THE OFFER

Capital raising to accelerate existing client pipeline

- Skyfii Limited (ASX: SKF) is undertaking a placement of new ordinary shares (**New Shares**) to raise \$4.0m at an issue price of \$0.15 per new share (**Placement**) to support the conversion of the existing advanced stage pipeline of domestic and international retail property groups into long term contracts for its data analytics product
- In just 12 months Skyfii has secured a market leading position in the Australian, Brazilian and South African retail mall markets for data analytics with 15% penetration
 - These markets are estimated to be worth in excess of \$35m in annual recurring revenue for Analytics alone (excludes Advertising and Data Services revenue opportunities)
- Skyfii's advanced stage pipeline now exceeds \$40m in revenue over the term of the contracts (assuming five year terms)
- Current conversion rate of pilot clients to full service contracts is 90%
- Proceeds from the capital raising will also be applied to fund:
 - continued product development;
 - additional sales capability and other partnerships to maximise product distribution;
 - additional working capital and balance sheet strength; and
 - offer costs
