Activities Report

Broula King Gold Mine

The project is situated about 230 km due west of Sydney near Bumbaldry, lying mid-way between the towns of Grenfell and Cowra in the Central West Slopes region of NSW.

The site experienced excessive rainfall in Oct/November. The November rainfall was one of the wettest on record for the district. The 2010 year was the wettest on record. Despite the higher than expected rainfall construction of the treatment plant have been significantly advanced.

All major equipment is now in place and electrical works are progressing. Earthworks was recommenced on the tailings facility but was impeded as a result of the wet ground conditions.

Environmental monitoring is continuing to provide background data for the project.

The Company has been approached and is in preliminary exploratory discussions with third parties in regard to possible joint operations on other projects. The Company does have in board extensive and relevant experience in regard to project acquisition, environmental impact statements, plant procurement and construction and looks to leverage its position from the Broula King gold project. The Company will continue to monitor this position.

Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2011 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2011 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

Mine under construction

When the technical feasibility and commercial viability of a project can be demonstrated the capitalised exploration and evaluation expenditure is reclassified as a mine under construction. All subsequent development expenditure is capitalised and classified as mine under construction. Upon completion of development all assets included in mine under construction are reclassified as operating mine properties.

New, revised or amending Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Note 2. Operating segments

Identification of reportable operating segments

The consolidated entity is organised into one segment : exploration for base and precious metals in Australia. The operating segment is based on the internal reports that are reviewed by the Directors (who are identified as Chief Decision Makers) in assessing performance and allocation of resources.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF RESOURCE BASED LIMITED AND CONTROLLED ENTITIES

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Resource Base Limited and controlled entities, which comprises the statement of financial position as at 31 December 2011, and the statement of comprehensive income, statement of changes in equity, cash flow statement for the half-year ended on that date, selected explanatory notes and the directors' declaration of the company at the end of the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matters that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the entity's financial position as at 31 December 2011 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Resource Base Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Resource Base Limited and controlled entities is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the entity's financial position as at 31 December 2011 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
