## EXPLANATORY STATEMENT

This Explanatory Statement has been prepared for the information of the Shareholders in connection with the business to be conducted at the Annual General Meeting to be held at 1.00pm (Melbourne time) on 28 November 2013 at The Institute of Chartered Accountants, Level 3, 600 Bourke Street, Melbourne, Victoria.

The purpose of this Explanatory Statement is to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

---

### 1. Resolution 1 – Adoption of Remuneration Report

Section 250R(2) of the Corporations Act requires that at a listed Company's Annual General Meeting, a resolution that the Remuneration Report be adopted must be put to the Shareholders. However, such a resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report sets out the Company's remuneration arrangements for the Company's Key Management Personnel. The Remuneration Report is part of the Directors' report contained in the 2013 Annual Report.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Annual General Meeting.

There are restrictions on members of the Key Management Personnel and their Closely Related Parties (in any capacity) and their proxies voting on Resolution 1, details of which are set out in the voting exclusion statement included in Resolution 1 of the Notice of Meeting.

Any undirected proxies held by the Chairman of the Meeting, other Directors or other Key Management Personnel or their closely related parties for the purposes of Resolution 1 will be voted in favour of Resolution 1, subject to compliance with the Corporations Act.

The Company encourages all Shareholders to cast their vote in relation to Resolution 1 and if Shareholders chose to appoint a proxy, Shareholders are encouraged to direct their proxy how to vote on Resolution 1 by marking either "For", "Against" or "Abstain" on the Proxy, or where the Chairman is appointed as proxy, by marking the applicable box in the Proxy directing the Chairman to vote in accordance with the Chairman's voting intentions.

---

### 2. Resolution 2 – Re-election of Director – Mr Peter Kelliher

Pursuant to Article 57 of the Constitution of the Company, if the Company has three (3) or more Directors, one-third of the Directors (rounded down to the nearest whole number), are required to retire by rotation at each Annual General Meeting. The Company has four Directors. Accordingly, one Director is required to retire by rotation at the 2013 Annual General Meeting.

Pursuant to Article 57(b), as Mr Peter Kelliher has been longest in office since his last election or appointment Mr Peter Kelliher retires by rotation and submits himself for re-election at this Annual General Meeting.

Details of the qualifications and experience of Mr Peter Kelliher are contained in the Company's 2013 Annual Report. Each of the other Directors intends to vote in favour of Mr Peter Kelliher's re-election.

### 3. Resolution 3 – Approval of additional 10% share placement facility

Under ASX Listing Rule 7.1A certain companies may seek shareholder approval by special resolution passed at an annual general meeting to have the additional capacity to issue equity securities which do not exceed 10% of the existing ordinary share capital without further shareholder approval.

Approval under this Resolution 3 is sought for the Company to issue ordinary shares under Listing Rule 7.1A.

If Resolution 3 is approved the Company may make an issue of ordinary shares under Listing Rule 7.1A at any time (either on a single date or progressively) up until the earlier of:

- the date which is 12 months after the date of the Annual General Meeting (ie 28 November 2014); or
- the date on which shareholders approve a transaction under Listing Rule 11.1.2 or 11.2.

At the date of this Explanatory Statement, the Company is an 'eligible entity', and therefore able to seek approval under Listing Rule 7.1A, as it is not included in the S&P/ASX300 and has a market capitalisation less than the amount prescribed by ASX (currently \$300 million). If at the time of the Annual General Meeting the Company is no longer an eligible entity this Resolution will be withdrawn.

The maximum number of ordinary shares which may be issued in the capital of the Company under the approval sought by this Resolution 3 will be determined in accordance with the following formula prescribed in Listing Rule 7.1A.2:

$$(A \times D) - E$$

where:

A is the number of shares on issue 12 months before the date of issue or agreement to issue:

- plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- plus the number of partly paid shares that became fully paid in the 12 months;
- plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 and 7.4 (this does not include an issue of fully paid ordinary shares under the entity's 15% placement capacity without shareholder approval);
- less the number of fully paid shares cancelled in the 12 months.

*Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.*

D is 10%

E is the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

The ability of the Company to make an issue under Listing Rule 7.1A is in addition to its 15% placement capacity under Listing Rule 7.1. The effect of Resolution 3 will be to allow the Company to issue ordinary shares under Listing Rule 7.1A without subsequent shareholder approval and without using the Company's 15% placement capacity under Listing Rule 7.1.

Any equity securities issued under Listing Rule 7.1A.2 must be in the same class as an existing quoted class of equity securities of the Company. As at the date of this Explanatory Statement, the Company has only one class of quoted equity securities, being its ordinary shares. As at the date of this Explanatory Statement, the Company has capacity to issue:

- 32,989,410 equity securities under Listing Rule 7.1 (15% capacity); and
- subject to shareholder approval being sought under Resolution 3, 21,992,940 ordinary shares under Listing Rule 7.1A (10% capacity).

The actual number of shares which may be issued under Listing Rule 7.1A (and Listing Rule 7.1) will be a function of the number of shares on issue at the time an issue is proposed, calculated in accordance with the formula prescribed in Listing Rule 7.1A.2 and set out above.

The issue price of the ordinary shares issued under Listing Rule 7.1A will be determined at the time of issue. The minimum price at which the ordinary shares the subject of this Resolution 3 will be issued is 75% of the volume weighted average market (closing) price ("VWAP") of the Company's ordinary shares over the 15 days on which trades in that class were recorded immediately before either:

- the date on which the price at which the securities are to be issued is agreed; or
- if the securities are not issued within 5 ASX trading days of the date in the paragraph above, the date on which the securities are issued.

If this Resolution is approved, and the Company issues ordinary shares under Listing Rule 7.1A, the existing shareholders' voting power in the Company will be diluted. There is a risk that:

- the market price for the Company's ordinary shares may be significantly lower on the issue date than on the date of the approval of this Resolution; and
- the ordinary shares issued under Listing Rule 7.1A may be issued at a price that is at a discount (as described above) to market price for the Company's ordinary shares on the issue date,

which may have an effect on the amount of funds raised by the issue.

The table set out below shows the dilution of existing shareholders on the basis of:

- The current market price of the Company's ordinary shares and the current number of ordinary securities for variable "A" in the formula shown above as at the date of this Explanatory Statement.
- Two examples where the number of ordinary shares on issue ("A" in the formula set out above) has increased, by 50% (i.e. one and a half times the number of ordinary shares on issue in the Company) and 100% (i.e. a doubling of the number of ordinary shares on issue in the Company). The number of ordinary shares on issue may increase as a result of issues of ordinary shares that do not require shareholder approval (for example, pro-rata entitlements issues) or as a result of future placements under Listing Rule 7.1 that are approved by shareholders.
- Two examples of where the issue price of ordinary securities has decreased by 50% and increased by 50% as against the market price as at the date of this Explanatory Statement.

			Dilution		
			50% decrease in issue price \$0.0065	Issue Price ** \$0.013	50% increase in issue price \$0.0195

		Funds raised	\$285,908	\$571,816	\$857,725

**Notes:**

- The table assumes that the Company issues the maximum number of ordinary shares available under Listing Rule 7.1A.
- The table assumes that no options are exercised in ordinary shares before the date of the issue of ordinary shares under Listing Rule 7.1A.
- The table reflects the aggregate percentage voting dilution against the issued share capital at the time of issue. This is why the dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular shareholder by reason of issues of ordinary shares under Listing Rule 7.1A based on that shareholder's holding at the date of this Explanatory Statement.
- The table shows the effect of an issue of ordinary shares under Listing Rule 7.1A, not under the Company's 15% placement capacity under Listing Rule 7.1.

\* Any issue of ordinary shares is required to be made in accordance with the ASX Listing Rules. An issue made other than under the Company 15% capacity (Listing Rule 7.1) or the Company's additional 10% capacity (Listing Rule 7.1A) and not otherwise made under an exception in Listing Rule 7.2 (for example, a pro-rata rights issue) would require shareholder approval.

\*\* Based on closing price of the Company's shares on ASX on 22 October 2013 of 1.3 cents).

If this Resolution is approved the Company will have the ability to issue up to 10% of its issued capital without further shareholder approval and therefore allow it to take advantage of opportunities to obtain further funds if required and available in the future.

As at the date of this Explanatory Statement the Company has not formed an intention to offer any ordinary shares under Listing Rule 7.1A to any particular person or at any particular time. The total amount that may be raised by the issue of equity securities under Listing Rule 7.1A will depend on the issue price of the ordinary shares which will be determined at the time of issue. In some circumstances the Company may issue ordinary shares under Listing Rule 7.1A for non-cash consideration (for example, in lieu of cash payments to consultants, contractors or vendors). In such circumstances, the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

While the Company has not formed an intention to offer any ordinary shares under Listing Rule 7.1A, some of the purposes for which the Company may issue ordinary shares under Listing Rule 7.1A include (but are not limited to):

- raising funds to be applied to the Company's working capital requirements, in particular the funding requirements for gold production at the Broula King project or any for any other project or asset that may be acquired by the Company;
- acquiring assets. In these circumstances the issue of the ordinary shares may be made in substitution for the Company making a cash payment for the assets (i.e. as non-cash consideration). If the Company elects to issue the ordinary shares for the purpose of acquiring assets then the Company will release to the market a valuation of the assets prior to issuing the shares; and
- paying contractors or consultants of the Company.

Details regarding the purposes for which any particular issue under Listing Rule 7.1A is made will be more fully detailed in an announcement to the ASX made pursuant to Listing Rule 7.1A.4 and Listing Rule 3.10.5A at the time the issue is made. The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue under the 10% placement capacity. The identity of the allottees of ordinary shares under Listing Rule 7.1A will be determined on a case by case basis at the time the Company decides to make an issue, having regard to a number of factors including:

- the purpose of the issue;
- the capital raising and acquisition opportunities available to the Company and any alternative methods for raising funds or acquiring assets that are available to the Company (including but not limited to a rights issue or other issue in which existing security holders can participate);
- the potential effect of the issue of securities under Listing Rule 7.1A on the control of the Company;
- the circumstances of the Company, including but limited to the Company's financial situation and the likely future capital requirements; and
- advice from the Company's corporate or financial advisors (if applicable).

Offers made under Listing Rule 7.1A may be made to parties including professional and sophisticated investors, existing shareholders of the Company, clients of Australian Financial Service License holders and/or their nominees, or any other person to whom the Company is able to make an offer of ordinary shares.

The allottees under the 10% placement capacity have not been determined as at the date of finalisation of this Notice of Meeting and may include existing shareholders or substantial shareholders and/or new shareholders, but the allottees cannot include any directors, related parties or associates of a related party of the Company without further specific shareholder approval.

The Company last obtained shareholder approval under listing rule 7.1A at the annual general meeting held on 27 November 2012 (**2012 AGM**). In accordance with Listing Rule 7.3A.6, the Company confirms that since the 2012 AGM, the Company has issued a total of 22,500,000 Equity Securities, representing 11.39% of the total number of Equity Securities on issue 12 months prior to the date of this Meeting, details of which are as follows:

- An issue on 4 December 2012 of 500,000 Shares to consultants at an issue price of \$0.03 (representing a discount of 25% to the then-current market price), as consideration for consulting services. No funds were raised by the issue.;
- An issue on 27 December 2012 of 10,000,000 Shares to Mr Alan Fraser at an issue price of \$0.025 (representing a discount of 38.5% to the then-current market price), as consideration for

the extinguishment of a debt owed to Mr Fraser. No funds were raised by the issue.; and

- An issue on 21 August 2013 of 12,000,000 Shares to Asipac Group Pty Ltd at an issue price of \$0.025 (representing a premium of 19.04% to the then-current market price), upon the conversion of convertible notes held by Asipac Group Pty Ltd. All of the consideration has been applied to the funding requirements for gold production at the Broula King project.

This Resolution is a special resolution. For a special resolution to be passed, at least 75% of the votes validly cast on the resolution by shareholders (by number of shares) must be in favour of the resolution.

The Directors of the Company believe that Resolution 3 is in the best interests of the Company and unanimously recommend that shareholders vote in favour of this Resolution.

A voting exclusion statement is set out in the Notice of Meeting.
