¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

Corporate Governance Statement FY25

This corporate governance statement outlines the corporate governance framework that has been established by Sarytogan Graphite Ltd ("SGA" or the "Company") and its controlled entities ("Group") and its compliance with that framework for the reporting period from 1 July 2024 to 30 June 2025.

The Directors are cognisant of the fourth edition Corporate Governance Principles and Recommendations ("ASX Principles") published by the ASX Corporate Governance Council and have adopted the ASX Principles where they are considered appropriate to the Company's circumstances. Under ASX Listing Rules, a company is required to provide a statement disclosing the extent to which it has followed all the recommendations of the ASX Principles and identify all the recommendations that have not been followed and give reasons for not following them. Unless otherwise outlined in this statement, the Board considers that the Company's policies and practices follow the ASX Principles recommendations for the reporting period from 1 July 2024 to 30 June 2025.

The charters, codes and policies in respect of the Company's corporate governance practices referred to in this statement are reviewed and updated periodically to ensure that they remain appropriate to the Company's circumstances. The Company's charters, codes and policies are available on SGA's website at www.sarytogangraphite.com.au

This statement is current as at **30 June 2025** and has been approved by the Board of Directors of SGA.

Principle 1: Lay Solid Foundations for Management and Oversight

(a) Roles of the Board and Management

The Board acknowledges that it is accountable to shareholders and must ensure that the Company is properly managed and protected to enhance shareholder value by ensuring the long-term health and prosperity of the Group.

SGA's Board Charter establishes the following key responsibilities and functions of the Board:

- develop, review and monitor the Company's long-term business strategies and provide strategic direction to management;
- ensure policies and procedures are in place to safeguard the Group's assets and business and to enable the Group to act ethically and prudently;
- develop and promote a system of corporate governance which ensures the Group is properly managed and controlled;
- identify the Group's principal risks and ensure that it has in place appropriate systems of risk management, internal control, reporting and compliance and that management is taking appropriate action to minimise those risks;
- review and approve the Company's budgets and consolidated financial statements. Before the Board approves the Company's financial statements, it shall receive from the CEO and the Chief Financial Officer a declaration that the financial records of the Group comply with the appropriate accounting standards and give a fair view of the financial position and performance of the Company;

- monitor management's performance and the Company's financial results on a regular basis;
- appoint, appraise and determine the remuneration and benefits of the CEO;
- delegate powers to the CEO as necessary to enable the day-to-day business of the Group to be carried on, and to regularly review those delegations;
- ensure that the Group has in place appropriate systems to comply with relevant legal and regulatory requirements that impact on its operations;
- determine the appropriate capital management for the Group including share and loan capital and dividend payments; and
- determine and regularly review an appropriate remuneration policy for employees of the Group.

The Board has delegated the day-to-day management of the business and affairs of SGA to the CEO. The Board has approved detailed delegation authority limits for the CEO and certain senior managers that may be exercised in accordance with SGA's Delegated Authority Policy. Financial and procedural controls are maintained by management to ensure adherence to the delegated authority limits and SGA's Delegated Authority Policy. When considered appropriate by the Board these financial and procedural controls may be amended.

In addition to the requirements of the law, the Company's Constitution and ASX Listing Rules, the Delegated Authority Policy reserves the following matters (including amendments to any such matters) for approval by the Board:

- establishment of SGA's overall strategic direction; business plan, including geographic expansion and product range; and the Company's key business and financial objectives;
- approval of acquisition and disposal of assets which exceed the authority limits delegated to the CEO;
- decisions which result in a material change to the business of SGA;
- various financial controls;
- changes to the Company's capital or corporate structure; and
- charging or encumbering in any way the assets of the Group or borrowing any money or obtaining any financial facility.

(b) **Procedure for the Selection and Appointment of Directors**

In selecting new members for the Board, the Board Charter requires directors to have regard to the appropriate range of qualifications, experience and diversity needed by the Board as a whole and for the directors to endeavour to appoint individuals who will provide a mix of director characteristics and diverse experiences, perspectives and skills appropriate for the Group.

The Board has established guidelines for the appointment and selection of Directors. These guidelines are to ensure that the Board consists of members with a range of skills and experience to meet its primary responsibility for promoting the success of the Company in a way which ensures that the interests of shareholders and other stakeholders are promoted and protected.

(c) **Letters of Appointment**

(i) **Non-Executive Directors**
