Key contract highlights

SkyFii experienced an incredibly strong conversion rate of prospects to pilots and ultimately to master services agreements with major retail property groups in Australia & New Zealand

- **Australia & New Zealand**

- Premium Australian Mall Operator – chosen as the preferred wireless data analytics provider in a Telco-led consortium following a competitive tender process. Analytics services deployed in 6 retail malls by end of FY15 and expect to roll-out services to 21 retail malls across Australia
- New Zealand Retail Property Group – secured master services agreement with the largest privately owned property management group in New Zealand. Analytics services deployed in 1 retail mall by end of FY15 and expect to roll-out services to an additional 3 retail malls
- The GPT Group – secured master services agreement for up to 19 retail and office property assets across Australia. Analytics services deployed in 3 retail malls by end of FY15 with 2 additional malls scoped and due for installation within Q1 FY16
- Federation Centres (now Vicinity Centres after merger with Novion Property Group) – successfully trialled and secured contracts to provide analytics services in 3 retail malls after a competitive tender process (prior to the merger with Novion Property Group)
- Significant momentum of pilot conversions and contracts with these major retail property groups, particularly during the second half of FY15, is resulting in a large qualified pipeline of opportunities with other major listed and unlisted retailers and property groups in Australia and internationally to pursue in FY16

Key contract highlights (cont.)

SkyFii has experienced strong traction internationally through its direct sales teams whilst building out its strategic international reseller and distribution base in FY15

- **Brazil**
 - Iguatemi Empresa de Shopping Centers S.A (Iguatemi) – chosen as the preferred wireless data analytics provider to premium retail mall operator in Brazil following a competitive tender process. Wireless services deployed in 3 Iguatemi retail malls by end of FY15 and expect to roll-out services to 14 Iguatemi retail malls across Brazil
- Progressing with an international reseller and distribution partnership strategy, covering telecommunications providers and ISPs, wireless service providers, systems integrators, hardware vendor resellers, media agencies and advertising vendors
- Key reseller and distributor partnerships entered into in FY15
 - MNET Mobile – Australia's leading mobile marketing solutions provider
 - GoPomelo – authorised reseller of SkyFii's services into Thailand
 - Select IT – Leading New Zealand based systems integrator
- SkyFii is currently progressing reseller and distribution partnerships to provide greater access to markets across South East Asia, Europe and North America

Substantial retail mall pipeline

As a result of the significant momentum of pilot conversions and contracts with major retail property groups, SkyFii has developed a substantial pipeline of potential retail mall deployments by the end of FY15

FY15 Year End Retail Mall Pipeline for Analytics Services

- Based on SkyFii's current retail mall pricing model for recurring analytics services fees, the Company has the potential to break-even on its current fixed cost base by capturing less than 0.5% of the global retail mall market
- This represents just one target vertical out of many which are applicable to SkyFii's product

- Assumes all retail malls currently under master services contracts are rolled out.
- Subject to current expectations of aggregate market pricing, average venue size and gross operating margins.

Key financial highlights

SkyFii has begun to deliver results on its core data analytics revenues with a particular focus on the retail mall segment, which experienced revenue growth of 175% on pc¹

- Revenue of \$0.7m for FY15 (up 16% on pc¹)
 - Revenue growth reflective of a considerable change in composition:
 - from non-recurring fees earned in FY14 from the deployment of advertising sponsored and other proof of concepts and trials in small venue networks including quick service restaurants, cafés and pubs;
 - to network implementation, recurring data analytics service fees and associated advertising revenues associated with the Company's retail mall network in FY15
- Revenue growth associated with retail mall segment of 175% on pc¹
- Operating NPAT¹ of \$(2.0)m and operating EBITDA¹ of \$(2.8)m
 - Predominantly fixed operating cost base providing opportunity for operating leverage as revenues grow from current and future contract wins

1. Exclusive of one-off items including impairment of goodwill (\$2,157,841) and acquisition costs (\$443,931) relating to the acquisition of RKS Consolidated Limited, corporate advisory services (\$150,000) and impairment of domain name assets (\$65,000).

Key financial highlights (cont.)

- Significant investment of \$1.4m¹ in FY15 on development activities relating to SkyFii's Big Data analytics platform
- Operating cash outflows of \$(2.0)m in FY15, including receipt of R&D tax incentive rebate of \$0.5m
- Cash of \$2.7 million as at 30 June 2015
 - In addition, the Company expects to receive an R&D tax incentive rebate of \$0.8 million in FY16 relating to research and development expenditures undertaken in FY15
- Successful capital raisings undertaken in FY15 and continued shareholder support:
 - Successful capital raising of \$3.5m and re-listing in Nov-14
 - Successful capital raising of \$2.8m in May-15 at an 18.9% premium to the then trading price of SkyFii's shares

1. Capitalised as an intangible software development asset in FY15.

FY16 Outlook

SkyFii expects to continue to show strong growth across all operational metrics as it continues to build out its footprint globally

- SkyFii is committed to continuing to lead the market in the delivery of wireless data analytics and content delivery services to the retail sector globally
- As a category agnostic data platform the opportunity is far greater than just retail and as such, the Company also intends to work towards penetrating additional verticals such as Healthcare, Education, Transit, Municipal and Hospitality
- Key areas of focus in FY16 and beyond will include:
 - Continued roll-out of new and existing contracts
 - Continued focus on converting mall pipeline prospects into trials and full service contracts
 - Continued focus on new verticals outside of retail malls
 - Securing further distribution and reseller agreements globally
 - Continued product development focus on marketing automation and associated media/advertising partnerships
 - Development of new data source integrations and data services products
