

27 January 2009

ANNOUNCEMENT CORRECTION

Allomak wishes to correct one of the statements made in the ASX release announced on Friday 23 January, 2009 and advises it is not in breach of its continuous disclosure obligations in regard to the resignation of Mr Rob Allan. The announcement advised that Mr Allan had resigned from the company on 28 November, 2008. This statement was incorrect. Mr Allan had indicated on that day his intention to step aside from the day to day management of the company once a suitable operationally focused team was indentified to manage the company through the current economic climate and changes to the company business model as a result. With recent changes to the board and proposed changes within the management structure much progress is being made in this regard.
