The motion was carried on a show of hands.

4. The following resolutions were passed by poll: **Not applicable**

5. Additional information arising from the meeting:

With the proposed recapitalisation resolutions passed by shareholders, the Chairman, Mr Chris Sadler confirmed:

“As the resolutions have been successful the Company has now taken a considerable step forward in its restructuring. We can now focus our attention to running the ongoing businesses and maximising value for our shareholders. Whilst the restructuring is complete there are still a number of legacy issues to be worked through and finalised in order to put the Company in the strongest position for the go forward.

We as a Board must ensure we have the right people with the right qualifications in place, to support our management team and deliver value for shareholders going forward.

John Anderson and Don Easter have been an invaluable help to the Company over the past few months, and their steadfast support throughout this difficult restructuring process has been greatly appreciated. They have both indicated their desire to step down from the board after the restructuring was completed, to make way for people who might be better placed to make a contribution to the restructured company going forward.

We have been in discussions with two highly qualified board members that we believe would add value to the Company through this next phase. We expect to conclude discussions shortly and then make an announcement. These new directors would stand for election at the AGM in late November.

In anticipation of these changes taking place I would like to thank Mr Anderson and Mr Easter for their contributions.”

David Franks  
Joint Company Secretary
