This Interim Financial Report does not include all the notes normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2015 and any public announcements made by Skyfii Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

Skyfii Limited

Notes to the financial statements

For the half-year ended 31 December 2015

1. Summary of significant accounting policies

(a) Basis of preparation of interim financial report

These general purpose interim financial statements for the half-year reporting period ended 31 December 2015 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. Skyfii Limited is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Skyfii Limited and its controlled entities (referred to as the "consolidated group" or "group"). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2015, together with any public announcements made during the following half-year.

These interim financial statements were authorised for issue on 29 February 2016.

The accounting policies adopted are consistent with those of the previous financial year, except the following accounting policy which has been adopted in this financial period:

Share based payments

The Group operates an employee share plan. Information relating to this plan is set out in Note 14. The fair value of the effective option over the shares granted under the Company's Employee Share Plan (**ESP**) is recognised as an employee benefit expense with a corresponding increase in equity. The fair value is measured at grant date and recognised over the period during which the employees become unconditionally entitled to the ESP shares.

The fair value at grant date is determined using the Black-Scholes option pricing model that takes into account the exercise price, the term of the ESP shares, the vesting and performance criteria, the impact of dilution, the non-tradeable nature of the ESP shares, the share price at grant date and expected price volatility of the underlying shares, the expected dividend yield and the risk-free interest rate for the term of the ESP share.

The 2015 ESP shares were granted on 23 December 2015. Accordingly, the Group has assessed the fair value of those ESP share grants from that date to the period ended 31 December 2015 to be immaterial and not brought to account any value for the half-year ended 31 December 2015.

(b) Critical accounting estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the interim financial report, are disclosed in the 2015 Annual Report.

(c) Segment reporting

The Group operates predominantly in one industry and one geographical segment, being the development and commercialisation of data analytics, marketing and advertising services to its customers in Australia. At this stage the Group's overseas operations are in start-up phase and not significant to the Group. The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

(d) Accounting standards issued but not yet effective

Certain new accounting standards and interpretations have been published that are not mandatory for the current reporting period. The Group has assessed the impact of these new standards and interpretations, and does not expect that initial application will affect any of the amounts recognised in the financial report, but may change the disclosures presently made in relation to the Group. For further details refer to the 2015 Annual Report.

(e) Going concern

The financial statements of the Group have been prepared on a going concern basis, which contemplates the continuation of normal business operations and the realisation of assets and settlement of liabilities in the normal course of business.

Skyfii Limited

Notes to the financial statements

For the half-year ended 31 December 2015

The Group is in the research, development and commercialisation stage of its data analytics technology and services. During the half-year ended 31 December 2015 the Group incurred a loss after tax of \$1,105,330 and incurred cash outflows from operating activities of \$613,377 for the period. At 31 December 2015, the Group had a surplus in net current assets of \$5,228,533 and a surplus in net assets of \$7,443,099.

The Group has to date been successful in raising equity capital since the Company's re-listing in November 2014, having undertaken a private placement to new and existing investors of \$2,800,000 in May 2015 and \$4,105,000 in November 2015. In addition, in February 2016 the Group entered into a conditional subscription agreement to raise an additional \$2,000,000 in equity capital and option agreements which would result in a further \$2,850,000 in equity funding if all options are exercised.

Management have prepared cash flow projections that support the Group's ability to continue as a going concern. The Directors of the Company consider that the cash flow projections and assumptions are achievable, and in the longer term, significant revenues will be generated from the commercialisation of intellectual property, and accordingly, the Group will be able to continue as a going concern.

The minimum

¹ All eligible employees who accepted an offer of ESP shares were given an interest free loan from the Company to finance the whole of the purchase of the ESP shares they were invited to apply for (**ESP Loan**). The ESP Loans are provided to participants on a non-recourse basis and upon vesting must be repaid in order to remove trading restrictions on vested ESP shares. The term of the ESP Loan is five years however participants may forfeit their ESP shares if they do not repay the ESP Loan or leave the Company under certain scenarios. As the ESP removes the risk to participants from decreases in the share price by limiting the maximum loan amount repayable to the value of the ESP shares disposed and waiving the ESP Loan should the participant forfeit their ESP shares, whilst still allowing participants the rewards of any increase in share price, the Company has effectively granted the participants an option to the ESP shares due to the ESP Loans being non-recourse. As such, this arrangement is accounted for under AASB 2.

Skyfii Limited

Notes to the financial statements

For the half-year ended 31 December 2015

number of Earn Out Shares which may have been issued pursuant to the Acquisition Agreement is nil, and the maximum number is 82,500,000 (**Earn Out Mechanism**).

On 21 January 2016, the Company announced that it had entered into agreements with the majority (by shareholding) of the Skyfii Vendor Shareholders to provide certainty in relation to the dilutionary impact of the Earn Out Shares and the intentions and continued support of the Skyfii Vendor Shareholders, which, subject to shareholder approval, would result in:

- the issue of up to 22,500,000 fully paid ordinary shares to the Skyfii Vendor Shareholders and thereby removing any further potential entitlement to Earn Out Shares (**Proposed Earn Out Shares**); and
 - up to 92,500,000 fully paid ordinary shares held by the Skyfii Vendor Shareholders being placed under voluntary escrow for an additional 12 months (**New Escrow Shares**),
- thereby varying the terms of the Acquisition Agreement (**Earn Out Variation Deed**).

On 22 February 2016, the shares to be issued pursuant to the Earn Out Variation Deeds were approved at an Extraordinary General Meeting.

As at the date of this report, twenty-two (22) of the twenty-five (25) Skyfii Vendor Shareholders had entered into an Earn Out Variation Deed as it related to their rights and entitlements under the Acquisition Agreement, representing 99.3% of the Proposed Earn Out Shares and New Escrow Shares. As a result, on 26 February 2016 22,342,028 shares were issued in accordance with the Earn Out Variation Deeds, whilst a maximum of 579,230 Earn Out Shares may be issued in accordance with the original Earn Out Mechanism.

13. Contingent liabilities

(a) Earn Out Shares

In July 2014, the Company (formerly RKS Consolidated Limited and referred to in this note as **RKS**) entered into an agreement to acquire 100% of the issued capital of Skyfii Group Pty Ltd (**SGPL**) (**Acquisition Agreement**). As part of the Acquisition Agreement entered into between RKS and the shareholders of SGPL, the Company agreed that on or after the fifth business day following 16 March 2017, it will issue to those shareholders who were shareholders of SGPL as at the acquisition date (**Skyfii Vendor Shareholders**), additional ordinary shares to the value of the lesser of a) \$30,000,000 or b) three times the Company's gross revenue for the year ending 31 December 2016 minus \$13,500,000, at an issue price of \$0.20 per share (**Earn Out Shares**). The minimum number of Earn Out Shares which may have been issued pursuant to the Acquisition Agreement is nil, and the maximum number is 82,500,000 (**Earn Out Mechanism**).

For the half-year period ended 31 December 2015, no value has been attributed to the Earn Out Shares, however given the events that arose in relation to the Earn Out Shares subsequent to 31 December 2015 as disclosed in Notes 12(e) and 15, the Group will recognise an expense in relation to the issuance of shares.

(b) Other contingent liabilities

There are no other contingent liabilities as at 31 December 2015.

14. Share based payments

(a) Employee Share Plan (ESP)

During the half-year ended 31 December 2015, the Company established a share based payment plan, the Employee Share Plan (**ESP**) to assist the Company in retaining and attracting current and future employees by providing them with the opportunity to own shares in the Company.

The key terms of the ESP are as follows:

- the Board may invite a person who is employed or engaged by or holds an office with the Group (whether on a full or part-time basis) and who is declared by the Board to be eligible to participate in the ESP from time to time (**Eligible Employee**) to apply for fully paid ordinary shares under the plan from time to time (**ESP Shares**);
- invitations to apply for ESP Shares are to be made on the basis of the market price per share defined as the volume weighted average price at which the Company's shares have traded during the 30 days immediately preceding the date of the invitation;
- invitations to apply for ESP Shares under the ESP will be made on a basis determined by the Board (including as to the conditionality on the achievement of any key performance indicators) and notified to Eligible Employees in the invitation, or if no such determination is made by the Board, on the basis that ESP Shares will be subject to a 3 year vesting period, with:

Skyfii Limited

Notes to the financial statements

For the half-year ended 31 December 2015

- 33% of ESP Shares applied for vesting on the date that is the first anniversary of the issue date of the ESP Shares;
- 33% of ESP Shares applied for vesting on the date that is the second anniversary of the issue date of the ESP Shares; and
- 34% of ESP Shares applied for vesting on the date that is the third anniversary of the issue date of the ESP Shares.
- Eligible Employees who accept an invitation (**ESP Participants**) may be offered an interest free loan from the Company to finance the whole of the purchase of the ESP Shares they are invited to apply for (**ESP Loan**). ESP Loans will have a term of 5 years and become repayable in full on the earlier of:
 - the fifth anniversary of the issue date of the ESP Shares; and
 - if the ESP Participant ceases to be an Eligible Employee, either:
 - the fifth anniversary of the issue date of the ESP Shares, if the Eligible Employee is a good leaver (as defined in the ESP); or
 - that date of cessation, if the Eligible Employee is a bad leaver (as defined in the ESP).
- if the ESP Participant does not repay the outstanding ESP Loan, or it notifies the Company that it cannot, then such number of ESP Shares that equal by value (using the price at which the ESP Shares were issued) the outstanding amount of the ESP Loan will become the subject of a buy-back notice from the Company which the ESP Participant must accept. The buy-back of such number of ESP Shares will be considered full and final satisfaction of the ESP Loan and the Company will not have any further recourse against the ESP Participant;
- any dividends received by the ESP Participant whilst the whole or part of the ESP Loan remains outstanding must be applied to the repayment of the ESP Loan;
- the maximum number of ESP Shares for which invitations may be issued under the ESP together with the number of ESP Shares still to be issued in respect of already accepted invitations and that have already been issued in response to invitations in the previous 5 years (but disregarding ESP Shares that are or were issued following invitations to non-residents, that did not require a disclosure document under the Corporations Act, or that were issued under a disclosure document under the Corporations Act) must not exceed 10% of the total number of ordinary shares on issue in the Company at the time the invitations are made;
- in the event of a corporate reconstruction, the Board will adjust, subject to the Listing Rules (if applicable), any one or more of the maximum number of shares that may be issued under the ESP (if applicable), the subscription price, the buy-back price and the number of ESP Shares to be vested at any future vesting date (if applicable), as it deems appropriate so that the benefits conferred on ESP Participants after a corporate reconstruction are the same as the benefits enjoyed by the ESP Participants before the corporate reconstruction. On conferring the benefit of any corporate reconstruction, any fractional entitlements to shares will be rounded down to the nearest whole share;
- ESP Participants will continue to have the right to participate in dividends paid by the Company despite some or all of their ESP Shares not having vested yet or being subject to an ESP Loan. If an ESP Loan has been made to the ESP Participant, then any dividend due must first be applied to reducing any outstanding ESP Loan amount applicable to the ESP Shares on which the dividend is paid;
- ESP Shares which have not vested and/or are subject to repayment of the ESP Loan will be restricted (escrowed) from trading;
- the Company may buy-back at the issue price any ESP Shares which:
 - have not vested, or are incapable of vesting at any time (including as a result of the ESP Participant failing to meet any key performance indicators on which vesting of ESP Shares is conditional); or
 - remain in escrow and/or are the subject of an ESP Loan, on the occurrence of:
 - the ESP Participant ceasing to be an Eligible Employee (unless the Board, in its sole and absolute discretion determines otherwise, subject to any conditions that it may apply, including the repayment of any outstanding ESP Loan); or
 - the expiration of the term of the ESP Loan.
- any bonus securities issued in relation to ESP Shares which remain unvested or are subject to an ESP Loan which becomes repayable in full will be the subject of a buy-back by the Company at the issue price for no consideration;
- on the death or permanent disability of an ESP Participant, all ESP Shares held by the ESP Participant or their estate will immediately vest subject to the repayment of any outstanding ESP Loan by the curator, executor or nominated beneficiary(ies) (as the case may be) within 30 days of their appointment (or such longer period as the Company in its discretion may allow). Failing such repayment, the Company will buy-back all ESP Shares in respect of which there is an outstanding ESP Loan;
- the rules of the ESP and any amendment to the rules of the ESP must be in accordance with the Listing Rules and the Corporations Act;
- if, while the Company's shares are traded on the ASX or any other stock exchange, there is any inconsistency between the terms of the ESP and the Listing Rules, the Listing Rules will prevail; and
- the ESP is governed by the laws of the State of New South Wales, Australia.

Notes to the financial statements

For the half-year ended 31 December 2015

(b) 2015 ESP share grants

On 23 December 2015, 4,655,000 ESP shares were issued at an issue price of \$0.148 and are subject to the following vesting conditions:

- 33% of the ESP shares vest on the first anniversary of their issue date, subject to the Company's share price achieving \$0.40 on 10 days in any 20 consecutive trading days prior to that date (Tranche 1);
- 33% of the ESP shares vest on the second anniversary of their issue date, subject to the Company's share price achieving \$0.60 on 10 days in any 20 consecutive trading days prior to that date (Tranche 2); and
- 34% of the ESP shares vest on the third anniversary of their issue date, subject to the Company's share price achieving \$0.80 on 10 days in any 20 consecutive trading days prior to that date (Tranche 3).

If the share price performance condition in the first tranche is not satisfied, then those ESP shares will roll forward to the second tranche and be required to meet the higher share price performance condition for the second tranche. Subsequently, if the share price performance condition applicable in the second tranche is not satisfied, then any unvested ESP shares will roll forward to the third tranche and be required to meet the share price performance condition for the third tranche.

All Eligible Employees who accepted an offer of ESP shares were given an interest free loan from the Company to finance the whole of the purchase of the ESP shares they were invited to apply for (**ESP Loan**).

The ESP Loans are provided to participants on a non-recourse basis and upon vesting must be repaid in order to remove trading restrictions on vested ESP shares. The term of the ESP Loan is five years, however participants may forfeit their ESP shares if they do not repay the ESP Loan or leave the Company under particular circumstances. As the ESP removes the risk to participants from decreases in the share price by limiting the maximum loan amount repayable to the value of the ESP shares disposed and waiving the ESP Loan should the participant forfeit their ESP shares, whilst still allowing participants the rewards of any increase in share price, the Company has effectively granted the participants an option to the ESP shares due to the ESP Loans being non-recourse. As such, this arrangement is accounted for under AASB 2.

Note that as the grant and issue date for the 2015 ESP share grants occurred on 23 December 2015, the Group has assessed the fair value of those ESP share grants from that date to the period ended 31 December 2015 to be immaterial and have not been brought to account for the half-year ended 31 December 2015.
