remuneration expense recognised for the Group's executive key management personnel for the current and previous financial year measured in accordance with the requirements of the accounting standards.

2025	Short-Term Benefits		Post-Employment Benefits	Long-Term Benefits	Share-Based Payments	Total	Proportion of Remuneration Performance Based

Total	824,380	–	47,750	4,259	21,494	897,883	2.4

1. Mr. Wilkie retired as Chief Executive Officer and Managing Director effective 7 July 2023 from which he continued as a Non-executive Director until he retired from the Board effective 21 November 2024.
2. Ms. Mateer was appointed 2 April 2024.
3. Mr. D'Alessandro resigned effective 12 April 2024.

The value of options and/or performance rights issued to Directors and employees as remuneration is expensed over the vesting period which may be a number of years. Therefore, the amount for share-based payments is not a cash expense and represents the expense recognised in that financial year for options and/or performance rights granted as remuneration in that year and prior years. Negative amounts are the options forfeited but not yet vested at the time of forfeiture.

In the current year, a portion of remuneration for the Key Management Personnel are performance related. Performance related remuneration is based on achieving certain financial and operational targets that are aligned to the success of the Group. The Group undertakes a formal process to assess actual results achieved relative to the targets set to determine an individual's eligibility for performance related remuneration.

Directors' Report

Shares under option

Unissued ordinary shares of Change Financial under option at the date of this report are as follows:

Grant Date	Expiry	Strike Price	Number
9 Oct 2024	9 Oct 2025	A\$0.15	500,000
TOTAL			500,000

No shares were issued during the financial year or subsequent to balance date as the result of the exercise of options (2024: nil).
No amounts remain unpaid.

Shares subject to performance rights

During the year ended 30 June 2024, the Company introduced a performance rights plan. Performance rights were granted to senior executives of the Group as part their remuneration package. The performance rights were granted under their employment contracts with an exercise price of nil upon satisfaction of performance hurdles and service conditions. The performance hurdles relate to the 15-day volume weighted average price of the Company's shares for periods after the release of the Company's annual report.

Set out below are summaries of performance rights granted to staff and executives.

Grant date	Expiry date	Price hurdle	Balance at 1 July 2024	Granted during the period	Forfeited/ expired during the period	Vested during the period	Balance at 30 June 2025
1/6/2024	20/9/2024	A\$0.08	3,050,000	–	(3,050,000)	–	–
1/6/2024	19/9/2025	A\$0.10	3,050,000	–	(350,000)	–	2,700,000

Directors' Report

(Continued)

The exercise price of the performance rights is nil. For the performance rights granted during the year ended 30 June 2025, a Monte Carlo simulation methodology was used to determine the fair value at the grant date and are as follows:

Grant Date	Expected exercise date	Share price at grant date	Price Hurdle	Expected volatility %	Dividend yield \$	Risk free rate %	Fair value at grant date
21/11/2024	3/3/2025	A\$0.063	A\$0.08	80.0%	–	4.104%	A\$0.0462
21/11/2024	16/11/2025	A\$0.063	A\$0.10	80.0%	–	4.104%	A\$0.0458
21/11/2024	8/11/2026	A\$0.063	A\$0.125	80.0%	–	4.104%	A\$0.0451
21/11/2024	12/11/2026	A\$0.063	A\$0.135	80.0%	–	4.104%	A\$0.0437
21/11/2024	6/11/2027	A\$0.063	A\$0.15	80.0%	–	4.104%	A\$0.0461
13/12/2024	1/4/2025	A\$0.06	A\$0.08	80.0%	–	3.842%	A\$0.0409
13/12/2024	21/11/2025	A\$0.06	A\$0.10	80.0%	–	3.842%	A\$0.0424
13/12/2024	12/11/2026	A\$0.06	A\$0.125	80.0%	–	3.842%	A\$0.0417
13/12/2024	7/11/2027	A\$0.06	A\$0.15	80.0%	–	3.842%	A\$0.0425

Expected volatility was determined by the analysis of share price volatility of Australian listed comparable companies.

Environmental Regulations

There are no environmental regulations that specifically apply to the Group.

Indemnity and Insurance of officers

Insurance of officers

During the financial year, the Group paid a premium in respect of a contract insuring the Directors of the Company (as named above), the Company Secretary, and all executive officers of the Company and of any related body corporate against a liability incurred as such as a Director, Company Secretary or executive officer to the extent permitted by the *Corporations Act 2001*. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

The Group has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the Company or of any related body corporate against a liability incurred as such an officer or auditor.

Non-audit services

The Group may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the Company and/or the Group are important.

Details of amounts paid or payable to the auditor for non-audit services provided during the year are outlined at Note 28 to the financial statements. The Directors have formed the view that the provision of non-audit services is compatible with the general standard of independence for auditors, and that the nature of non-audit services means that auditor independence was not compromised.

Dividends – Change Financial Limited

The Directors of Change Financial Limited do not recommend the payment of a dividend for the 12 months ending 30 June 2025 (2024: nil).

Proceedings on behalf of the Group

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Group, or to intervene in any proceedings to which the Group is a party for the purpose of taking responsibility on behalf of the Group for all or part of those proceedings.

Directors' Report

(Continued)

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 19.

Auditor

Pitcher Partners continues in office in accordance with section 327 of the *Corporations Act 2001*.

This report is made in accordance with a resolution of Directors, pursuant to section 298(2) of the *Corporations Act 2001*.

Rounding and presentation of amounts

The Group is of a kind referred to in ASIC Corporations (*Rounding in Financial/Directors' Reports*) Instrument 2016/191, related to the 'rounding off' of amounts in the financial statements. Amounts in the financial statements have been rounded off in accordance with that Legislative Instrument to the nearest dollar, unless otherwise indicated.

Auditor's Independence Declaration

In relation to the independent audit for the year ended 30 June 2025, to the best of my knowledge and belief there have been:

- (i) No contraventions of the auditor independence requirements of the *Corporations Act 2001*; and
- (ii) No contraventions of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)*.

This declaration is in respect of Change Financial Limited and the entities it controlled during the year.

Corporate Governance Statement

The Board of Change Financial is responsible for the corporate governance of Change Financial and its subsidiaries. The Board guides and monitors the business and affairs of the Group on behalf of the shareholders by whom they are elected and to whom they are accountable.

Commensurate with the letter and spirit of the ASX Corporate Governance Principles and Recommendations (4th Edition) (**Principles** or **Recommendations**), the Company has followed each recommendation where the Board has considered it to be an appropriate benchmark for corporate governance practices, taking into account factors such as the size of the Group and the Board, resources available, and activities of the Group. Where the Group's corporate governance practices depart from the recommendations, the Board has disclosed the nature and reason for the departure.

The Board will periodically review and develop its governance policies and practices as the Group grows in size and complexity.

The Corporate Governance Charter is available from the Company and is available on its website at: https://changefinancial.com/wp-content/uploads/2021/10/CCA-Corporate-Governance-Charter_final.pdf

This Corporate Governance Statement was authorised for issue by the Board on 29 August 2025.

Principle 1: Lay solid foundations for management and oversight

1.1 Board and management functions

A Board charter (**the Charter**) is contained in its Corporate Governance Charter outlining the Board's roles and responsibilities. The Charter delineates matters reserved for the Board and those delegated to management.

In summary, the responsibilities of the Change Financial Board include:

- oversight of the Group, including its control and accountability systems;
- review and endorsement of the Group's major goals, including the strategies and financial objectives to be implemented by management;
- appointing, removing and managing the Chief Executive Officer;
- ratifying the appointment and, where appropriate, the removal of the Chief Financial Officer and/or Company Secretary;
- reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct and legal compliance;
- monitoring senior management's performance and implementation of strategy, and ensuring that appropriate resources are available;
- approving and monitoring the progress of major capital expenditure, capital management and acquisitions and divestitures;
- approving and monitoring financial and other reporting; and
- instilling sound corporate governance practices in the Board and executive.

In carrying out its responsibilities and functions, the Board may delegate powers to a Board Committee, a Director or an employee. However, the Board acknowledges that it is responsible for exercising such powers under the *Corporations Act 2001* (Cth).

The Board has delegated responsibility to the Chief Executive Officer for:

- developing and implementing corporate strategies and making recommendations on significant corporate strategic initiatives;
- maintaining an effective risk management framework and keeping the Board and market fully informed about material risks;
- developing the Group's annual budget, recommending it to the Board for approval and managing day-to-day operations within the budget;
- managing day-to-day operations in accordance with standards for social and ethical practices which the Board has set; and
- approval of capital expenditure and business transactions within predetermined limits set by the Board.

Corporate Governance Statement

(Continued)

1.2 Appointment of Directors

The Group performs appropriate checks on any person to be appointed as a Director, either by the Board or nominated by shareholders. These checks include details of the person's character, experience, education and other factors.

In accordance with the Recommendations, all material information in the Group's possession relevant to a Director's election or re-election is provided to shareholders in the applicable notice of meeting for each Annual General Meeting.

The Company will provide the following information to shareholders to enable them to make an informed decision as to whether to elect a Director for the first time:

- biographical details, including relevant qualifications, experience and skills that they bring to the Board;
- details of any other material Directorships currently held;
- any materially adverse information revealed by the checks performed about the candidate;
- any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect, the candidate's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Group and its shareholders generally;
- whether the Board considers that, if elected, the candidate will qualify as an independent Director; and
- whether the Board supports the election of the candidate.

The Company will provide the following information to shareholders to enable them to make an informed decision as to whether to re-elect a Director standing for re-election:

- biographical details;
- relevant qualifications, experience and skills they bring to the Board;
- details of any other material Directorships currently held;
- term of office currently served;
- whether the Board considers the Director an independent Director; and
- if the Board supports their re-election.

1.3 Written Agreements

The Group requires written agreements for Directors and senior executives specifying their roles, responsibilities and Group expectations. The published Remuneration Report within the Annual Report includes the details of material remuneration terms.

1.4 Company Secretary

Adam Gallagher continued as the Company Secretary for the entire 2025 financial year.

The Company Secretary reports directly to the Board, providing advice on governance and other relevant matters, ensuring compliance with policies and procedures, managing the timely dispatch of board papers, accurately recording meeting minutes, and assisting in Director induction and development. The Board is responsible for appointing or removing the Company Secretary.

Mr. Gallagher's relevant skills, qualifications and experience are set out in the 2025 Annual Report.

Corporate Governance Statement

(Continued)

1.5 Diversity

The Board has a formal Diversity Policy included in its Corporate Governance Charter. In summary:

The Group respects and values diversity (which includes but is not limited to gender, age, disability, ethnicity, marital or family status, religious beliefs, socio-economic background, perspective, experience, cultural background, sexual orientation and gender identity), and the benefit of its integration throughout the Group to enrich the Group's perspective, improve corporate performance, increase shareholder value and maximise the probability of achievement of the Group's goals. The Group acknowledges that diversity is important to the Group's ability to attract, retain and motivate employees from the widest possible pool of available talent and the Group is committed to diversity at all levels.

With respect to gender diversity, the Board has chosen not to set measurable objectives and targets due to the small size and scale of its operations. The Board will review this position in future reporting periods.

The Board of Change Financial has four Directors, all of whom are male. In the senior executive, the Group has one female employee and two male employees. A 'senior executive' is defined as the C-suite level, including the Chief Executive Officer, Chief Commercial Officer and Chief Technology Officer. The total number of female employees in the Group is 22, which accounts for 26% of all employees. Overall, 38% of management, including the C-suite are female.

The Company is not considered a 'relevant employer' as defined under the Workplace Gender Equality Act.

The Company was not included in the S&P/ASX 300 Index at the commencement of the reporting period.

1.6 & 1.7 Board & Executive Performance Evaluation

The Company defines its Senior Executives as the CEO and executive leadership group, including Key Management Personnel (**KMP**).

The Board regularly evaluates its own performance, the performance of individual Directors (including Executive Directors), and the effectiveness of committee functions.

The Chair meets with individual Directors to discuss their performance, and the Board evaluates the Chair's performance. A formal performance review is completed at the end of each financial year.

All evaluations consider factors including capability, skills, industry understanding, value-adding contribution, and performance in key areas of responsibility.

Similarly, the Chief Executive Officer assesses the performance of executives based on assigned goals and these factors. The evaluation aims to enhance the effectiveness of the Directors, the Board and the executives.

The assessment program was conducted during the 2025 financial year.

Principle 2: Structure the board to add value

2.1 Nomination Committee

Until 28 May 2025, the Company maintained a Nomination and Remuneration Committee (**NRC**) in accordance with its Nomination and Remuneration Charters contained within the Company's Corporate Governance Charter. The Committee comprised three members and was chaired by Thomas Russell from 1 July 2024 to 28 May 2025. Mr. Russell is not an independent Director as he holds an executive role in the Group, however, he is not the Company's Chair. Details of the NRC's membership during the reporting period, as well as the number of meetings held and attended by each member while the NRC was operational, are set out in the Directors' Report section of the Company's 2025 Annual Report.

On 28 May 2025, the Board resolved to dissolve the NRC, with the responsibilities outlined in the Nomination and Remuneration Charters now undertaken by the full Board. The Board considers that this governance structure remains appropriate having regard to the Group's size, nature of operations and stage of development.

The NRC Charter contained within the Company's Corporate Governance Charter is available on the Company's website at: <https://changefinancial.com/investors/>

Corporate Governance Statement

(Continued)

The NRC Charter remains available on the Company's website and continues to guide the Board's oversight of nomination and remuneration matters.

The Board ensures that all material information relevant to a decision on whether or not to elect or re-elect a Director is provided to shareholders.

The Board regularly assesses its balance of skills, knowledge, experience, independence and diversity against the relevant provisions in its Board Charter, including the Skills Matrix per 2.2 below, to enable it to discharge its duties and responsibilities effectively.

2.2 Skills matrix

It is important for the Board to have the appropriate mix of skills, knowledge, and experience to effectively oversee the Group's operations and make informed decisions. A Board Skills Matrix is contained in the Corporate Governance Charter. The Board Skills Matrix is designed to identify and evaluate the skills, experience, qualifications, and diversity of the Directors, enabling the Board to identify any gaps in skills or knowledge and address them through appropriate recruitment, training, or other initiatives.

The matrix covers a broad range of areas, including but not limited to finance, legal, governance, health & safety, technology, human resources and strategy. Each Director's skills and experience are assessed and considered against these criteria, providing a clear overview of the collective strengths and areas that may require further development or focus.

The Board periodically reviews and updates the Board Skills Matrix to ensure its relevance and alignment with the Group's evolving needs and strategic priorities.

Details of the Directors, including their qualifications and experience, together with details of the length of service, are set out in the Directors' Report in the 2025 Annual Report.

2.3 Director Independence

The Board consists of four Directors, with three being non-executive and one executive.

The table below sets out the details of the Directors who served on the Board during the 2025 financial year, their length of service and their status of independence.

Name	Position	Appointed	Independent
Geoffrey Sam	Chair/Non-executive Director	1 June 2023 (Director) 8 April 2025 (Chair)	Yes
Thomas Russell	Executive Director	1 November 2021 (Alt. Director) 24 November 2022 (Director)	No
Ian Leijer	Non-executive Director	16 January 2016	Yes
Michael Giles	Non-executive Director	31 March 2025	No
Edward Grobler	Chair/Non-executive Director	25 November 2021 (Director) 24 November 2022 (Chair) Passed 8 April 2025	Yes
Alastair Wilkie	Non-executive Director	25 November 2021 Retired 21 November 2024	No

Mr. Wilkie retired as Director of the Company during the financial year, he was not considered independent as he held an executive role in the previous three years, having retired as Chief Executive Officer on 7 July 2023. Mr. Russell is not considered independent due to his executive contract with the Company. Mr. Giles is not considered independent as he is a substantial shareholder of the Company.

Please refer to the Directors' Report in the 2025 Annual Report for detailed information about the Directors' profiles, tenure, skills, experience, and expertise.

Corporate Governance Statement

(Continued)

2.4 Majority of Directors to be Independent

Per 2.3, the majority of Directors are independent.

The Board considers a Director to be independent where the person is:

- independent of management, that is, a non-executive Director;
- free from any business or other relationship that could materially interfere, or could reasonably be perceived to materially interfere, with the exercise of his or her unfettered and independent judgement; and
- has not held an executive position or other relationship described above within the last three years.

Materiality is assessed on a case-by-case basis by reference to the Director's individual circumstances rather than any general materiality thresholds.

The Company recognises that a balanced mix of independent and non-independent Directors can contribute to a robust decision-making process by incorporating diverse viewpoints, industry insights, and specialised knowledge. Non-independent Directors, including Executive Directors, bring valuable expertise, experience, and a firsthand understanding of the Company's operations, strategy, and industry dynamics.

Moreover, the Company ensures that appropriate checks and balances are in place to safeguard shareholders' interests and maintain accountability. Independent Directors continue to play a crucial role in overseeing management, challenging decisions, and representing the interests of minority shareholders.

Board reviews seek to ensure an appropriate balance of skills, expertise, and independence to effectively steer the Company towards its strategic objectives and deliver sustainable performance for the benefit of all stakeholders.

2.5 Chair and CEO

During the year ended 30 June 2025, the Chair and CEO roles were exercised by different individuals.

Edward Grobler served as Chair for the period 1 July 2024 to 8 April 2025, being the date of his passing. Mr. Grobler was considered independent as aside from his directorship, he has had no business or other relationship with the Company prior to or since his appointment on 24 November 2022. Geoffrey Sam assumed the role of Chair from 8 April 2025 and continued as Chair for the remainder of the financial year. Mr. Sam is considered independent as aside from his directorship, he has had no business or other relationship with the Company prior to or since his appointment on 1 June 2023.

Tony Sheehan was appointed as CEO, effective 3 July 2023 and held the role for the entire 2025 financial year.

The Chair's overarching responsibilities are to provide appropriate leadership to the Board and the Company and to ensure the Board fulfils its obligations under the Corporate Governance Charter. The Corporate Governance Charter provides a detailed delineation of the Chair's responsibilities.

2.6 Induction Program & Professional Development

Newly appointed Directors are provided with an induction program to ensure active involvement in Board decision-making. This includes written information about the Company, its operations, and ongoing Board matters. Additionally, new Directors are invited to meet with each Director and senior executive and attend an initial Board meeting as an observer.

The Board encourages continuous professional development for Directors through workshops, seminars and external education opportunities.

Corporate Governance Statement

(Continued)

Principle 3: Instil a culture of acting ethically and responsibly

Recommendations 3.1, 3.2, 3.3 and 3.4

The Company has developed a comprehensive Code of Conduct, Whistleblower Policy, and Anti-Bribery & Corruption Policy, which apply to all Directors, Senior Executives, employees, and contractors. These policies are available on the Company's website, providing transparency and clarity regarding the Company's values, expectations, and standards of behaviour.

The Code of Conduct serves as a guiding document that outlines the ethical principles, professional standards, and conduct expected from all individuals associated with the Company. It covers various areas, including conflicts of interest, confidentiality, and compliance with laws and regulations.

The Whistleblower Policy provides a mechanism for employees and stakeholders to report any concerns or wrongdoing within the organisation, ensuring confidentiality and protection against retaliation. It encourages individuals to come forward with information about alleged illegal activities, unethical behaviour, or any other misconduct that may adversely impact the Company.

The Anti-Bribery and Corruption Policy also sets clear guidelines and procedures to prevent bribery, corruption, and unethical practices. It outlines the Company's commitment to conducting business with integrity, complying with anti-bribery laws, and ensuring fair competition.

To ensure accountability and enforcement of these policies, any material breach is reported to the Board or a designated Committee of the Board. This reporting mechanism ensures that significant breaches are appropriately addressed, investigated, and remedied. By promptly addressing any breaches, the Company demonstrates its commitment to upholding the highest standards of integrity and ethical conduct.

The Board ensures that through the Company's policies and leadership, the Company's values of Empathy, Respect, Integrity, Excellence and Community are instilled into the day-to-day operations of the business.

Principle 4: Safeguard Integrity in Corporate Reporting

4.1 Audit Committee

From 1 July 2024 until its dissolution on 28 May 2025, the Company maintained an Audit & Risk Management Committee (**ARC**) in accordance with its ARC Charter contained within the Company's Corporate Governance Charter. The Committee comprised three members and was chaired by Ian Leijer, who is an independent director. Details of the ARC's membership during the reporting period, as well as the number of meetings held and attended by each member while the ARC was operational, are set out in the Directors' Report section of the Group's 2025 Annual Report.

On 28 May 2025, the Board resolved to dissolve the ARC, with the responsibilities outlined in the ARC Charter now undertaken by the full Board. The Board considers that this governance structure remains appropriate having regard to the Company's size, nature of operations and stage of development.

The ARC Charter contained within the Company's Corporate Governance Charter is available on the Company's website at: <https://changefinancial.com/investors/>

The ARC Charter remains available on the Company's website and continues to guide the Board's oversight of audit and risk management matters.

Corporate Governance Statement

(Continued)

4.2 Chief Executive Officer and Chief Financial Officer Declaration

The person or persons fulfilling the functions of the Chief Executive Officer and the Chief Financial Officer, or their equivalent, provide the Board with written confirmation that:

- the consolidated financial statements for each half year and full financial year present a true and fair view, in all material respects, of the Group's financial condition and operational results and are in accordance with accounting standards; and
- the declarations provided in accordance with Section 295A of the Corporations Act are founded on a sound system of risk management and internal control, and that the system is operating effectively in all material respects in relation to financial reporting risks.

The Board has received this assurance for the 2025 financial year.

4.3 Verification of Periodic Reports

The Company's annual and half-yearly financial reports are audited before being released to the market. Directors also require a s295A declaration from the person or persons fulfilling the Chief Executive Officer and Chief Financial Officer functions before any financial reports are released to the market.

The ARC reviews the Company's financial reports, including its Annual Report, and recommends whether the Directors should approve the release of these documents to the market.

The Company has established a diligent review mechanism for all non-audited or reviewed periodic corporate reports. These reports include financial statements, interim financial reports, operational updates, and other relevant disclosures that provide information on the Company's performance, financial position, and prospects. Reports are circulated to all Directors before their public release. This practice allows the Board to comprehensively understand the contents, implications, and key messages conveyed in the reports. It enables Directors to engage in informed discussions, provide valuable insights, and collectively ensure the accuracy and integrity of the information being communicated to the market.

The Company continuously evaluates and enhances its review mechanisms to align with regulatory requirements, industry best practices, and emerging reporting standards. It maintains open communication channels with the independent reviewers, the Board, and relevant stakeholders to ensure a collaborative and rigorous approach to preparing, reviewing, and disseminating non-audited or reviewing periodic corporate reports.

Principle 5: Make timely and balanced disclosure

5.1 Written Disclosure Policy

The Company has established comprehensive procedures to identify and disclose matters that may have a material impact on the price or value of its securities in compliance with ASX disclosure requirements.

The continuous disclosure policy, which outlines the Company's commitment to providing timely and relevant information to the market, is included in the Corporate Governance Charter.

Both senior management and the Board, including the Company Secretary, assume responsibility for scrutinising events and information to determine the necessity of disclosure. This shared responsibility ensures a comprehensive and balanced assessment of potential disclosure matters. Senior management, led by the Chief Executive Officer, monitors ongoing developments within the Group, evaluates their potential impact, and promptly informs the Board about significant events or information that may require disclosure.

The Board, in collaboration with senior management, exercises due diligence in evaluating the significance and materiality of the identified events or information. This evaluation process is guided by the Company's commitment to maintaining market integrity and ensuring that shareholders and other stakeholders have access to information that may affect their investment decisions.

Corporate Governance Statement

(Continued)

5.2 Market Announcements sent to the Board

The Company has established an approval process that ensures all Directors have reviewed and approved all material market announcements prior to their being provided to the ASX.

The Company Secretary is responsible for lodging all communications with the ASX and providing the confirmations of release to the Directors.

5.3 Presentations released to the ASX

All presentations in which the Company provides financial results or new and substantive content are released to the ASX before being made public elsewhere.

Principle 6: Respect the Rights of Shareholders

6.1 Company & Governance Information

The Company provides general and current information regarding its purpose, Board and leadership and its activities on its website at <https://changefinancial.com/leadership/>.

The Investor Centre on the Company's website contains information about market and shareholder communications, including media releases and key policies. All relevant announcements made to the market and any other relevant information are posted in the Investor Centre on the website following release on the ASX market announcements platform.

The Company's Corporate Governance Charter is also publicly available on the website: https://changefinancial.com/wp-content/uploads/2021/10/CCA-Corporate-Governance-Charter_final.pdf

6.2 Investor Relations Program

The Board aims to ensure that shareholders are informed of all major developments relating to the Company in a timely and effective manner. Information is communicated to shareholders through the lodgement of all relevant financial and other information with ASX and publishing information on the website.

The Company manages investor relations internally and encourages two-way communication by inviting shareholders and investors to contact the Company on each external communication and ASX release.

The Company also arranges investor webinars following the release of each financial report, which includes an allocation of time for investor questions.

6.3 Shareholder Participation at Meetings

Shareholders are encouraged to attend general meetings, which include presentations and networking opportunities with the Company's board and management. In addition, management responds to meeting and information requests from shareholders in a timely manner.

The Company uses its general meetings (**GM**) as an opportunity to engage with its shareholders further and seek their comments on the management of the Company. The Company undertakes several actions to facilitate shareholders' ability to participate in the GM process by:

- making Directors, members of management and the external auditor available at the annual general meeting;
- allowing shareholders in attendance at a GM a reasonable opportunity to ask questions regarding the items of business, including questions for the external auditor regarding the conduct of the audit and the preparation and content of the auditor's report; and
- providing shareholders who cannot attend a GM with an opportunity to submit questions in advance of the GM.

Corporate Governance Statement

(Continued)

6.4 Resolutions Decided by Poll

All resolutions at shareholder meetings are decided by poll rather than show of hands.

6.5 Electronic Communication

The Company's website offers shareholders the opportunity to subscribe to investor updates and communicate with the Company via email. Investor updates are also readily available on the website.

Shareholders can securely access the Company's securities registrar, providing options for information receipt and to maintain their contact details.

Principle 7: Recognise and Manage Risk

7.1 & 7.2 Risk Committee & review

From 1 July 2024 until its dissolution on 28 May 2025, the Company maintained an Audit & Risk Management Committee (**ARC**) in accordance with its ARC Charter contained within the Company's Corporate Governance Charter. The Committee comprised three members and was chaired by Ian Leijer, who is an independent director. Details of the ARC's membership during the reporting period, as well as the number of meetings held and attended by each member while the ARC was operational, are set out in the Directors' Report section of the Company's 2025 Annual Report.

On 28 May 2025, the Board resolved to dissolve the ARC, with the responsibilities outlined in the ARC Charter now undertaken by the full Board. The Board considers that this governance structure remains appropriate having regard to the Group's size, nature of operations and stage of development.

The ARC Charter contained within the Company's Corporate Governance Charter is available on the Company's website at: <https://changefinancial.com/investors/>

The ARC Charter remains available on the Company's website and continues to guide the Board's oversight of audit and risk management matters.

A risk management framework is in place to monitor and manage the Group's key risks. The Board reviews the framework at least annually to ensure that the Group is operating with due regard to the risk appetite set by the Board. This review was conducted during the 2025 financial year.

The Board oversees the Group's risk management framework, including setting the risk appetite in line with Board expectations, creating profiles for management, and reviewing and updating them as needed.

The Chief Executive Officer is responsible for implementing and reporting on the adequacy of the Group's risk management and internal control system, regularly updating the Board on the risk management and control environment.

The Board and external auditors monitor the effectiveness of management's internal control and reporting system.

The Company's risk framework is reviewed annually and was reviewed during the 2025 financial year reporting period.

7.3 Internal Audit Function

The Company has not implemented an internal audit function due to the size and scale of its current operations. The Board believes that the combined expertise of the ARC and external auditors is adequate in monitoring, evaluating and improving the effectiveness of the Company's control processes at the current stage of the Company's development.

Corporate Governance Statement

(Continued)

7.4 Economic, Environmental or Social Sustainability

While committed to corporate social responsibility, the Company acknowledges that the size and scale of operations currently limit its exposure to economic, environmental, and social sustainability risks. The Company operates within the fintech industry.

The Company has assessed that the direct economic risks associated with traditional industries, such as resource depletion, supply chain disruptions, or market fluctuations, do not significantly impact its operations. Additionally, the business model aligns with environmentally friendly practices, as its operations primarily rely on digital platforms, which inherently minimise environmental footprints compared to traditional industries.

While the Company acknowledges the importance of economic, environmental, and social sustainability, the Company maintains transparency by openly disclosing the assessment of these risks and the current position. This allows investors and stakeholders to understand and assess our business operations comprehensively, including the extent of the exposure to sustainability risks.

As the Company continues to grow and evolve, the Board remains committed to periodically reassessing the Company's exposure to economic, environmental, and social sustainability risks. This ongoing evaluation will ensure that the Company adapts its practices and strategies in accordance with emerging sustainability trends, industry best practices, and the evolving expectations of its stakeholders.

Principle 8: Remunerate fairly and responsibly

8.1 Remuneration Committee

From 1 July 2024 until its dissolution on 28 May 2025, the Company maintained a Nomination and Remuneration Committee (**NRC**) in accordance with its Nomination and Remuneration Charters contained within the Company's Corporate Governance Charter. The Committee comprised three members and was chaired by Thomas Russell from 1 July 2024 to 28 May 2025. Mr. Russell is not an independent Director as he holds an executive role in the Company, however, he is not the Company's Chair. Details of the NRC's membership during the reporting period, as well as the number of meetings held and attended by each member while the NRC was operational, are set out in the Directors' Report section of the Company's 2025 Annual Report.

On 28 May 2025, the Board resolved to dissolve the NRC, with the responsibilities outlined in the Nomination and Remuneration Charters now undertaken by the full Board. The Board considers that this governance structure remains appropriate having regard to the Group's size, nature of operations and stage of development.

The NRC Charter contained within the Company's Corporate Governance Charter is available on the Company's website at: <https://changefinancial.com/investors/>

The NRC Charter remains available on the Company's website and continues to guide the Board's oversight of nomination and remuneration matters.

The Board reviews and advises on executive remuneration policies and practices. This includes setting appropriate salary packages, performance-related incentives, and other benefits to align with the Company's objectives, industry standards, and shareholders' interests. Executive remuneration decisions are made based on a thorough assessment of individual performance, market conditions, and the Company's overall financial position. These deliberations consider relevant factors such as industry benchmarks, comparable remuneration practices, and the achievements and contributions of executives in driving the Company's success.

The Board recognises the importance of maintaining transparency and fairness in remuneration practices through periodical review. The Board evaluates executive remuneration policies to ensure they remain aligned with the Company's strategic goals and create appropriate performance and value-creation incentives.

By ensuring that executive remuneration aligns with the Company's strategic objectives, industry standards, and shareholder interests, the Board helps foster a performance-oriented and accountable culture.

Corporate Governance Statement

(Continued)

8.2 Non-executive Director & Executive Remuneration

Non-executive Directors' remuneration in aggregate is subject to the limit approved by shareholders. The NRC determines the individual Director's remuneration within the approved limit. In determining the appropriate Director's fees, the NRC benchmarks data from similar public companies regarding size and industry to Change.

Non-executive Directors of the Company as applicable, are:

- not entitled to participate in performance-based remuneration practices unless approved by shareholders; and
- currently remunerated by means of payment of cash benefits in the form of Directors' fees.

The Company does not have a retirement benefits scheme or allowance for non-executive directors, except for applicable superannuation payments. The NRC conducts an annual review of the compensation arrangements for the Chief Executive Officer and senior executives, considering factors such as individual performance, comparable salaries in similar-sized companies, market rates, and Company results.

The Company's remuneration policy aims to provide competitive packages that attract, retain and motivate its executive's performance.

The Company has an Employee Equity Plan (EEP) to incentivise eligible Directors, executives and consultants, by granting equity aligned with shareholder interests. The Board ensures compliance with EEP thresholds and rules for equity-based remuneration. Detailed policies and remuneration information are provided in the 2025 Annual Report's Remuneration Report and Financial Statements.

8.3 Equity-Based Remuneration Restrictions

The Company strictly prohibits Directors and executives from engaging in hedging arrangements, derivatives trading, or any activities that modify the economic risk associated with the Company's securities. This prohibition extends to various transactions, including but not limited to warrants, equity swaps, put and call options, and contracts for difference.

The prohibition on hedging arrangements and derivatives trading serves multiple purposes. First, it prevents potential conflicts of interest that may arise when Directors or executives have financial interests that are at odds with the Company's performance. It also promotes transparency and fairness by eliminating the possibility of individuals benefiting from short-term fluctuations in the Company's securities at the expense of other shareholders.

By strictly enforcing this prohibition, the Company demonstrates its commitment to fostering a culture of integrity, aligning the incentives of its leadership team with the long-term success of the Company, and safeguarding the interests of its shareholders.

Financial Report

These financial statements are the consolidated financial statements of the Group consisting of Change Financial Limited and its subsidiaries.

The financial statements are presented in the United States currency.

Change Financial Limited is a company limited by shares, incorporated and domiciled in Australia. Its registered office is:

Suite 3E, Level 3, 340 Adelaide Street
Brisbane, QLD 4000

Its principal place of business is:

Suite 3E, Level 3, 340 Adelaide Street
Brisbane, QLD 4000

A summary of the Group's operations and its principal activities is included in the Directors' report on page 03, which is not part of these financial statements.

The financial statements were authorised for issue by the Directors on 29 August 2025. The Directors have the power to amend and reissue the financial statements.

Through the use of the internet, we have ensured that our corporate reporting is timely and complete. All press releases, financial reports and other information are available at our Shareholders' Centre on our website: www.changefinancial.com.

Notes to the Consolidated Financial Statements

1. Material Accounting Policy Information

These financial statements are general purpose financial statements that have been prepared in accordance with the *Corporations Act 2001*, Accounting Standards and Interpretations, and comply with the other requirements of the law. Accounting Standards include Australian Accounting Standards.

The material accounting policies adopted in preparing the financial report of the Company and its consolidated entities (**Group**) for the year ended 30 June 2025 are stated to assist in a general understanding of the financial report. For the purposes of preparing the financial report, the Company is a for profit entity.

Change Financial Limited is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange.

(a) Compliance with IFRS

The Consolidated Financial Report of Change Financial complies with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

(b) Basis of preparation

The Consolidated Financial Report of Change Financial has been prepared under the historical cost convention. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in United States dollars, unless otherwise noted.

(c) Application of new and revised Accounting Standards

The Group has adopted all new and amended Australian Accounting Standards and Australian Accounting Standards Review Board (AASB) interpretations that are mandatory for the current reporting period and relevant to the Group. The impact of new and revised standards has not been material.

(d) Accounting Standards issued but not effective

The Directors have reviewed all new Standards and Interpretations that have been issued but are not yet effective for the year ended 30 June 2025. As a result of this review, the Directors have determined there will be no material impacts of any new or revised Standards and Interpretations on the Group, and therefore, no change is necessary to Group accounting policies.

(e) Foreign currency translation and balances

Presentation currency

The financial statements of each entity within the Group are measured using the currency of the primary economic environment in which that entity operates (the functional currency). The consolidated financial statements are presented in US dollars which is the Group's presentation currency.

Transactions and balances

Transactions in foreign currencies of entities within the Group are translated into functional currency at the rate of exchange ruling at the date of the transaction.

Foreign currency monetary items that are outstanding at the reporting date (other than monetary items arising under foreign currency contracts where the exchange rate for that monetary item is fixed in the contract) are translated using the spot rate at the end of the financial year.

Notes to the Consolidated Financial Statements

(Continued)

Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. All resulting exchange differences arising on settlement or re-statement are recognised as revenues and expenses for the financial year:

- Current assets and liabilities are translated at the closing rate on reporting date;
- Non-current assets are translated at historical cost; and
- Income and expenses are translated at actual exchange rates or average exchange rates for the period where appropriate.

The assets and liabilities of foreign operations are translated into US dollars using the exchange rates at the reporting date. The revenues and expenses of foreign operations are translated into US dollars using the average exchange rates, which approximate the rates at the date of the transactions, for the period. All resulting foreign exchange differences are recognised in other comprehensive income through the foreign currency reserve in Equity. The foreign currency reserve is recognised in profit or loss when the foreign operation or net investment is disposed of.

(f) Revenue from contracts with customers

The Group derives its revenues from maintenance, support, processing and issuing, professional services and license fees.

Revenue is recognised at an amount that reflects the consideration to which the Group is expected to be entitled in exchange for transferring goods or services to a customer.

Support and maintenance

Support provides customers with rights to access the help desk during the term of the support period. Maintenance provides customers with rights to unspecified software product upgrades and maintenance enhancements. Support and Maintenance is recognised over time as performance obligations are satisfied.

Professional services

Software implementation and development services represents revenue from consulting, training and implementation services sold separately under professional services contracts. Fixed price arrangements are accounted for over time on a percentage-of-completion basis as performance obligations are satisfied using the input method.

Software licence

Software licence revenues are earned from granting customers licences to use the Group's software, either through an initial licence or through the purchase of additional modules or user rights, but excludes any amounts that are related to maintenance. Revenue is recognised at the point the software is delivered, functional and control has been passed to the customer. The Group includes software that is either sold on a term basis or perpetual basis but excludes software licences that are sold on a subscription payment basis which are recognised on a systemic basis over the subscription period.

The Group consider that licence fees may be recognised upfront if:

- the arrangement with the customer does not require significant development, modification or customisation of the software solution;
- there are no contingencies on the licences that could cause deferral of revenue (e.g. refund clauses attached to the licence) i.e. no amounts are refundable;
- the contract is non-cancellable and there are no break clauses considered substantive; and
- there is no remaining obligation for the Group attached to the licence.

Processing and issuing

Processing and issuing revenues are generated from card issuing and card management services provided to Vertexon PaaS customers under contract. Revenue is generated through program management, card production, card management, transaction and volume based fees and interchange. Revenue is recognised after delivery of the services to the customer.

Notes to the Consolidated Financial Statements

(Continued)

Contract assets

A contract asset is recognised when a conditional right to consideration exists and transfer of control has occurred. They are typically related to unbilled receivables balances which have not yet been invoiced and arises when the Group satisfied a performance obligation before it receives the consideration and are generally related to professional services contracts. Impairment of contract assets is assessed in the same manner as trade and other receivables – refer to the accounting policy for trade and other receivables and Note 12 for further details.

Contract liabilities

Fees for services received in advance are recorded as a liability within contract liabilities on the Consolidated Statement of Financial Position and these amounts are recognised in the Consolidated Statement of Profit or Loss over the relevant period of the contract which is in line with the provision of the services. Fees are typically received in advance for maintenance and support services and for professional services.

(g) Income Tax

Current income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities.

Deferred tax assets and liabilities are recognised for temporary differences at the applicable tax rates when the assets are expected to be recovered or liabilities are settled. Deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill.

Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

(h) Financial Instruments

Non-derivative financial instruments

Non-derivative financial instruments consist of trade and other receivables, cash and cash equivalents, and trade and other payables.

Non-derivative financial instruments are initially recognised at fair value, plus directly attributable transaction costs (if any).

Trade and other receivables

Trade receivables are measured at amortised cost using the effective interest method, less any allowance for expected credit losses.

Trade receivables are generally due for settlement within 30 days.

The Group has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses – refer Note 25.

Financial liabilities

Financial liabilities include trade payables and other creditors.

Notes to the Consolidated Financial Statements

(Continued)

(i) Property, plant & equipment

Plant and equipment

Plant and equipment carried at cost less accumulated depreciation and, where applicable, any accumulated impairment losses.

Depreciation

The depreciable amount of all property, plant and equipment is depreciated over their estimated useful lives commencing from the time the asset is held ready for use.

Class of fixed asset	Depreciation rates	Depreciation basis
Office equipment	25%	Straight line

(j) Intangibles

Software

Software development is capitalised as an asset and is amortised on a straight-line basis over the period of their expected benefit, being their finite life of five years. Research costs are expensed as incurred.

An intangible asset arising from development expenditure on an internal project is recognised only when the Group can demonstrate the following:

- technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete and the ability to use or sell the asset;
- how the asset will generate future economic benefits;
- the availability of resources to complete the development; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

Following initial recognition of the development expenditure, the cost model is applied requiring the asset to be carried at cost less any accumulated amortisation and accumulated impairment losses. Any expenditure so capitalised is amortised over the period of expected benefits from the related project date.

Intangible assets acquired separately are capitalised at cost, and if acquired as a result of a business combination, capitalised at fair value as at the date of acquisition. Following initial recognition, the cost model is applied to all classes of intangible assets. The useful lives of the intangible assets are assessed to be either finite or indefinite. Where amortisation is charged on intangible assets with finite lives, this expense is taken to the Consolidated Statement of Profit or Loss through the 'depreciation and amortisation expense' line item. Intangible assets with finite lives are tested for impairment where an indicator of impairment exists. Useful lives are examined on an annual basis and adjustments, where applicable, are made on a prospective basis. Software acquired separately is amortised on a straight-line basis over eight years.

(k) Impairment of non-financial assets

Non-financial assets are tested when there is an indicator of impairment.

An impairment loss is recognised where the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of an asset is defined as the higher of its fair value less costs to sell and value in use.

Notes to the Consolidated Financial Statements

(Continued)

(l) Employee benefits

Short-term employee benefit obligations

Provisions for short-term employee benefits, including annual leave, that are expected to be settled wholly within twelve months after the end of the reporting period, are measured at the (undiscounted) amount of the benefit expected to be paid.

Long-term employee benefit obligations

Provisions for other long-term employee benefits, including long service leave and annual leave that are not expected to be settled wholly within twelve months after the end of the reporting period, are measured at the present value of the expected benefit to be paid in respect of the services provided by employees up to the reporting date.

Employee benefit obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.

Share-based payments

Equity-settled share-based payments are provided to eligible employees through the Employee Share Option Plan (**ESOP**). Options granted to employees are measured at fair value, determined at grant date using a Black Scholes pricing model. The grant date fair value of options granted to employees is recognised as an expense on a straight-line basis over the vesting period, based on the estimated number of options expected to vest (with a corresponding increase in equity). The impact of any revision of the estimated number of options expected to vest due to service related conditions is recognised in profit or loss, so that the cumulative expense (and equity) recognised reflects the actual number of options that eventually vest.

The Company has a Performance Rights Plan whereby equity-settled share-based payments are provided to eligible employees. Performance rights granted to employees are measured at fair value, determined at grant date using a Monte Carlo simulation pricing model. The grant date fair value of the performance rights granted to employees is recognised as an expense on a straight-line basis over the vesting period, based on the estimated number of performance rights expected to vest (with a corresponding increase in equity). The impact of any revision of the estimated number of performance rights expected to vest is recognised in profit or loss, so that the cumulative expense (and equity) recognised reflects the actual number of performance rights that eventually vest.

(m) Rounding

The Company is of a kind referred to in ASIC Corporations (*Rounding in Financial/Directors' Reports*) Instrument 2016/191, related to the 'rounding off' of amounts in the financial statements. Amounts in the financial statements have been rounded off in accordance with that Legislative Instrument to the nearest dollar, unless otherwise indicated.

(n) Going Concern

The financial statements have been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

At the date of this report the group has completed the significant development phase of its operations and is in the growth phase of operations. The Directors are of the view that the Group's payments and card issuing platform is commercially viable as evidenced by the client wins and traction in the Australian, New Zealand and Southeast Asian markets. The Directors are confident that the business will become sustainable in future years through forecast revenue growth.

(o) Cash and cash equivalents

For cash-flow presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Notes to the Consolidated Financial Statements

(Continued)

(p) Leases

Group as lessee

Leases are recognised 'on balance sheet' as a right-of-use asset with a corresponding lease liability. Each lease payment is allocated between the liability and finance cost. The right-of-use asset is depreciated over the lease term on a straight-line basis or over the useful life where title to the asset transfers at the end of the lease. Assets and liabilities arising from a lease are initially measured on a present value basis.

Depreciation on right-of-use assets and interest on lease liabilities is recognised in the Consolidated Statement of Profit or Loss.

Payments associated with short-term leases (generally less than 12-month terms) and leases of low value have continued to be recognised on a straight-line basis as an other expense in the Consolidated Statement of Profit or Loss.

2. Critical Accounting Judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Estimated impairment of intangible assets and other non-current assets

Determining whether non-current assets are impaired requires an estimation of the value in use of those assets. The value in use calculation requires the Directors to estimate the future cash flows expected to arise from the Group and a suitable discount rate in order to calculate present value. Where the actual future cash flows are less than expected, a material impairment loss may arise. Determination as to whether indicators exist in relation to impairment of non-current assets is undertaken at each balance date. Where indicators exist, the Directors assess potential impairment in accordance with AASB 136 *Impairment of Assets*. During the year ended 30 June 2025, indicators of impairment existed due to the Group's loss incurred. Accordingly, the recoverable amount intangible and other non-current assets was determined as described above which exceeded their carrying value.

Capitalisation of development expenditure

The Group exercises judgement in determining whether development expenditure meets the recognition criteria under AASB 138 *Intangible Assets*.

The assessment of these factors requires judgement about the technical success of projects, availability of resources, and the existence of a viable market. Expenditure that does not meet these criteria is expensed as incurred.

Share based payments transactions

The Group measures the cost of equity settled transactions by reference to the fair value of the equity instruments at the date at which they are granted. The key assumptions and inputs used to determine the fair value of equity settled transactions are detailed in Note 23.

Lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease. The carrying amount of the lease is remeasured if there is a change in future lease payments (arising from a change in index or a rate used), the residual guarantee or the lease term. The remeasurement is an adjustment to the corresponding right-of-use asset, lease receivable (in the case of sub-leases) or to profit and loss.

Project services revenue recognition

The Group recognises revenue from project services based on the proportion of the project that is completed. The Group makes judgements as to the estimated hours required to complete a project which is compared with hours completed to determine the percentage of the project that has been completed.

Notes to the Consolidated Financial Statements

(Continued)

Trade and other receivables

The Group makes judgements as to its ability to collect receivables and provides for a portion of receivables when collection becomes doubtful. Evidence of impairment may include indications that the debtor is experiencing financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears of economic conditions that correlate with defaults. Collectability of trade and other receivables is reviewed on an ongoing basis. Trade and other receivables, which are known to be uncollectable, are written off. An allowance for expected credit losses is established. In measuring expected credit losses a provision matrix for trade receivables is used. The provision matrix is based on historical credit losses, adjusted for any material expected changes to future credit risk. Refer to Note 11 for details of the trade and other receivables.

Deferred tax assets

The Australian entities of the Group are part of a tax consolidated group which generated a taxable income in the financial year, entirely offset by available tax losses from prior years.

Separately, the New Zealand branch of Change Labs NZ Pty Ltd has generated taxable income in the financial year (entirely offset by available tax losses from prior years), while the New Zealand branch of Change Financial Services Pty Ltd generated a tax loss.

The Australian tax consolidated group and both the New Zealand branches continue carrying forward tax losses. However, given the Group's projects are still in early stages, the net deferred tax assets from tax losses carried forward and other temporary differences have not been recognised in the financial statements as management does not believe that the members of the Group satisfy the criteria set out in AASB 112.

3. Operating Segments

The Group's chief operating decision maker, being the Chief Executive Officer, makes financial decisions and allocates resources based on the information received from the Group's internal management system. Currently the Group has one reportable segment being the development and provision of card payments software and services. The core products of the Group are card management systems, transaction processing and payment simulators.

4. Revenue and Other Income

Year ended 30 June	2025 US\$	2024* US\$
Revenue from contracts with customers		
Processing and Issuing revenue	6,253,701	1,246,575
Software License revenue	1,544,218	1,093,314
Support & Maintenance services revenue	5,225,343	4,897,160
Professional services revenue	1,795,995	3,056,552
Other sales revenue	100,000	150,000
Subtotal	14,919,257	10,443,601
Other revenue and income

6. Income Tax Expense

Income tax expense comprises the following:

Year ended 30 June	2025 US\$	2024* US\$
Current tax	21,943	110,741
Foreign income tax offsets not recognised	4,589	231,731
Deferred tax	72,512	38,719
(Over) under provision for income tax in prior periods	(124,840)	(72,382)
Income tax expense	(25,796)	308,809

Year ended 30 June	2025 US\$	2024* US\$
Reconciliation of income tax expense and tax at the statutory rate		
Loss before income tax expense	(1,968,162)	(2,260,962)
Tax expense (credit) at the Australian tax rate of 25% (2023: 25%)	(492,041)	(565,241)
Differences in overseas tax rates	(21,434)	71,841
Tax effect of amounts which are not deductible/(taxable) in calculating taxable income		
Share-based payments expense	59,402	10,807
Other	–	3,490
Foreign income tax offsets not recognised	4,589	231,731
Under provision for income tax in prior periods	(124,840)	(72,382)
Deferred tax assets not recognised	548,527	628,563
Income tax expense	(25,796)	308,809

* Comparative information has been restated to reflect discontinued operations in the current financial year.
Please refer to Note 7: Discontinued Operations.

Deferred tax assets of \$6,411,689 (2024: \$6,960,216) in respect of temporary differences and tax losses have not been recognised.

Notes to the Consolidated Financial Statements

(Continued)

7. Discontinued Operations

Identification of Reportable Segments

The Group operates a payments platform providing processing and issuing services to financial institutions and fintechs as well as a payment testing platform. The Group held required contracts and partner relationships in Australia, New Zealand and the US to offer processing and issuing services in these countries. Processing only services, which don't require licencing and specific foreign jurisdiction regulatory requirements can be sold globally with the Group's focus on SE Asia and LATAM outside of Australia, New Zealand and the US. The Group's payment testing platform is sold globally.

There are no identifiable reportable segments and the Board and Executive monitor the operating performance of the overall business based on internal reports and discrete financial information that is reported to the Board on at least a monthly basis.

Discontinued Operations

On 26 November 2024, the Group made the strategic decision to withdraw from the US market, given the broader regulatory challenges in the region that had negatively impacted the Group's US operations. The Group processed its last US transaction in January 2025 with all operations (including US staff) ceasing in February. The Group will retain ownership of the US entity following wind down of its operations.

Results of Discontinued Operations for year ended 30 June	2025 US\$	2024 US\$
Revenue and other income	68,663	70,232
Employee benefits expense	(331,499)	(569,549)
Advertising & marketing expense	–	(3,195)
Program expenses	(420,333)	(331,222)
Professional services & insurance	(103,736)	(77,316)
Consulting fees	(51,334)	(86,636)
Technology & Hosting	(103,629)	(374,788)
Depreciation & amortisation expense	(1,568)	(4,344)
Finance expense	(1,628)	(1,720)
Other expenses	(147,825)	(113,096)
Loss before tax	(1,092,889)	(1,491,633)
Income tax (expense) benefit	–	–
Loss after tax for the year from discontinued operations	(1,092,889)	(1,491,633)

Cashflow information	2025 US\$	2024 US\$
Net cashflow used in operating activities	(1,113,748)	(1,522,433)

8. Earnings per share

Year ended 30 June	2025 US\$	2024* US\$
Loss attributable to ordinary equity holders of Change Financial Limited	(1,942,366)	(2,569,771)
Loss attributable to ordinary equity holders of Change Financial Limited from Continuing Operations	(849,477)	(1,078,139)
Loss attributable to ordinary equity holders of Change Financial Limited from Discontinued Operations	(1,092,889)	(1,491,632)
Weighted average number of ordinary shares used as a denominator in calculating basic earnings per share	675,335,722	627,661,385
Weighted average number of ordinary shares and dilutive potential ordinary shares used as a denominator calculating diluted earnings per share	675,335,722	627,661,385
Earnings per share from Continuing Operations		
Basic loss per share (US cents per share)	(0.13)	(0.17)
Diluted loss per share (US cents per share)	(0.13)	(0.17)
Earnings per share from Continuing Operations and Discontinued Operations		
Basic loss per share (US cents per share)	(0.29)	(0.41)
Diluted loss per share (US cents per share)	(0.29)	(0.41)

* Comparative information has been restated to reflect discontinued operations in the current financial year. Please refer to Note 7: Discontinued Operations.

Options and other potential equity securities on issue at the end of the period have not been included in the determination of diluted earnings per share as the Group has incurred a loss for the period and they are therefore not dilutive in nature.

9. Cash and cash equivalents

As at 30 June	2025 US\$	2024 US\$
Cash and cash equivalents	3,908,043	2,590,597

10. Client settlement funds

As at 30 June	2025 US\$	2024 US\$
Client settlement funds (restricted use)	2,753,353	–

Notes to the Consolidated Financial Statements

(Continued)

11. Trade & other receivables

As at 30 June	2025 US\$	2024 US\$
Trade receivables	2,212,589	1,193,576
Allowance for expected credit loss	(62,051)	(88,916)
Scheme settlement receivable	–	637,515
Other current receivables	757,014	313,944
Total trade & other receivables	2,907,552	2,056,119

Trade receivables are amounts due from customers for services performed or to be performed in the ordinary course of business. They are generally due for settlement within 30 days of invoicing. Trade receivables are recognised initially at the invoiced amount. Scheme settlement receivable relates to funds owing from clients for card issuing settlement obligations arising from Processing and Issuing.

Due to the short-term nature of the trade and other receivables, their carrying amount is considered to be the same as their fair value.

Information about the impairment of trade receivables and the Group's exposure to credit risk and foreign currency risk may be found at Note 25.

The movement in the expected credit loss provision is set out in the following table:

As at 30 June	2025 US\$	2024 US\$
Opening balance	88,916	65,967
Allowance for expected credit loss	19,526	50,406
Debts written off against expected credit loss allowance	(46,391)	(27,457)
Total trade & other receivables	62,051	88,916

12. Other current assets

As at 30 June	2025 US\$	2024 US\$
Contract assets	13,018	286,261
Prepayments	379,279	387,497
Other current assets	129,898	75,811
Total other current assets	522,195	749,569

Contract assets arise where on a particular project the proportion of work performed on that project exceeds the amounts invoiced on that project to date. It is expected that 100% of contract assets will be invoiced in the next twelve months.

Notes to the Consolidated Financial Statements

Remaining useful life (years)	3.25	2.25	3.55	

	Software Acquired US\$	Customer Contracts US\$	Software Development US\$	Total US\$
2024				
Opening carrying amount	3,470,656	58,479	2,813,917	6,343,052
Capitalisation of software developments	–	–	1,886,242	1,886,242
Amortisation expense	(661,077)	(13,760)	(809,845)	(1,484,682)
Closing carrying amount	2,809,579	44,719	3,890,314	6,744,612
Expected useful life (years)	8	7	5	
Remaining useful life (years)	4.25	3.25	3.63	

15. Other non-current assets

As at 30 June	2025 US\$	2024 US\$
Security deposits	977,798	498,789

Security deposits comprise cash backed guarantees which are required for card issuing in New Zealand and Australia. The security deposits are a requirement of the Group's scheme and processing partners to provide security for settlement and other payment obligations relating to the processing of cards and associated transactions.

Notes to the Consolidated Financial Statements

(Continued)

16. Trade and other payables

As at 30 June	2025 US\$	2024 US\$
<i>Unsecured liabilities</i>		
Accounts payable	382,041	581,602
Accrued expenses	334,158	415,066
Scheme clearing	2,770,823	622,507
Other payables	730,184	285,258
Total trade and other payables	4,217,206	1,904,433

These amounts represent liabilities for goods and services provided to the Group prior to the end of the financial year and which are unpaid. Scheme clearing relates to card issuing settlement obligations arising from Processing and Issuing. Due to their short-term nature the carrying amount is considered to be the same as the fair value. Scheme clearing relates to the obligation to settle funds to the schemes for transactions processed. The client settlement funds detailed in Note 10 relate to funds held by the Group to meet this scheme clearing obligation.

17. Provisions

As at 30 June	2025 US\$	2024 US\$
<i>Unsecured liabilities</i>		
Employee provisions – current	1,254,617	1,108,468
Employee provisions – non-current	40,120	29,165
Total provisions	1,294,737	1,137,633

18. Leases

As at 30 June	2025 US\$	2024 US\$
Lease liabilities		
Lease liabilities – current	128,710	104,221
Lease liabilities – non-current	295,352	52,709
Total lease liabilities	424,062	156,930

Lease liabilities Reconciliation of Movement	2025 US\$	2024 US\$
Opening Balance	156,930	136,253
Additions to lease liabilities	347,193	121,046
Interest accrued	13,196	9,053
Lease repayments	(93,257)	(109,422)
Balance as at 30 June	424,062	156,930

Notes to the Consolidated Financial Statements

(Continued)

Lease liabilities are in relation to property leases for office space. The Group has the following property leases:

- Auckland, New Zealand – four (4) year term expiring 30 April 2029. The lease provides for one (1) right of renewal for a further two (2) years. Other than rental payments, the Group is liable for its proportionate share of the building's outgoings which are not material.
- Melbourne, Australia – two (2) year term which expired 10 January 2023. Following expiry of the term, the lease operates on a month-to-month basis. Other than rental payments, the Group is not exposed to material cash outflows under the terms of the lease.
- Brisbane, Australia – three (3) year term expiring 31 August 2026. Other than rental payments, the Group is liable for its proportionate share of the building's outgoings which are not material.
- Santo Domingo, Dominican Republic – five (5) year term expiring 31 August 2029. The lease provides that on expiry the Group may choose to extend the term for further consecutive three (3) year periods. Other than rental payments, the Group is liable for its proportionate share of the building's outgoings which are not material.

The option periods are not included in the above lease liability balances.

19. Contract liabilities

As at 30 June	2025 US\$	2024 US\$
Contract liabilities	4,076,435	2,721,989

The contract liabilities represent maintenance, services fees and project services fees invoiced in advance of the service being provided. The increase in this balance verse prior year is due to an increase in sales and client activity. Maintenance and service fees are invoice for periods of three to 12 months in advance of the maintenance or service period. A proportion of each project undertaken for customers is invoiced in advance of the project work being undertaken. All contract liabilities are expected to be recognised as revenue in the next 12 months.

20. Contract liabilities – non-current

As at 30 June	2025 US\$	2024 US\$
Contract liabilities – non-current	978,616	989,679

The non-current contract liabilities represent the incentive payment under the Mastercard agreement for Australia and New Zealand. The six-year agreement contains volume targets which can be met over the course of the agreement term and are not expected to be achieved within the next 12 months. Upon achievement of the volume targets, the non-current contract liabilities are expected to be progressively recognised as revenue.

21. Contributed equity

Capital risk management

The Group's objectives when managing capital is to safeguard its ability to continue as a going concern so that it can provide returns for shareholders and benefits for other stakeholders and to maintain an optimum capital structure to reduce the cost of capital.

Capital is regarded as total equity, as recognised in the Consolidated Statement of Financial Position, plus net debt. Net debt is calculated as total borrowings less cash and cash equivalents.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group would look to raise capital when an opportunity to invest in a business or company was seen as value adding relative to the current Company's share price at the time of the investment. The Group is not actively pursuing additional investments in the short term as it continues to focus on growing its existing business.

The capital risk management policy remains unchanged from the 30 June 2024 Annual Report.

As at 30 June	2025 US\$	2024 US\$
686,853,020 fully paid ordinary shares (30 June 2024: 627,661,385)	53,398,168	50,497,323

Details of the movement in share capital in the period ending 30 June 2025 is set out below:

	Number of Shares	Value US\$
Opening balance as at 30 June 2024	627,661,385	50,497,323
September 2024 share placement at A\$0.075 per share	46,666,668	2,425,407
September 2024 share purchase plan at A\$0.075 per share	12,524,967	650,960
Cost associated with the placement and share purchase plan	–	(175,522)
Balance at 30 June 2025	686,853,020	53,398,168

There was no movement in the share capital for financial year ended 30 June 2024.

Notes to the Consolidated Financial Statements

22. Reserves

As at 30 June	2025 US\$	2024 US\$
Share-based payment reserve (a)	4,645,543	4,406,700
Foreign currency translation reserve (b)	327,344	417,218
Total reserves	4,972,887	4,823,918
(a) Share-based payment reserve		
Balance at the start of the period	4,406,700	4,363,472
Options/performance rights issued	238,843	43,228
Closing balance	4,645,543	4,406,700
The share-based payment reserve is used to account for share-based payment arrangements.		
(b) Foreign currency translation reserve		
Balance at the start of the period	417,218	450,264
Exchange differences on translation of parent operation	(89,874)	(33,046)
Closing balance	327,344	417,218

The foreign currency translation reserve is used to recognise exchange differences from the translation of the financial statements of foreign operations to US dollars.

23. Share-Based Payments

(a) Employee Option Plan

Share options were granted to senior executives of the Group as part their remuneration package. Their options were granted under their employment contracts for no consideration.

Set out below are summaries of options granted and outstanding at balance date:

	2025		2024	
	Average exercise price per share Option	Number of options	Average exercise price per share Option	Number of options
As at 1 July	A\$0.23	4,250,000	A\$0.23	6,050,000
Granted during the year	—	—	—	—
Exercised during the year	—	—	—	—
Cancelled during the year	—	—	—	—
Expired/forfeited	A\$0.23	(4,250,000)	A\$0.24	(1,800,000)
As at 30 June	—	—	A\$0.23	4,250,000
Vested and exercisable at 30 June		—		4,250,000

Notes to the Consolidated Financial Statements

(Continued)

(b) Fair value of options granted

There were no options granted under the ESOP during the year ended 30 June 2025 or the year ended 30 June 2024.

500,000 unquoted share options were issued to consultants in lieu of capital raising fees on 9 October 2024 with a strike price of A\$0.15 and an expiry date of 9 October 2025. The options were granted for no consideration.

Expiry	Term (years)	Strike Price A\$	Fair Value at Grant Date A\$	Fair Value at Grant Date US\$	Number	Vesting Conditions	% Vested at 30 June 25
9 October 2025	1.0	0.15	0.0038	0.0025	500,000	Nil	100%

(c) Employee Performance Rights Plan

During the year ended 30 June 2024, the Group introduced a performance rights plan. During the year ended 30 June 2025, performance rights of the parent were granted to senior executives of the Group as part their remuneration package. The performance rights were granted under their employment or consulting contracts with an exercise price of nil upon satisfaction of performance hurdles and service conditions. The performance hurdles relate to the 15-day volume weighted average price of the Company's shares over the relevant test period (see table below for further details).

Set out below are summaries of performance rights granted to executives during the year:

	2025 Number of performance rights	2024 Number of performance rights
As at 1 July	9,150,000	–
Granted during the year ¹	15,980,000	9,150,000
Exercised during the year	–	–
Cancelled during the year	–	–
Expired/forfeited	(3,750,000)	–
As at 30 June	21,380,000	9,150,000

1. Includes performance rights granted to Mr. Russell, Mr. Sheehan, Ms. Mateer and Mr. Lee as disclosed in the remuneration report.

Notes to the Consolidated Financial Statements

(Continued)

The performance rights outstanding at the end of the year have the following expiry dates and performance hurdle prices:

Issue Date	Expiry	Term (years)	Performance hurdle price A\$	Fair value per performance right A\$	2025 Number	2024 Number
1 June 2024	September 2024	0.33	0.080	0.0200	–	3,050,000

Decrease (increase) in deferred tax assets	72,559	30,922
Increase (decrease) in deferred income	1,370,916	(607,462)
Exchange gains (losses)	64,892	38,218
Net cash used in operating activities	795,054	(464,974)

Non-cash investing and financing transactions

During the period the Group entered the following new leases:

- Auckland, New Zealand – the lease has a four (4) year term expiring 30 April 2029; and
- Santo Domingo, Dominican Republic – the lease has a five (5) year term expiring 31 August 2029.

Notes to the Consolidated Financial Statements

(Continued)

25. Financial risk management

The Group's activities may expose it to a variety of financial risks: market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group.

Risk management is carried out by senior management in consultation with the Board. The Board provides principles for overall risk management, as well as direction in specific areas.

Group financial assets and financial liabilities

As at 30 June	Note	2025 US\$	2024 US\$
<i>Financial assets at amortised cost</i>			
Cash and cash equivalents	9	3,908,043	2,590,597
Client settlement funds	10	2,753,353	–
Trade and other receivables	11	2,907,552	2,056,119
Security deposits	15	977,798	498,789
Total financial assets		10,546,746	5,145,505
<i>Financial liabilities at amortised cost</i>			
Trade and other payables	16	4,217,206	1,904,433
Lease liabilities	18	424,062	156,930
Total financial liabilities		4,641,268	2,061,363

Foreign currency risk

Foreign currency risk arises from future commercial transactions and recognised financial assets and financial liabilities denominated in a currency that is not the Group's functional currency. The risk is measured using sensitivity analysis and cash flow forecasting.

At balance date, the Group had the following exposures to Australian dollars (A\$)	2025 US\$	2024 US\$
Cash at bank	2,861,588	1,096,981
Current assets	344,911	329,205
Current liabilities	(1,600,682)	(1,657,189)
Net financial assets/(liabilities) designated in AUD	1,605,817	(231,003)

At balance date, the Group had the following exposures to New Zealand dollars (NZ\$)	2025 US\$	2024 US\$
Cash at bank	639,740	1,132,156
Current assets	3,983,092	965,668
Current liabilities	(3,803,600)	(1,237,434)
Non-current assets	596,810	155,109
Net financial assets designated in NZD	1,416,042	1,015,499

Notes to the Consolidated Financial Statements

(Continued)

The exposure to foreign currency movement arising from foreign current working capital balances held within the group is summarised below:

USD impact on profit or loss before tax of a 10% increase in foreign currency rates	2025 US\$	2024 US\$
AUD	160,582	(23,100)
NZD	141,604	101,550

USD impact on profit or loss before tax of a 10% decrease in foreign currency rates	2025 US\$	2024 US\$
AUD	(160,582)	23,100
NZD	(141,604)	(101,550)

The Group incurs operating costs in both AUD and NZD, the foreign currency impact of which is partly mitigated by revenues in those currencies. To mitigate the risk of short-term volatility of the USD exchange rate of AUD and NZD, the Group holds cash balances in those currencies.

Interest rate risk

The Group's main interest rate risk arises from cash. Cash at variable rates expose the Group to cash flow interest rate risk. No hedging instruments are used. As at the reporting date, the Group had cash and cash equivalents of \$3,908,043 (2024: \$2,590,597) subject to variable interest rates. The majority of cash is held in an account which is subject to a variable interest rate which is currently approximately 0.90% (2024: 0.95%). At 30 June 2025, if interest rates had changed by +/- 1% from the year-end rates with all other variables held constant the impact would be immaterial.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. Credit risk arises from cash and cash equivalents, outstanding trade and other receivables. The Group mitigates risk associated with its cash holdings by holding the vast majority of funds at highly rated investment grade financial institutions. Trade and other receivables risk is mitigated by frequently monitoring outstanding balances and restricting client access to products and services where payment is overdue.

The Group applies the simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables.

Expected credit losses (**ECL**) are measured by grouping trade receivables on a shared risk basis. The shared risk has been determined as being by days past due. A provision percentage is then determined based on the historic credit loss for each group of customers by age adjusted for any material expected changes to the future credit risk for that customer group.

Notes to the Consolidated Financial Statements

(Continued)

2025 Ageing category	Current	1-30 days past due US\$	31-60 days past due US\$	61-90 days past due US\$	>90 days past due US\$	Total US\$

2024 Ageing category	Current	1-30 days past due US\$	31-60 days past due US\$	61-90 days past due US\$	>90 days past due US\$	Total US\$
Trade receivable	730,980	153,040	34,911	85,793	188,852	1,193,576
Provision matrix	1%	16%	5%	10%	25%	
Total ECL	7,310	24,960	1,746	8,579	46,321	88,916

Liquidity risk

The Group manages liquidity risk by maintaining adequate cash balances and by continuously monitoring forecasts and actual cash flows matching maturity profiles of financial assets and liabilities.

(i) Financing arrangements

The Group does not have access to any undrawn borrowing facilities at the end of the reporting period.

(ii) Maturities of financial liabilities

At period end the Group had trade and other payables of \$4,217,206 (2024: \$1,904,433) which have a maturity of less than six months. The total lease payments to be made in the next 12 months are \$146,015 (2024: \$109,145) and the period later than 12 months and less than five years \$316,521 (2024: \$56,778). The Group has no other financial liabilities.

26. Commitments

The Group is required to pay to certain minimum payments under contracts for services, the amounts of which are set out in the table below. These contractual commitments relate to payment system connectivity in the US.

	2025 US\$	2024 US\$
Payments contracted for but not recognised in the financial statements:		
Not later than 12 months	–	300,000
Later than 12 months but not later than five years	–	350,000
Later than 5 years	–	–
Total	–	650,000

27. Contingent liabilities

The Group has no contingent liabilities.

Notes to the Consolidated Financial Statements

28. Remuneration of auditors

The auditor of Change Financial Limited is Pitcher Partners.

Year ended 30 June	2025 US\$	2024 US\$
Amounts received or due and receivable for current auditors:		
An audit or review of the financial report of the entity and any other entity in the Group	70,637	68,182
Other services in relation to the entity and any other entity in the Group:		
– tax compliance services	12,288	9,095
– tax advisory	–	29,219
Total	82,925	106,496

29. Related Party Transactions

There are no related party transactions to report for the period ending 30 June 2025 other than payment in respect of remuneration as disclosed in the Remuneration Report.

30. Dividends

There were no dividends paid, recommended or declared during the current or previous period. There are no franking credits available for future distributions.

31. Parent entity financial information

The individual financial statements for the parent entity show the following aggregate amounts:

As at 30 June	2025 US\$	2024 US\$
Current assets	3,226,886	1,147,453
Non-current assets	–	557,791
Total assets	3,226,886	1,705,244
Current liabilities	(286,236)	(313,045)
Non-current liabilities	(3,040,757)	–
Total liabilities	(3,326,993)	(313,045)
Net assets	(100,107)	1,392,199
<i>Shareholders' equity</i>		
Issued Capital	53,398,168	50,497,323
Reserves	5,145,091	4,986,916
Accumulated losses	(58,643,366)	(54,092,040)
Total shareholders' equity	(100,107)	1,392,199
Loss for the period	(4,551,326)	(3,753,009)
Total comprehensive loss	(4,551,326)	(3,771,390)

Notes to the Consolidated Financial Statements

(Continued)

Contingent liabilities

The parent entity had no contingent liabilities as at 30 June 2025 and 30 June 2024.

Capital commitments – Property, plant and equipment

The parent entity had no capital commitments for property, plant and equipment as at 30 June 2025 and 30 June 2024.

Material accounting policy information

The accounting policies of the parent entity are consistent with those of the Group, as disclosed in Note 1, except for the following:

- Investments in subsidiaries are accounted for at cost, less any impairment, in the parent entity.

32. Subsidiaries

The consolidated financial statements include the assets, liabilities and results of the following subsidiaries:

Name of Entity	Country of Incorporation	Equity Type	Holding 2025 %	Holding 2024 %
Change Financial LLC	US	Membership units	100	100
Change Labs NZ Pty Ltd	Australia	Ordinary Shares	100	100
Change Financial Services Pty Ltd	Australia	Ordinary shares	100	100
Change Financial IP Pty Ltd	Australia	Ordinary shares	100	100
Change Financial Trading Pty Ltd	Australia	Ordinary shares	100	100
Change Financial Payment Services Pty Ltd	Australia	Ordinary shares	100	100

There were no events occurring after the reporting period up to the date of authorisation of the financial statements that would require adjustment to, or disclosure in, the financial statements.

Group Disclosure Statement

As at 30 June 2025

Change Financial is required by Australian Accounting Standards to prepare consolidated financial statements in relation to Change Financial and its controlled entities. In accordance with subsection 295(3A) of the *Corporations Act 2001*, this Group disclosure statement provides information about each entity that was part of the Group at the end of the financial year.

Name of Entity	Country of Incorporation	Equity Type	Ownership Interest %	Tax Residency
Change Financial Limited	Australia	Ordinary Shares	N/A	Australia ¹
Change Labs NZ Pty Ltd	Australia	Ordinary Shares	100	Australia ¹
Change Financial Services Pty Ltd	Australia	Ordinary shares	100	Australia ¹
Change Financial IP Pty Ltd	Australia	Ordinary shares	100	Australia ¹
Change Financial Trading Pty Ltd	Australia	Ordinary shares	100	Australia ¹
Change Financial Payment Services Pty Ltd	Australia	Ordinary shares	100	Australia ¹
Change Financial LLC	US	Membership units	100	US

1. Change Financial Limited (the "head entity") and its wholly-owned Australian subsidiaries have formed an income tax consolidated group under the tax consolidation regime.

At the end of the financial year, no other entity within the Group was a trustee of a trust within the Group, a partner in a partnership within the Group, or a participant in a joint venture within the Group.

Directors' Declaration

In the opinion of the Directors:

- (a) the financial statements and notes set out on pages 32 to 64 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Australian Accounting Standards and the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Group's financial position as at 30 June 2025 and of its performance for the financial year ended on that date; and
- (b) there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable; and
- (c) the information disclosed in the attached Group disclosure statement is true and correct.

Note 1(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The Directors have been given the declarations by the Chief Executive Officer required by section 295A of the *Corporations Act 2001*.

This declaration is made in accordance with a resolution of the Directors.

Independent Auditor's Report to the Members of Change Financial Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Change Financial Limited ("the Company") and its controlled entities ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2025, the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2025 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report

(Continued)

Key Audit Matter

How our audit addressed the key audit matter

Revenue Recognition

(Refer to note 4, note 12 and note 19)

The Group derives revenue from various revenue streams. The amount of revenue recognised during the year is dependent on meeting revenue recognition criteria / performance obligations, which differs between revenue streams under Australian Accounting Standards and the Group's revenue recognition policies which are set out in note 1(f).

Contract assets arise where on a particular project, the proportion of work performed on that project exceeds the amounts invoiced on that project to date. These amounts are disclosed at note 12.

Contract liabilities represent maintenance, service fees and project service fees invoiced in advance of the service being provided. These amounts are disclosed in note 19.

Our audit procedures included, amongst others:

- Understanding and evaluating the design and implementation of relevant controls over revenue recognition;
- For a sample of revenue transactions for each income stream, we obtained supporting audit evidence such as contracts with customers, invoices, purchase orders and banking receipts, to assess the timing and amount of revenue recognised;
- Obtained a sample of contracts entered into with customers for each revenue stream to identify the related performance obligations;
- Testing trade receivables and contract assets recognised at the balance date to obtain evidence of the existence and accuracy of revenue from contracts with customers at year end;
- Testing contract liabilities recognised at the balance date to obtain evidence of the completeness of the liabilities, together with the existence and accuracy of corresponding revenue from contracts with customers at year end; and
- Assessing the adequacy of the disclosures in the financial report.

Intangibles Asset

(Refer to note 14)

During the year, the Group capitalised US\$1.5 million of internal software development costs primarily in respect to its Vertexon PaaS platform.

The Group's accounting policy is described in note 1(k).

The capitalisation of internal software development costs is a key audit matter due to the judgement involved in assessing whether the recognition criteria set out in AASB 138 *Intangible Assets* have been satisfied.

Our audit procedures included, amongst others:

- Understanding and evaluating the design and implementation of relevant controls over the capitalisation of internal software development costs;
- Assessing whether the costs capitalised satisfy the recognition criteria under AASB 138 *Intangible Assets*;
- Assessing management's assessment to determine whether the internally developed software platform will generate probable future economic benefits that exceed the carrying value of the software development asset;
- Performing tests of control and substantive tests of detail over the capitalised software development costs to obtain sufficient and appropriate evidence regarding their existence and accuracy, and to assess whether those costs are directly attributable to software development activities; and
- Assessing the adequacy of the relevant disclosures in the financial report.

Independent Auditor's Report

(Continued)

Other Information

The directors are responsible for the other information. The other information comprises the Corporate Directory, Chairman's Letter, CEO's Report, Director's Report, Corporate Governance Statement and ASX Additional Disclosure which was obtained as at the date of our audit report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- (a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
- (b) the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*; and
- (c) for such internal control as the directors determine is necessary to enable the preparation of:
 - (i) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
 - (ii) the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Pitcher Partners is an association of independent firms. An Independent Queensland Partnership ABN 84 797 724 539. Liability limited by a scheme approved under Professional Standards Legislation. Pitcher Partners is a member of the global network of Baker Tilly International Limited, the members of which are separate and independent legal entities.

3

Independent Auditor's Report

(Continued)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 8 to 15 of the directors' report for the year ended 30 June 2025. In our opinion, the Remuneration Report of Change Financial Limited, for the year ended 30 June 2025, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
