Explanatory Memorandum

This Explanatory Memorandum has been prepared for the information of shareholders in connection with the General Meeting of shareholders to be held at 11.00am (AEDT) on Tuesday, 10 May 2016 at Level 40, 2 Park St SYDNEY NSW 2000.

Resolutions 1 and 2 – Approval to Issue 16,000,000 Shares and 5,000,000 Options to Chapmans Opportunities Limited

Background

The Company and Chapmans Opportunities Limited (**COL**) entered into a share and option subscription agreement on 25 February 2016 (the **Agreement**) in which the Company agreed to issue and COL agreed to subscribe for shares and options in the Company subject to certain conditions (the **Transaction**).

This Notice of Meeting addresses requirements to convene a valid shareholder meeting for the purpose of approving the Transaction. Resolution 1 deals with the proposed issue of shares and Resolution 2 deals with the proposed issue of options under the Transaction.

Key Terms of the Transaction

The key terms of the Transaction, as it pertains to the proposed issue of shares which are the subject of Resolution 1 and the proposed issue of options which are the subject of Resolution 2, are set out in the table below:

How many shares are proposed to be issued to COL?	16,000,000
What are the terms of the shares?	The shares are ordinary shares and will rank pari passu with the Company's ordinary shares trading on ASX coded SKF.
What is the issue price of the shares proposed to be issued to COL?	\$0.125 per share.
What is the total funding to be raised by the proposed issue of shares?	\$2,000,000
How many options are proposed to be issued to COL?	5,000,000
What are the terms of the options?	The terms of the options are set out in Schedule 1. In the event any options are exercised, the resultant shares issued will rank pari passu with the Company's fully paid ordinary shares trading on ASX coded SKF.
What is the issue price of the options proposed to be issued to COL?	The Options will be issued for nil cash consideration.
What is the exercise price of the options proposed to be issued to COL?	The options are comprised of five tranches of varying exercise prices, being: <ul style="list-style-type: none"> • 1,000,000 options exercisable at \$0.25 per option; • 1,000,000 options exercisable at \$0.35 per option; • 1,000,000 options exercisable at \$0.50 per option; • 1,000,000 options exercisable at \$0.75 per option; and • 1,000,000 options exercisable at \$1.00 per option.
What is the maximum number of shares that will be issued if all the options are exercised?	5,000,000
When do the options expire?	2 years after completion of the Agreement.
What is the total funding to be raised by the option issue?	The option issue itself does not raise funds for the Company. The exercise of the options (in part or in full) will raise funding for the Company based on the number of options exercised multiplied by the exercise price of those individual options. In the event all of the options are exercised, a total of \$2,850,000 will be raised by the Company. There is however no guarantee that any of the options will be exercised.

What are the conditions precedent to the Transaction being completed?	The conditions for completion of the Transaction are shareholder approval of Resolutions 1 and 2 above and COL providing evidence to the Company that it has raised no less than \$7,000,000 by 30 April 2016. Both the Company and COL may terminate the Agreement if the conditions precedent are not fulfilled by 30 April 2016 or otherwise become incapable of being fulfilled. The Company's shareholder meeting to consider and approve the Agreement will not occur until after 30 April 2016. Accordingly the condition pertaining to the Company receiving shareholder approval for the Agreement by 30 April 2016 will not be satisfied. As a result, the Company and COL have agreed to extend the time to meet both the conditions precedent to the date of the Company's shareholder meeting.
When will the shares and options be issued to COL?	No later than three (3) months from the date shareholder approval is given.
When can the options be exercised?	At any time after completion of the Agreement up until 2 years after that date.
How will the Company use the funds raised by the issue of shares, and if exercised, upon the exercise of the options?	The capital raised will be used by the Company to continue to execute on its current and future growth opportunities and for general working capital requirements.
What percentage (%) of the Company will COL hold, once the Transaction is completed?	Based on the Company's current number of shares outstanding as at the date of this Notice (i.e., 168,265,551 shares); <ul style="list-style-type: none"> • the issue of the shares will represent 8.68% of the Company's share capital; and • the issue of the shares and exercise of all of the options will represent 11.1% of the Company's share capital. •
Does COL propose or seek to appoint a nominee to the Company's Board?	No, however note that Mr Anthony Dunlop, a director of COL, is already a director of the Company.

ASX Listing Rules

ASX Listing Rule 7.1 provides that (subject to certain exceptions) prior approval of shareholders is required for an issue of securities if the securities will, when aggregated with the securities issued by a company during the last 12 months, exceed 15% of the number of shares on issue at the commencement of that 12 month period.

Resolution 1 is conditional on the approval of Resolution 2 to be considered at the meeting and vice versa. This means that both Resolutions 1 and 2 will only be carried into effect if Resolutions 2 and 1 respectively are approved and carried into effect.

Recommendation

The Board (Mr Anthony Dunlop abstaining) unanimously recommends that shareholders approve Resolutions 1 and 2 as each director intends to do with regard to their own shareholdings in the Company. Other than Mr Anthony Dunlop, no director has an interest in the outcome of Resolutions 1 or 2.
