Funtastic considers it is unreasonable to extend the Retail Entitlement Offer to Shareholders with registered addresses in jurisdictions outside Australia and New Zealand having regard to the small number and value of New Shares that would be offered in such jurisdictions and the cost of complying with the legal and regulatory requirements in those jurisdictions.

LETTER FROM THE CHAIRMAN

29 June 2012

Dear Shareholder,

On behalf of Funtastic Limited ("**Funtastic**" or the "**Company**"), I am pleased to invite you to participate in the retail component of a 1-for-3 non-renounceable pro rata entitlement offer ("**Retail Entitlement Offer**") at an offer price of \$0.145 per share ("**Offer Price**") to raise up to approximately \$4.4 million (before expenses).

On 21 June 2012, Funtastic announced its intention to undertake a capital raising of up to approximately \$24.6 million via an institutional placement ("**Institutional Placement**") and a non-renounceable accelerated pro-rata entitlement offer ("**Entitlement Offer**") to all eligible shareholders to raise up to approximately \$17.8 million. The Entitlement Offer consists of an institutional entitlement offer ("**Institutional Entitlement Offer**") to raise approximately \$13.4 million (before expenses) and the Retail Entitlement Offer.

The Institutional Placement and the Institutional Entitlement Offer were successfully completed on 22 June 2012.

Bell Potter Securities Limited was sole Lead Manager of the Institutional Placement and the Institutional Entitlement Offer and is also the sole Lead Manager of the Retail Entitlement Offer.

The proceeds of the capital raising will be used to immediately repay debt of \$15 million, which strengthens the Company's balance sheet and significantly reduces gearing and increases interest coverage. The remaining amount will provide working capital to invest in the Company's brand portfolio, drive organic growth both domestically and internationally and to pay the costs of the capital raising. Further details are provided in the Capital Raising Presentation included in this Retail Offer Booklet.

Under the Retail Entitlement Offer, eligible shareholders are being given the opportunity to subscribe for 1 share for every 3 Funtastic ordinary shares held at 7:00pm (Melbourne time) on Tuesday, 26 June 2012 at the Offer price of \$0.145 per share.

The Offer Price represents a discount of 9.4% to the closing share price on 20 June, being the day before the raising was announced and a 6.6% discount to the theoretical ex-entitlement price calculated on that date.

Entitlements are non-renounceable and will not be tradeable on ASX or otherwise transferable.

Shareholders who do not take up all or any part of their Entitlements will not receive any payment or value in respect of those Entitlements and their equity interest in the Company will be diluted.

This Retail Offer Booklet contains important information about the Retail Entitlement Offer, including a personalised Entitlement and Acceptance Form which details your entitlement to new shares in Funtastic. If you are an eligible shareholder, and you wish to apply for all or some of the shares making up your entitlement, you must complete the accompanying Entitlement and Acceptance Form and lodge it together with a cheque or payment through BPAY. If paying by BPAY you do not need to return the Entitlement and Acceptance Form.

This Retail Offer Booklet should be read carefully and in its entirety before deciding whether or not to participate in the Retail Entitlement Offer. In particular, you should consider the key risk factors outlined in the Capital Raising Presentation (included in this Retail Offer Booklet).

If you have any questions in respect of the Retail Entitlement Offer, please consult your stockbroker, accountant, lawyer or other professional adviser.

On behalf of the Board of Funtastic, I invite you to consider this investment opportunity and thank you for your ongoing support of our Company.

Finally, as a shareholder in Funtastic myself, I would like to note that I will be taking up my full entitlement under the offer. Speaking for my fellow director shareholders, I can confirm that those directors eligible to participate in the Retail Entitlement Offer intend participating and that the Mathieson and Pizmony entities have participated in the Institutional Entitlement Offer.

Yours Sincerely

1 DETAILS OF ENTITLEMENT OFFER AND ELIGIBILITY

1.1 Overview of the Entitlement Offer and Placement

Funtastic is undertaking the Entitlement Offer under which it is offering Eligible Shareholders the opportunity to subscribe for 1 Share in Funtastic for every 3 Shares held at an Offer Price of \$0.145 per Share (**Offer Price**).

The Entitlement Offer is comprised of the following components:

- (1) **Institutional Entitlement Offer** – Eligible Institutional Shareholders were given the opportunity to take up all or part of their Institutional Entitlement prior to 5.00pm (Melbourne Time) on Friday, 22 June 2012. Institutional Entitlements under the Institutional Entitlement Offer were non-renounceable and were not able to be traded on ASX;
- (2) **Institutional Shortfall Bookbuild** – Institutional Entitlements not taken up and Shares that would have otherwise been offered to ineligible institutional shareholders had they been eligible to participate in the Institutional Entitlement Offer were placed through a bookbuild process on Friday, 22 June 2012;
- (3) **Retail Entitlement Offer** – Eligible Retail Shareholders will be provided with the opportunity to take up all or part of their Entitlement under the Retail Entitlement Offer; and
- (4) **Retail Shortfall Bookbuild** – Entitlements not taken up by Eligible Retail Shareholders by the close of the Retail Entitlement Offer (including through the Shortfall facility described in section 1.13) and Shares that would have otherwise been offered to Ineligible Retail Shareholders had they been eligible to participate in the Retail Entitlement Offer, may be sold through a Retail Shortfall Bookbuild conducted by the Lead Manager immediately following the Closing Date at the Offer Price. Alternatively, such Shares may be placed by the Company in consultation with the Lead Manager within 3 months of the Closing Date.

In conjunction with the Entitlement Offer, Funtastic completed a \$6.8 million placement of new Shares on 22 June 2012 to institutional and sophisticated investors at an issue price of \$0.145 per Share (**Placement**).

Institutional and sophisticated investors who participated in the Placement or the Institutional Entitlement Offer will not be entitled to participate in the Retail Entitlement Offer.

1.2 Results of the Institutional Entitlement Offer, Institutional Shortfall Bookbuild and Placement

Please refer to Funtastic's ASX Announcement of 25 June 2012 which sets out the results of the Institutional Entitlement Offer, Institutional Shortfall Bookbuild and Placement. A copy of this announcement has been included in section 3.3.

1.3 The Retail Entitlement Offer

Under the Retail Entitlement Offer, Eligible Retail Shareholders are invited to subscribe for 1 New Share for every 3 Shares held at 7.00pm (Melbourne Time) on Tuesday, 26 June 2012 (**Record Date**) at the Offer Price per New Share.

The offer ratio and Offer Price under the Retail Entitlement Offer are the same as for the Institutional Entitlement Offer.

The Retail Entitlement Offer opens on Friday, 29 June 2012 and will close at **5.00pm (Melbourne Time) Wednesday, 25 July 2012**.

The number of New Shares to which you are entitled to subscribe for is shown on the accompanying Entitlement and Acceptance Form. Fractional Entitlements have been rounded up to the nearest whole Share. You may also wish to apply for additional New Shares under the Shortfall facility set out in section 1.13.

1.4 **Eligibility to participate in the Retail Entitlement Offer**

A person will be eligible to participate in the Retail Entitlement Offer if:

- (1) the person was a registered holder of Shares at the Record Date;
- (2) the person's registered address is in Australia or New Zealand; and
- (3) the person was not invited to participate (other than as nominee, in respect of other underlying holdings) under the Institutional Entitlement Offer, and was not treated as an ineligible institutional shareholder under the Institutional Entitlement Offer.

Funtastic reserves the right to determine whether a shareholder is an Eligible Retail Shareholder or an Ineligible Retail Shareholder.

Funtastic may (in its absolute discretion) extend the Retail Entitlement Offer to any institutional Shareholder that was eligible to participate in the Institutional Entitlement Offer but was not invited to participate in the Institutional Entitlement Offer (subject to compliance with applicable laws).

1.5 **Shareholders outside Australia and New Zealand**

The Company has determined that it is not practical for holders of Shares with registered addresses in other jurisdictions to participate in the Retail Entitlement Offer, having regard to the number and value of New Shares they would be offered and the costs of complying with the regulatory requirements in those places.

To the extent that a person holds Shares on behalf of another person resident outside Australia or New Zealand, it is that person's responsibility to ensure that any acceptance complies with all applicable foreign laws.

1.6 **Offer Price**

The Offer Price payable for each New Share is \$0.145 which represents a 9.4% discount to the closing market price of Shares on ASX on 20 June 2012 (being the last day on which Shares in Funtastic traded prior to the announcement of the Entitlement Offer and Placement on 21 June 2012).

Eligible Retail Shareholders will not be obliged to pay brokerage or other fees in respect of New Shares acquired under the Retail Entitlement Offer, although the Company may pay certain professional and other fees to third parties.

Eligible Retail Shareholders should note that the market price of Shares may rise and fall between the date of this Retail Entitlement Offer and the date when New Shares are allotted under the Retail Entitlement Offer. Accordingly, the price you pay per New Share pursuant to this Retail Entitlement Offer may be either higher or lower than the market price of Shares at the time of this Retail Entitlement Offer or at the time the New Shares are allotted under this Retail Entitlement Offer.

Funtastic recommends that you monitor the price of Shares, which can be found in the financial pages of major Australian metropolitan newspapers, or on the ASX website at www.asx.com.au (ASX code: FUN).

1.7 Closing Date

The Retail Entitlement Offer is scheduled to close at **5.00pm (Melbourne Time) on Wednesday, 25 July 2012**. Please refer to section 2 for details on how to accept your Entitlement.

Please note that Funtastic reserves the right, subject to the Corporations Act and the Listing Rules, to amend the Closing Date of the Retail Entitlement Offer in consultation with the Lead Manager. Any extension of the Closing Date will have a consequential effect on the date for the allotment of New Shares.

1.8 No cooling off rights

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw your Application once it has been accepted.

1.9 No Trading of Entitlements

The Entitlement Offer is made on a non-renounceable basis and, accordingly, Eligible Shareholders may not sell, trade or transfer all or part of their Entitlement.

1.10 Minimum Subscription

There is no minimum subscription for the Entitlement Offer.

1.11 Underwriting

The Entitlement Offer is not underwritten.

1.12 Impact of the Entitlement Offer and Placement on your shareholding

The issue of New Shares pursuant to the Retail Entitlement Offer and the issue of new Shares under the Institutional Entitlement Offer and Placement are not expected to have any material effect or consequence on the control of Funtastic.

However, to the extent that any Shareholder fails to take up their rights for New Shares under the Retail Entitlement Offer, that Shareholder's percentage holding in Funtastic will be diluted by those other Shareholders who take up some or all of their Entitlement. Shareholders generally will also have their percentage holdings diluted by the issue of Shares in the Placement.

1.13 Shortfall facility

Subject to the Corporations Act and the requirements of the Listing Rules, Eligible Retail Shareholders who subscribe for their full Entitlement may apply for more New Shares than the number shown on their Entitlement and Acceptance Form. That is, those Shareholders may apply for Additional Shares. The issue price of each Additional Share will be the Offer Price, (that is, the same price for new Shares as under the Entitlement Offer and Placement).

Applications for Additional Shares may be considered if a Shortfall exists. Additional Shares will be issued to Eligible Retail Shareholders at the discretion of the Directors, in consultation with the Lead Manager.

Eligible Retail Shareholders may apply for Additional Shares by entering the number of Additional Shares they wish to subscribe for in Section B of the Entitlement and Acceptance Form entitled "Apply for Additional Shares (if available)" (please refer to section 2.3 for further information).

There is no guarantee that you will receive Additional Shares and the Directors do not represent that any application for Additional Shares will be successful. In particular, the Directors may allocate to an Eligible Retail Shareholder a lesser number of Additional Shares than the Eligible Retail Shareholder applied for, or reject any Application for Additional Shares. If the number of

Additional Shares allotted to an Eligible Retail Shareholder is less than the number applied for by that Eligible Retail Shareholder, surplus Application Monies will be refunded in full. Interest will not be paid on monies refunded.

If the Directors decide to issue Additional Shares, the Additional Shares will be allotted at the same time as the New Shares under the Retail Entitlement Offer are allotted.

1.14 **Placement of Shortfall outside the Shortfall facility**

The Directors reserve the right to place any Shortfall at their discretion with persons interested in subscribing for Shares in the Company following the close of the Retail Entitlement Offer, including via the Shortfall facility and the Retail Shortfall Bookbuild. Shortfall under the Retail Entitlement Offer may be issued outside the Shortfall facility set out in section 1.13.

Any placement of the Shortfall will be made within 3 months after the close of the Retail Entitlement Offer.

The Directors will consult with the Lead Manager in relation to the placement of the Shortfall.

1.15 **Quotation and Trading**

Funtastic has applied to the ASX for official quotation of the New Shares in accordance with the Listing Rule requirements. ASX has advised Funtastic that official quotation of the New Shares will be granted subject to compliance with certain usual conditions and deferred to a date to be decided by ASX. If ASX does not grant quotation of the New Shares, Funtastic will repay all Application Monies (without interest).

1.16 **Allotment of New Shares including Additional Shares**

Funtastic expects to issue the New Shares, including any Additional Shares which the Directors exercise their discretion to allot, on or before 1 August 2012 and expects to despatch holding statements for New Shares including any Additional Shares on or before 3 August 2012. Quotation of New Shares including any Additional Shares which the Directors exercise their discretion to allot, is expected to commence on Thursday, 2 August 2012.

Applications Monies will be held in trust for applicants until New Shares including any Additional Shares are allotted. Interest earned on Applications Monies will be for the benefit of Funtastic and will be retained by Funtastic irrespective of whether New Shares or any Additional Shares are issued.

1.17 **Rights attaching to New Shares**

New Shares including any Additional Shares will be fully paid and rank equally in all respects with existing Shares and will carry the same voting rights, dividend rights and other entitlements at the date they are issued.

The rights and liabilities attaching to the New Shares including any Additional Shares are set out in Funtastic's constitution, a copy of which can be obtained from the Company Secretary of Funtastic.

1.18 **Reconciliation, Top-Up Shares and the rights of Funtastic**

The Entitlement Offer is a complex process and in some instances investors may believe that they will own more Shares than they ultimately did as at the Record Date or are otherwise entitled to more Shares than initially offered to them. This may result in a need for reconciliation. If reconciliation is required, it is possible that Funtastic may need to issue additional Shares (**Top-Up Shares**) to ensure that the relevant Shareholders receive their appropriate allocation of Shares. The price at which these Top-Up Shares would be issued is not known.

Funtastic reserves the right to reduce the size of an Entitlement or the number of Shares allocated to Eligible Shareholders, or persons claiming to be Eligible Shareholders or other

applicable investors, if Funtastic believes in its complete discretion that their claims are overstated or if they or their nominees fail to provide information requested to substantiate their claims. In that case, Funtastic may, in its discretion, require the relevant Shareholder to transfer excess Shares to another Shareholder or third party at the Offer Price per Share. If necessary, the relevant Shareholders may need to transfer existing Shares held by them or to purchase additional Shares on-market to meet this obligation. The relevant Shareholder will bear any and all losses caused by subscribing for Shares in excess of their Entitlement and any actions they are required to take in this regard.

By applying under the Entitlement Offer, those doing so irrevocably acknowledge and agree to do the above as required by Funtastic in its absolute discretion. Those applying acknowledge that there is no time limit on the ability of Funtastic to require any of the actions set out above.

1.19 **Notice to nominees and custodians**

2.2 Applying for New Shares

An Eligible Retail Shareholder may take up all or part of their Entitlement by completing the Entitlement and Acceptance Form which accompanies this Retail Offer Booklet and returning it, together with correct Application Monies in cleared funds (refer to section 2.4), to:

by no later than 5.00pm (Melbourne Time) on the Closing Date.

The Company may, but is not obliged to, accept an Application received after the Closing Date if the Application is postmarked prior to the Closing Date. If the Company does not accept an Application for any reason, the Company will refund any excess Application Monies to the Eligible Retail Shareholder, without interest, not later than 10 Business Days after the New Shares are allotted.

Entitlement and Acceptance Forms (and payments for any Application Monies) will not be accepted at the Company's registered or corporate offices or other offices of Boardroom Pty Limited.

For the convenience of Eligible Retail Shareholders, an Australian reply paid envelope has been enclosed with this Retail Offer Booklet.

Please note that if you have more than one holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding. A separate Entitlement and Acceptance Form and payment of Application Monies must be completed for each separate Entitlement you hold.

If you allow part of your Entitlement to lapse, your shareholding in Funtastic will be diluted.

2.3 Applying for Additional Shares

Eligible Retail Shareholders who subscribe for their full Entitlement may apply for Additional Shares under the Shortfall facility described in section 1.13.

To do this, please enter the number of Additional Shares you wish to subscribe for in Section B of the Entitlement and Acceptance Form entitled “Apply for Additional Shares (if available)”.

The amount of Application Monies you submit with your Application (refer to section 2.4) must equal the Offer Price multiplied by the total number of New Shares including Additional Shares you wish to subscribe for.

2.4 Form of payment

Payment of Application Monies (which must equal the Offer Price multiplied by the number of New Shares including any Additional Shares you wish to subscribe for) will only be accepted in Australian currency and as follows:

- Through BPAY. Eligible Retail Shareholders can make their payment by BPAY in accordance with the instructions set out in accompanying personalised Entitlement and Acceptance Form. Payment must be made using the reference number on the form and must be made by 5.00pm (Melbourne Time) on the Closing Date.

The reference number is used to identify your holding. If you have multiple holdings you will have multiple reference numbers. You must use the reference number on each Entitlement and Acceptance Form to pay for each holding separately.

Eligible Retail Shareholders making a payment by BPAY are not required to return their Entitlement and Acceptance Form.

Applicants who choose to use BPAY should be aware that their own financial institution may implement earlier cut off times with regards to electronic payment, and should therefore take this into consideration when making payment of Application Monies. You may also have your own limit on the amount that can be paid via BPAY. It is your responsibility to check that the amount you wish to pay via BPAY does not exceed your limit.

- By bank cheque in Australian currency drawn on and redeemable at any Australian bank; or
- By personal cheque in Australian currency drawn on and redeemable at any Australian bank.

Cheques or bank cheques should be made payable to “**Funtastic Limited**” and crossed “**Not Negotiable**”.

You should ensure that sufficient funds are held in the relevant account(s) to cover the full Application Monies.

Eligible Retail Shareholders are asked **not** to forward cash as cash payments will **not** be accepted. Receipts for payment will not be provided.

If the amount of Application Monies is insufficient to pay in full for the number of New Shares including any Additional Shares you applied for, or is more than the number of New Shares including any Additional Shares you applied for, you will be taken to have applied for such whole number of New Shares including any Additional Shares which is covered in full by your Application Monies. Alternatively, the Company may in its discretion reject your Application, in which case any Application Monies will be refunded to you (without interest).

If you do not receive any or all of the Additional Shares you applied for, any excess Application Monies will be returned to you (without interest).

There are a number of factors, both specific to the Company and of a general nature, which may affect the future operating and financial performance and position of the Company and the outcome of an investment in the Company. Some of these risks can be adequately mitigated by the use of safeguards and appropriate systems but many are beyond the control of the Company and its Directors and cannot be mitigated.

Prior to deciding whether to take up their New Shares under the Offer, Shareholders should read this entire Investor Presentation and review announcements made by the Company to ASX (at www.asx.com.au, ASX:FUN) in order to gain an appreciation of the Company, its activities, operations, financial position and prospects. Shareholders should also consider the summary risk factors set out below which the Directors believe represent some of the general and specific risks that Shareholders should be aware of when evaluating the Company and deciding whether to participate in the Offer. The risk factors set out below are not intended to be an exhaustive list of all of the risk factors to which the Company is exposed. Shareholders should also have regard to their own investment objectives and financial circumstances and should seek professional guidance from their stockbroker, solicitor, accountant or other professional advisor before deciding whether to invest.

Specific Risks

Consumer demand – Funtastic's operating and financial performance is dependent on consumer demand for its products. If Funtastic does not deliver products that appeal to consumers, or if there is a decline in consumer demand for Funtastic's products, Funtastic's financial and operating performance could be materially adversely affected. If product input costs increase and Funtastic seeks to pass on such increases to consumers through higher prices, this could result in a reduction in consumer demand for Funtastic's products and a fall in revenue.

Interest rates, foreign exchange risks (to the extent they are not hedged) – Adverse movements in exchange rates may impact product costs and price competitiveness which may impact the operations and financial performance of Funtastic. Also, adverse fluctuations in interest rates, to the extent that they are not hedged, may impact Funtastic's financial performance.

Retailer relationships – Any adverse change in Funtastic's existing relationships with key distributors and retailers could have a material adverse impact on its operations and financial performance. Any action by distributors or retailers to reduce their inventories could also result in a fall in revenue for Funtastic.

Damage to Funtastic's and/or its licensor's brands – The reputation and value associated with Funtastic's and/or its licensor's brand names could be adversely impacted by a number of factors including failure to provide customers with the quality of products they expect, disputes or litigation with third parties such as employees, suppliers or customers or adverse media coverage. Significant erosion in the reputation of, or value associated with, Funtastic's and/or its licensor's brands could have an adverse effect on the Company's future financial performance.

Debt covenants – Funtastic has various covenants in relation to its banking facilities. Factors such as a decline in Funtastic's operational and financial performance could lead to a breach in debt covenants. In such an event Funtastic's lenders may require their loans to be repaid immediately.

Key Risks

Specific Risks (cont'd)

Competition – Funtastic competes in the toy, sporting and confectionery products industry in both Australia and overseas. Funtastic has a wide range of competitors including major international companies, and a large number of small to medium operators. The actions of these competitors or changes in consumer preferences may materially adversely affect Funtastic's financial performance.

Product sourcing and licensing – Funtastic relies on a range of parties for its product sourcing and licensing strategy. Any change in existing relationships (including the termination of any key supply arrangements) or any change in terms or conditions of overseas suppliers and any change in the international political or economic environment may lead to material adverse changes to Funtastic's operational and financial performance.

Supply chain disruptions – Funtastic has established an extensive and reliable supply chain that allows it to procure and deliver products to customers in a timely and efficient manner. Disruption to any aspect of this supply chain could have a material adverse impact on Funtastic's operational and financial performance.

Litigation and disputes – Legal and other disputes may arise from time to time in the ordinary course of operations. Any such dispute may impact on earnings or affect the value of Funtastic's assets.

Counterparty risk – Third parties, such as customers, suppliers and other counterparties to contracts may not be willing or able to perform their obligations to Funtastic. Funtastic provides credit to its customers and the inability of its customers to pay their debts may materially impact its financial performance.

Operations – Funtastic is exposed to a range of operational risks including equipment failures and other accidents, industrial action or disputes, lease renewals, damage by third parties, floods, fire, major cyclone, earthquake, terrorist attack or other disaster. These risks may have a material adverse impact on Funtastic's financial performance and cash flows.

IT systems – Funtastic is reliant on the capability and reliability of its information technology systems and backup systems and those of its external service providers (such as communication carriers), to process transactions, manage inventory, report financial results and manage its business. The failure of any of Funtastic's or its customer's IT systems, including inventory management systems, could have a significant impact on Funtastic's ability to trade. Such failures may have an adverse effect on the Company's future financial performance.

Loss of key personnel may occur – Funtastic's success depends to a significant extent on its key personnel, in particular its management team. These individuals have extensive experience in, and knowledge of, the industries Funtastic operates in and Funtastic's business. The loss of key personnel and the time taken to recruit a suitable replacement(s) or additional personnel could adversely affect the Company's future financial performance.

Key Risks

General Risks

General economic factors – General economic conditions, globally or in one or more of the markets we service, may adversely affect our financial performance. Recessionary or low economic growth conditions in our key markets may significantly impact our business and financial performance.

Australian law changes – Future changes in Australian law, including tax laws and employment laws may impact Funtastic’s financial performance. Further, changes in tax law, or Funtastic’s methods of calculation, may impact its tax assets and/or liabilities.

Risks specific to the Shares

Investments in equities – The trading price of shares in Funtastic may fluctuate with movements in equity capital markets in Australia and internationally. Generally applicable factors which may affect the market price of shares include: general movements in Australian and international stock markets; investor sentiment; Australian and international economic conditions and outlook, changes in interest rates and the rate of inflation; changes in government regulation and policies; and geo-political instability, including international hostilities and acts of terrorism. None of Funtastic, its Board or any other person guarantees the market performance of the new shares.

Dividends – The payment of dividends on Funtastic’s shares is dependent on a range of factors, including the repayment of \$20 million of debt by 31 January 2013, profitability of the Company, the availability of cash and capital requirements of the business. Any future dividend levels will be determined by the Funtastic’s Board having regard to its operating results and financial position at the relevant time. That said, there is no guarantee that any dividend will be paid by Funtastic.

Risks associated with not accepting rights under the Offer– You should note that if you do not take up all or part of those New Shares offered to you under the Offer, then your percentage shareholding in the Company will be diluted by not participating to the full extent in the Offer and you will not be exposed to future increases or decreases in the Company’s share price in respect of those New Shares which would have been issued to you had you taken up all of your entitlement.

This document does not constitute an offer of new ordinary shares ("New Shares") of the Company in any jurisdiction in which it would be unlawful. New Shares may not be offered or sold in any country outside Australia or New Zealand, except to the extent such offer or sale is in compliance with applicable local laws.

3.2 Entitlement Offer and Placement launch announcement

For personal use only

21 June 2012

Funtastic Limited announces capital raising of up to A\$24.6m

- Capital raising proceeds will substantially reduce bank debt and improve gearing ratios
- Provides capital to invest in key brands and drive organic growth
- Confirmation of earnings guidance for FY12 of \$20.1m EBITDA and \$10.4m NPAT
- Guidance for FY13 EBITDA of \$23m-25m
- Board intends to recommence payment of fully franked dividends in FY13

Funtastic Limited (“**Funtastic**” or the “**Company**”) today announces a capital raising of up to \$24.6m for new Funtastic ordinary shares (“**New Share**”) at an offer price of \$0.145 per New Share (“**Offer Price**”) to existing and new shareholders (the “**Offer**”) consisting of a:

- \$6.8m placement to institutional and sophisticated investors (“**Institutional Placement**”);
- 1-for-3 Accelerated Non-Renounceable Entitlement Issue to institutional and sophisticated investors of approximately \$13.4m (“**Institutional Entitlement Offer**”), together with an institutional shortfall bookbuild; and
- 1-for-3 Non-Renounceable Entitlement Issue to retail shareholders (“**Retail Entitlement Offer**”) to raise up to approximately \$4.4m

The Offer Price of \$0.145 per New Share represents a discount of:

- 9.4% to the closing price of Funtastic on the ASX on 20 June 2012
- 11.0% to 10 day VWAP
- 14.7% to 30 day VWAP
- 6.6% to the Theoretical Ex-Rights Price (TERP)¹

Bell Potter Securities Limited is acting as sole Lead Manager to the Offer.

Rationale for the Offer

While Funtastic has delivered strong operational improvements in the past year, shareholder returns are currently constrained by the Company’s high levels of debt. The Company believes that the capital raising will give its shareholders greater opportunity for enhanced returns through:

- increased flexibility to invest in key brands and drive organic growth;
- increased liquidity in the Company via the introduction of new institutional and sophisticated investors;
- the recommencement of fully franked dividends; and
- the potential for more attractive lending terms on its remaining bank facilities.

Managing Director Stewart Downs stated that “whilst our forecast growth is not dependent on an Australian retail turnaround, the Board felt that it was prudent to strengthen the company’s balance sheet both to insulate the business from further economic shocks as well as to ensure that we are appropriately

¹ Theoretical Ex-Rights Price (TERP) is the theoretical price at which Funtastic shares should trade immediately after the ex-date for the Offer, assuming 100% take-up of the Offer. TERP is a theoretical calculation only; the actual price at which Funtastic’s shares will trade immediately after the ex-date will depend on many factors and may not be equal to TERP. TERP is calculated with reference to Funtastic’s closing share price on Wednesday 20 June 2012

funded to enable the business to fully capitalise on the opportunities we have". He went on to say that "the Board believes that the structure of the capital raising provides the fairest outcome for all shareholders".

Use of Funds

The proceeds from the Offer (less associated costs) will be used to:

- immediately repay debt of \$15m to strengthen the balance sheet which significantly reduces gearing and increases interest coverage; and
- provide working capital to invest in the Company's brand portfolio, drive organic growth both domestically and internationally and pay the costs of the Offer.

The Company intends to reduce debt further in FY13 and FY14 and has agreed scheduled debt repayments by 31 January 2013 and 31 July 2013.

Reaffirmation of FY12 guidance and new guidance for FY13

On 1 May 2012 Funtastic released market guidance to the ASX that it expected EBITDA of \$20.1m and NPAT of \$10.4m for the financial year ending 31 July 2012 ("FY12"). Funtastic reaffirms this guidance for FY12 and confirms the business continues to perform strongly.

In addition to reaffirming guidance for FY12, the Company is pleased to provide guidance for the financial year ending 31 July 2013 ("FY13") of \$23-25m EBITDA .

The FY13 forecast growth is driven by overall sales growth in the range of 5%-8% and operational improvements already achieved including:

- a substantially reduced fixed cost base;
- a more focused portfolio with emphasis on strong everyday brands; and
- full year contributions from Pillow Pets and Lego in Australia and international markets.

The FY13 guidance is based on assumptions including:

- no improvement to current Australian retail conditions which are expected to remain challenging for the foreseeable future;
- no major change in the domestic customer landscape; and;
- reliance on the existing foreign exchange hedging policy.

Stewart Downs commented that "Funtastic is enjoying a strong position today as a direct result of the numerous initiatives the management team have executed over the last three years". He singled out the company's shift from a promotionally driven business to one which is focussed on providing a core range as one of the main drivers of its success, noting that "the increased predictability this affords us improves our ability to forecast and enables us to concentrate on brands, innovation and value which our research shows are important to consumers".

Fully franked dividend for FY13

On successful completion of the Offer the Company Board proposes to recommence the payment of a fully franked dividend in FY13. The capital raising and the strong forward earnings outlook give the Company the capacity to recommence payment of dividends to its shareholders.

The Company has received approval from its lender to pay an interim dividend for the half year ended 31 January 2013 conditional on the Company complying with bank conditions including repayment of \$20m of debt by 31 January 2013 and achieving a ratio of gross debt/EBITDA of less than 2.5 times.

The Company expects to satisfy these conditions through successful completion of the Offer and future cashflows. On that basis, the Board are proposing to adopt a dividend policy of 50% of NPAT in dividends for FY13 commencing with a dividend for the half year ending 31 January 2013.

The Company currently has a dividend franking credit balance of approximately \$21.2m and would expect dividends to be fully franked. In addition, the Company has accumulated tax losses of approximately \$60.2m.

25 June 2012

Funtastic announces successful completion of the \$20.2m institutional component of its capital raising with strong investor support

Funtastic Limited (“**Funtastic**” or the “**Company**”) today announces the successful completion of the institutional component of its capital raising announced on 21 June 2012 (the “**Institutional Offer**”). The Institutional Offer, comprising a \$6.8 million institutional placement (the “**Institutional Placement**”) and the institutional component of a 1-for-3 non-renounceable entitlement issue (the “**Institutional Entitlement Offer**”), raised approximately \$20.2 million (before expenses).

The Institutional Offer was conducted with an offer price of \$0.145 per new Funtastic ordinary share (“**New Share**”). New Shares issued under the Institutional Offer are expected to be allotted on Friday 29 June 2012 and commence trading on a normal basis on ASX on Monday 2 July 2012.

The proceeds of the Institutional Offer will be used to repay debt of \$15m, which strengthens the balance sheet and significantly reduces gearing and increases interest coverage. The remaining amount will provide working capital to invest in the Company’s brand portfolio and drive organic growth both domestically and internationally and to pay the costs of the capital raising.

The Institutional Entitlement Offer and Institutional Placement received strong support from our large existing shareholders and a number of new and leading domestic institutional investors. Each of the substantial shareholders, including the three with Board representation, have taken up all or some of their entitlements under the Institutional Entitlement Offer. Bell Potter Securities was sole Lead Manager of the Institutional Offer.

Funtastic’s Managing Director, Stewart Downs said “we are very pleased with the outcome of this offer and the support shown by our existing major shareholders. We also welcome the support from some of Australia’s leading institutional investors which has helped create a very strong share register for Funtastic.” Downs went on to say that “the Board felt it was prudent to strengthen the Company’s balance sheet and reduce our debt levels in order to insulate the business from further economic shocks. Following operational improvements and the return to profit, Funtastic now has a strong and sustainable base from which to grow and drive shareholder returns.” Finally he added that “the strong institutional support is especially pleasing to the Board and highlights that our focussed approach to costs and growth has resonated with investors in these challenging retail times. This raising means the Company is well funded to capitalise on its growth opportunities in order to take Funtastic to the next level.”

Funtastic’s shares will recommence trading with effect from market open on Monday 25 June 2012 on an ex-entitlement basis.
