## **Directors' Report (continued)**

The first half has seen a decline in group revenue of 13.9% when compared with the corresponding period. The main contributing factor for this shortfall is the loss of ABC Learning Centres Limited related revenue resulting directly from the collapse of the ABC Group in November 2008. Gross margin across the Toys & Lifestyle Merchandise is also lower due to clearance activities, pricing issues and catalogue deals. The poor trading result has partly been offset by the ongoing performance of the Madman Group which has delivered a result in the half year which is in line with the same period last year. The revenue and margins in the Interactive business unit were lower due to the inability to raise prices, and compounded lower volume and increased clearance at lower prices.

The Net cash outflow from operating activities totalled \$19,509,000 compared with the previous corresponding period of \$24,010,000. This improvement is mainly explained by stronger working capital management. Net bank debt has increased to \$90.5 million at 30 June 2009 from \$85.1 million at 31 December 2008 due to seasonal working capital requirements.

#### Sale of Discounting Operations - Softgoods and Toys New Zealand

Since the 30 June 2009 the business has completed the sale of the non core business units. The non core business units which have been disposed of at or since year end include:

- The sale of the Footwear business unit to Corell Licensing Pty Ltd effective 30 June 2009;
- The sale of Toys New Zealand business effective 1 July 2009 to its Auckland based senior management and local investors;
- The sale of the Manchester business unit to Network Clothing Company Pty Ltd effective 31 July 2009;
- The pending sale of the Apparel business unit to Australian Horizons Trading Pty Ltd which will be effective 31 August 2009.

#### Capital Raising and NSR acquisition

As previously advised on 14 August 2009, the Company completed the acquisition of the Hong Kong toy company NSR (HK) Limited and the completion of its fully underwritten one-for-one non renounceable rights issue which raised approximately \$21 million before costs.

The NSR (HK) Limited acquisition was funded by the issue of ten million shares valued at the date of completion at \$1.4 million.

On 13 August 2009 the Company completed a re-negotiation of its banking facilities with the National Australia Bank with a new facilities agreement expiring in June 2011.

Following the completion of the capital raising, and the divestment of Toys New Zealand the company has reduced bank debt by approximately \$21.5million.

#### Outlook

The directors expect to see little improvement in the second half trading and, as previously advised the result will be materially lower than last year. Business conditions will remain challenging, and there is still much to be done over the next six months including:

- The integration of NSR (Hong Kong) Limited into the operations of Funtastic in order to extract the full strategic benefits of the acquisition;
- Ensuring that the inventory levels including aged inventory is at appropriate levels by December 2009 to support good line sales in 2010. This may involve the sale of certain inventory at or below cost over the next six months;
- The completion of the Oracle demand and inventory planning solution. This will assist in keeping inventory at acceptable levels;
- The consolidation of Funtastic's warehouses into two Victorian sites including the outsourcing of the full carton warehouses into a single Toll operated facility. This brings to an end the strategic review of the Funtastic physical domestic logistics network;
- Development and implementation of a plan to reduce business and corporate overheads. This will necessarily involve restructuring costs.

Given the above projects, the Board and management expect that the trading performance for the remainder of 2009 to be significantly below that of 2008.

While the projects mentioned above will impact the 2009 results, we believe that these steps are necessary to reposition the Group to take full advantage of the expected economic upswing next year.

## **Directors' Report (continued)**

#### Dividend

The directors recommend no payment of an interim dividend. The dividend position will be reviewed at the end of the year.

#### Auditor's independence declaration

The auditor's independence declaration is included on page 7 of the half-year report.

#### Rounding of amounts to nearest thousand dollars

The Company is of a kind referred to in Class Order 98/0100, issued by the Australian Securities & Investments Commission, relating to the 'rounding off' of amounts in the Directors' report. Amounts in the Directors' report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, to the nearest dollar.

#### Significant Changes in the State of Affairs

There was no significant change in the state of affairs of the consolidated entity, during the period except for the identification of the sale of the discontinuing businesses namely Softgoods and Toys New Zealand

## **Future Developments**

At the date of this report, there are no likely developments in the operations of this company required to be reported in accordance with section 299(1)(e) of the *Corporations Act* 2001 other than as mentioned in this report.

Signed in accordance with a resolution of directors made pursuant to s.306(3) of the Corporations Act 2001.

#### NOTE 1: Significant accounting policies

#### Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB134 Interim Financial Reporting. Compliance with AASB134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

#### Basis of preparation

The condensed consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The company is a company of the kind referred to in ASIC Class Order 98/0100, dated 10 July 1998, and in accordance with that Class Order amounts in the directors' report and the half-year financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's annual financial report for the financial year ended 31 December 2008, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current reporting period.

The adoption of these new and revised Standards and Interpretations have resulted in changes to the Group's presentation of, or disclosure in, its half-year financial statements in the following areas:

- Previously, the Group reported an income statement and a statement of changes in equity. As a result of
  adopting AASB 101 Presentation of Financial Statements (2007), the group has presented a statement of
  comprehensive income and a statement of changes in equity. Certain items that were previously reported
  in the statement of changes in equity are now included in the statement of comprehensive income.
- The adoption of AASB8 Operating Segments and AASB 2008-3 Amendments to Australian Accounting Standards arising from AASB 8 has resulted in amended segment disclosures as set out in note 2. In addition, the group has early adopted AASB 2009-5 Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project, which only requires disclosure of total segment assets for each reportable segment if such amounts are regularly provided to the chief operating decision maker.

#### Key sources of estimation uncertainty

The group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next six months are discussed below.

Impairment of goodwill in continuing business segments

The group tests annually whether goodwill has suffered any impairment, in accordance with the accounting policy. The recoverable amount of each cash-generating unit has been determined based on value-in-use calculations. These calculations require the use of assumptions. A significant change to these assumptions may affect the recoverable amount of the cash generating units.

#### NOTE 1: Significant account policies (continued)

Remeasurement of discontinued disposal groups to fair value less cost to sell

The calculation of fair value less costs to sell in respect of the discontinued disposal groups have been based on the best information available to reflect the amount that the group will obtain from the disposal of the asset after deducting the costs of disposal.

#### NOTE 2: Segment information

The Group has adopted AASB 8 Operating Segments and AASB 2008-3 Amendments to Australian Accounting Standards arising from AASB 8 with effect from 1 January 2009. AASB 8 requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segment and to assess its performance. In contrast, the predecessor Standard (AASB 114 Segment Reporting) required an entity to identify two sets of segments (business and geographical), using a risks and rewards approach, with the entity's 'system of internal financial reporting to key management personnel' serving only as the starting point for the identification of such segments. As a result, following the adoption of AASB 8, the identification of the Group's reportable segments has changed.

Under AASB 114 Segment Reporting, Funtastic Limited reported operations in one business and one geographical segment as Funtastic Limited is a wholesaler and distributor operating predominantly in Australia.

Under the requirements of AASB 8 *Operating Segments*, information reported to the Group's Chief Executive Officer for the purposes of resource allocation and assessment of performance is more specifically focused on the following categories of products:

- Toys and Lifestyle Merchandise
- Entertainment
- Softgoods (discontinuing)
- Other

The Toys and Lifestyle Merchandise reportable segment distributes licensed toys, sporting equipment, nursery equipment, educational toys and homewares. The Entertainment reportable segment distributes licensed DVD and interactive merchandise.

Prior to discontinuing, the Softgoods reportable segment distributed licensed footwear and apparel. Funtastic Limited committed to a formal disposal process of the Softgoods business in June 2009. The sale of the Footwear division of Softgoods was completed on 30 June 2009 and this transaction is set out in more detail in note 8. Binding sale agreements of the remaining Softgoods divisions have been signed and are expected to complete by 31 August 2009.

Other operations included the distribution of toys and lifestyle merchandise in New Zealand, prior to the group's discontinuance of that business. Funtastic Limited was committed to the sale of the Toys New Zealand business from 26 June 2009. A binding sale agreement for the New Zealand Toys business was signed on 14 July 2009 and was completed by 31 July 2009.

Information regarding these segments is presented below. Amounts reported for the prior period have been restated to conform to the requirements of AASB 8. The accounting policies of the new reportable segments are the same as the Group's accounting policies.

#### NOTE 2: Segment information (continued)

The revenue reported above represents revenue generated from external customers. There were no intersegment sales during the period.

Segment profit represents the profit earned by each segment without allocation of central administration costs and directors' salaries, share of profits of associates, investment revenue and finance costs, income tax expense, and gains or losses on disposal of associates and discontinued operations. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

#### NOTE 6: Bo

**Borrowings** 

During the six months ended 30 June 2009, Funtastic complied with its externally imposed capital requirements.

In June 2009 the Group received an offer from its banker on a new financing facility subject to the successful completion of approximately \$22 million fully underwritten capital raising and the signing of a binding purchase agreement in relation to the potential acquisition of NSR (HK) Limited.

Under the terms of the new facility, proceeds from the capital raising has been applied to reduce debt and repair the balance sheet. As described in note 12, the total bank facilities available to the Group following successful completion of the rights issue and the repayments of bank debt in accordance with the Group's new finance facility will be \$88 million (2008: \$105 million).

## NOTE 8: Discontinued Operations

#### Plan to dispose of the Toys New Zealand business

On 26 June 2009, the Board of Directors announced a plan to dispose of the Group's Toys New Zealand business, which involves the distribution of toys and lifestyle merchandise in New Zealand. The disposal is consistent with the Group's long-term strategy to focus its activities in the Australian Toys, Lifestyle Merchandise and Entertainment markets and in other international markets where the Group is in the process of securing distribution rights.

A binding sale agreement for the New Zealand Toys business was signed on 14 July 2009 and was completed by 31 July 2009. On initial reclassification of these operations as held for sale, the Group has recognised impairment losses in the amount of \$10,426,000. The Toys New Zealand business has been classified and accounted for at 30 June 2009 as a disposal group held for sale.

The results of the Toys New Zealand business, which have been included in the comprehensive statement of income, are presented below:

#### Plan to dispose of the Softgoods business

On 26 June 2009, the Board of Directors announced a plan to dispose of the Group's Softgoods business, which involves the distribution of licensed footwear and apparel. The disposal is consistent with the Group's long-term strategy as explained above.

Binding sale agreements in relation to individual operational units that make up the Softgoods business have been signed and are expected to complete by 31 August 2009. On initial reclassification of these operations as held for sale, the Group has recognised impairment losses in the amount of \$2,064,000 The Softgoods business has been classified and accounted for at 30 June 2009 as a disposal group held for sale.

#### Impairment - Nursery

During the year, as a result of the ongoing group restructure that was announced in 2008, the Group transferred the management and operations of the Nursery division to its Toys and Lifestyle Merchandise business. At the same time the Group reassessed the goodwill attached to the business for impairment. The recoverable amount of the Nursery division was based on a value in use calculation using cash flow projections based on financial budgets approved by management covering a five year period and using a discount rate of 16.7% which represents the estimated weighted average cost of capital for the division as determined. Cash flow projections during and beyond the budget period were based on normalized gross margins and an average growth rate of 0%. This resulted in the recognition of goodwill impairment loss for the Nursery business of \$2,839,000 and an impairment of prepaid product costs of the nursery Cash Generating Unit (CGU) of \$209,000.

#### NOTE 10: Commitments

There have been no material changes to the commitments disclosed in the most recent annual report.

## NOTE 11: Contingent liabilities

The company and group are parties to a number of licensing arrangements. In the ordinary course of business, the licensors may periodically conduct audits to assess compliance with the conditions of the licence arrangements. Included in this financial report are amounts provided in respect of the company's best estimate of the amounts required to settle claims arising from the current licence audits. Negotiations on the outcomes of these audits are still in progress, and the final amounts have not yet been determined.

## NOTE 12: Subsequent events

Since the 30 June 2009 the following sales of non core assets have been completed or are substantially complete:

- The sale of Toys New Zealand business was completed 31 July 2009 to its Auckland based senior management and local investors;
- The sale of the remaining Softgoods business which is expected to be completed by 31 August 2009.

The carrying amounts of the assets held for sale at 30 June 2009 have been adjusted to reflect the expected recoverable amounts (see note 8).

On 13 August 2009 the company completed a renegotiation of its banking facilities with the National Australia Bank expiring in June 2011. The company is confident that it will comply with the conditions of the new banking facilities.

The total bank facilities available to the Group following successful completion of the rights issue and the repayments of bank debt in accordance with the Group's new finance facility will be \$88 million (2008: \$105 million).

The company acquired 100% of voting rights in NSR (HK) Limited on 14 August 2009 and the issue and allotment of shares under its fully underwritten non-renounceable rights issue to raise approximately \$22 million before expenses. Since 30 June 2009 the company has reduced bank debt by approximately \$21million following the completion of the rights issue and the sale of Toys New Zealand.

The NSR (HK) Limited acquisition was funded via the issue of ten million shares valued at the date of completion at \$1.4 million. The value of the business acquired was determined by reference to an external valuation. NSR (HK) Limited is a Hong Kong based toy distributor.

Preliminary assessment of the acquisition values:

|  | \$'000  |
|--|---------|
| Equity to Vendor                               | 1,400   |

#### Independent Auditor's Review Report to the Members of Funtastic Limited

We have reviewed the accompanying half-year financial report of Funtastic Limited, which comprises the condensed consolidated balance sheet as at 30 June 2009, and the condensed consolidated statement of comprehensive income, condensed consolidated cash flow statement, condensed consolidated statement of changes in equity for the half-year ended on that date, selected explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 8 to 23.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 30 June 2009 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Funtastic Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

#### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Funtastic Limited is not in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 30 June 2009 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
