Explanatory Notes

These Explanatory Notes are intended to provide Shareholders of Funtastic with information to assess the merits of the proposed resolution in the accompanying Notice of Extraordinary General Meeting (**Proposed Resolution**). These Explanatory Notes contain the information that the Directors consider to be material to Shareholders in considering the Proposed Resolution, as well as the information required to be provided to Shareholders under the requirements of the Corporations Act and under applicable regulatory guidance published by the Australian Securities and Investments Commission (**ASIC**) and by the Australian Securities Exchange (**ASX**).

The Directors recommend that Shareholders read these Explanatory Notes in full before making any decision in relation to the Proposed Resolution.

1 REMOVAL OF THE COMPANY FROM THE ASX OFFICIAL LIST

1.1 Background As announced to ASX on 24 March 2017, the directors of Funtastic have determined that the continued listing of the Company on the ASX is no longer in the best interests of the Company and its shareholders, and the Company intends to apply to the ASX pursuant to Listing Rule 17.11 to be removed from the official list of the ASX (**Official List**).

The Company applied for and received in-principle advice from the ASX on 20 March 2017 (**In-principle Decision**) in which ASX formally advised that, based solely on the information provided by the Company, and upon receipt of an application from the Company for its removal from the Official List, the ASX would be likely to agree to remove the Company from the Official List, subject to the following conditions:

- (a) the Company's removal from the Official List is approved by ordinary resolution of ordinary security holders of the Company;
- (b) the notice of meeting seeking security holder approval for the Company's approval from the Official List must:
 - (i) include a statement to the effect that the removal will take place no earlier than one month after approval is granted; and
 - (ii) contain an update on the Company's current negotiations with its financiers in relation to a restructure of its existing debt; and
- (c) the Company releases the full terms of the In-principle Decision to the market immediately upon the Directors resolving to seek removal of the Company from the Official List.

The In-principle Decision only applies until 17 June 2017 and is subject to any amendments to the Listing Rules or changes in the interpretation or administration of the Listing Rules or policies of the ASX.

In accordance with the conditions as stated above:

- the Proposed Resolution seeks Shareholder approval via ordinary resolution for the removal of the Company from the Official List (**Proposed Removal**);
- the indicative timetable that will be followed for the Proposed Removal has been outlined in section 1.3 below;

- an update on the Company's current negotiations with its financier in relation to a potential restructure of its existing debt is contained in section 1.2; and
- the Company released the full terms of the In-principle Decision to the market on 24 March 2017.

If the Proposed Resolution is approved, then the:

- Company will be removed from the Official List and the Shares will no longer be quoted on the ASX;
- date of removal from the Official List (**Removal Date**) will be on a date to be determined by ASX, which will be no earlier than one month after the date of approval of the Proposed Resolution by Shareholders; and
- Company and acquisition of its Shares will continue to be subject to regulation under the Corporations Act and the Constitution.

The Proposed Removal is considered by the Directors to be in the best interests of the Company for the reasons set out in section 1.4 below.

The possible disadvantages of de-listing are set out in section 1.5 below, and the implications of de-listing, and of the Company no longer being subject to regulation under the Listing Rules, are set out in section 1.6 below.

The Directors recommend that Shareholders seek legal, financial and taxation advice about the potential impact of the Proposed Removal, including the potential advantages and disadvantages of holding shares in a company that is not listed on ASX.

1.2 Potential restructure of the Company's debt facility

The Company has an existing debt facility with National Australia Bank Limited (**NAB**) for a total amount of \$49,664,500 (excluding credit card and bank guarantees) as at the date of this Notice of Extraordinary General Meeting. The Company currently relies on the support of NAB under its existing debt facility arrangements.

The Company and NAB are in ongoing and incomplete negotiations for the restructure of the debt facility and no guarantee can be provided at this stage as to the likely outcome of these negotiations. There is currently no proposal capable of acceptance by the Company in relation to the debt restructure.

Should the parties agree to implement a debt restructure, the restructure may be subject to Shareholder approval and NAB may also need to obtain approval from the Australian Prudential Regulation Authority.

Based on the ongoing negotiations with NAB, the Directors believe that the Company will be in a better position, and it will have greater flexibility, to negotiate a more favourable position on a potential debt restructure with NAB after it has been removed from the Official List, than would be the case if it remained on the Official List. Based on the Company's current financial position, the Directors are of the view that, if the Proposed Resolution is passed and a debt restructure is successfully negotiated and implemented after the Removal Date, it may enhance the Company's financial position and provide a sound base on which to grow the business, which may have a positive impact on the value of the Shares and further reduce the level of debt.

If the Proposed Resolution is passed and a debt restructure cannot be agreed with NAB after the Removal Date, then the Company will continue to rely on the ongoing support of NAB under the Company's existing debt facility arrangements.

If the Proposed Resolution is not passed, then the Directors are of the view that the ability to improve the Company's performance would be a slower process and the Company will continue to rely on the ongoing support of NAB under the Company's existing debt facility arrangements.

You should seek independent advice

The Directors strongly recommend that Shareholders seek independent professional advice before making a decision as to whether or not they will vote in favour of the Proposed Resolution and, should they decide to vote in favour of the Proposed Resolution, whether to sell their Shares on ASX prior to the Removal Date or retain them after the Removal Date.

Company will provide further updates

The Company will provide updates on material developments in respect of the potential debt restructure as and when these developments occur via ASX continuous disclosure announcements (prior to the Removal Date) and via its website (<http://corporate.funtastic.com.au/investors/>) after the Removal Date.

1.3 Timetable for the Proposed Removal

The indicative timetable for the Proposed Removal is set out below:

Event	Date
Receipt of In-principle Decision	20 March 2017
Announcement of intention to apply to ASX for removal from the Official List	27 March 2017
Extraordinary General Meeting of Shareholders to approve the Proposed Removal	4 May 2017
Formal application to ASX for removal	4 May 2017
Expected announcement of ASX decision	12 May 2017
Expected Removal Date	5 June 2017

1.4 Rationale and advantages for the Proposed Removal

The Directors believe that the key advantages for the Proposed Removal are as follows.

(a) Low level of trading on ASX

A key reason for considering the Proposed Removal is the relatively low level of trading in the Shares on the ASX compared to the Company's total issued share capital.

As set out in the table below, monthly trading volumes in Shares have been consistently less than 2% of the total Shares on issue. Over the last 6 months, the Shares have traded as follows:

Month Ending	Closing Price	Trading Volume (daily average)	Trading Volume (monthly)	% of total shares on issue
28 February 2017	\$0.016	645,511	11,619,206	1.6%
31 January 2017	\$0.020	382,872	7,657,446	1.0%
31 December 2016	\$0.012	302,926	6,058,521	0.8%
30 November 2016	\$0.014	358,961	7,897,136	1.1%
31 October 2016	\$0.016	563,055	11,824,159	1.6%
30 September 2016	\$0.016	273,824	6,024,129	0.8%

The low trading volumes of the Shares, as demonstrated in the table above, create significant volatility in the market price of the Shares, which does not reflect the Company's market capitalisation fairly.

(b) **Inability to raise capital and restructure existing debt**

Institutional and retail investor interest in the Company has been low and remains low as demonstrated by the results of the share placement and share purchase plan offers conducted in April and May 2016.

The Directors believe that the main reasons behind this are the Company's high levels of debt, which leave little ability for the Company to raise capital to grow its business and operations, and the lack of liquidity in the Shares.

Importantly, the Company is currently in negotiations with NAB to restructure its debt (see section 1.2 above for further information). Based on the ongoing negotiations, the Directors believe that if the Company is removed from the Official List, it will be in a better position, and it will have greater flexibility, to negotiate a more favourable position on a debt restructure with NAB, than would be the case if it remained on the Official List.

(c) **Listing and related costs**

Given the low level of trading of the Shares on the ASX, the Directors consider that both the financial, administrative and compliance obligations and costs associated with maintaining an ASX listing and the high level of compliance costs are no longer justified or in the best interests of the Shareholders.

The Proposed Removal is not expected to have any adverse effect on the financial position of the Company and it is expected to result in savings of approximately \$250,000 in annual listing, registry, compliance and trading fees.

1.5 Potential disadvantages of the Proposed Removal

The Directors believe that the key potential disadvantages of the Proposed Removal are as follows.

(a) **Ability to sell shares and realise investment in the Company**

After the Removal Date, the Shares will no longer be traded on the ASX and will only be capable of sale by an off-market private transaction in accordance with the Constitution. Accordingly, the liquidity of the Shares is likely to be further diminished.

If a Shareholder wanted to sell their Shares after the Removal Date, they would be personally responsible for identifying and agreeing terms with potential third party purchasers.

As noted in section 1.4(a) however, the ASX market for the Shares has generally been illiquid over the last 6 months, which the Directors consider has negatively affected the value of the Shares.

(b) **Negative perception of value of the Shares**

In general, investors may ascribe a higher valuation to securities of an entity that is listed on a recognised securities exchange such as ASX.

Despite the above however, the Directors do not consider that the Proposed Removal would have any material effect on a valuation of the Company's shares, given the low market prices of the Shares over the past 6 months as set out in section 1.4(a) above and the current financial position of the Company.

(c) **Limited options to raise capital**

Generally, unlike a listed public company, an unlisted public company does not have the ability to raise capital from the issue of securities by means of limited disclosure fundraising documents. Therefore, the main means for the Company (as an unlisted public company) to raise equity funds will be by way of an offer of securities under a full form prospectus or by way of placement to sophisticated and other investors who do not require a prospectus.

(d) **The Listing Rules will no longer apply to the Company**

Following the removal of the Company from the Official List, the Company may be relieved from some reporting and disclosure requirements and restrictions, including the removal of restrictions on the issue of Shares by the Company, requirements concerning significant changes to the Company's activities and relief from adherence to ASX Corporate Governance Principles and Recommendations.

The lack of these restrictions may be perceived to be a disadvantage to some Shareholders, particularly minority Shareholders.

The corporate governance requirements that will continue to apply to the Company, following its removal from the Official List, are explained further in section 1.7.

1.6 Approvals required for the Proposed Removal

The Proposed Removal is conditional on ASX's approval and compliance with the conditions which the ASX has imposed as part of its In-principle Decision. Details of the ASX's In-principle Decision and the conditions attaching to the Proposed Removal are described in section 1.1.

The applicable conditions include that the Proposed Removal is approved by an ordinary resolution of Shareholders. Accordingly, the Proposed Resolution will be passed if at least 50% of the votes cast (in person or by proxy) by Shareholders who are entitled to vote at the meeting, are cast in favour of the Proposed Resolution.

1.7 Effect of de-listing

If Shareholders approve the Proposed Resolution, the Company will be removed from the Official List on a date to be determined by ASX, which must be no earlier than the Removal Date. The indicative timetable for the Proposed Removal is set out in section 1.3.

Before the Removal Date, the Shares may continue to be traded on the ASX. After the Removal Date, Shares will only be capable of sale by private transaction, which may present difficulties to Shareholders wishing to sell Shares.

Other additional effects of the Proposed Removal include:

(a) Control of the Company

The removal of the Company from the Official List will not result in, or involve, the cancellation or transfer of any Shares. Accordingly, such removal, by itself, will have no impact on the control of the Company.

(b) Business

Following the Company's removal from the Official List, the Company will conduct its business in the usual course.

(c) Effect on creditors

Having regard to the Company's current, anticipated and contingent financial requirements, the Directors are of the opinion that the Company's removal from the Official List will not adversely impact the rights of the Company's creditors or the ability of the Company to pay its debts as and when they fall due.

As noted above in section 1.4(c), the Directors expect that such removal will result in cost savings for the Company.

(d) **Disclosure of Share price**

The Company's Share price and trading history will no longer be available on the ASX website, in newspapers or available via stock ticker services.

(e) **Continued regulation**

While the Listing Rules will cease to apply to the Company, Shareholders will retain the protections provided to them under the Corporations Act and the Constitution, such as:

- (i) preparing an audited financial report and directors report for each full year and audited or reviewed financial report and directors report for each half year and lodging these with ASIC;
- (ii) sending the financial reports, directors report and auditor's report for each year to each shareholder;
- (iii) conducting an annual general meeting;
- (iv) the acquisition and control of Shares will be subject to the takeovers provisions in Chapter 6 of the Corporations Act;
- (v) substantial shareholders of the Company will be required to give notice to the Company and ASIC of changes to their substantial shareholding(s);
- (vi) shareholder approval will be required for the provision of financial benefits to related parties of the Company under Chapter 2E of the Corporations Act;
- (vii) the Company will be required to give continuous disclosure of material matters by filing notices with ASIC under section 675 of the Corporations Act; and
- (viii) the majority of the provisions of the Constitution will not be affected by the Company ceasing to be listed and there is no present proposal to change the Company's Constitution following the removal of the Company from the Official List.

The list of continued regulations above assumes there will be at least 100 Shareholders in the Company following the removal of the Company from the Official List.

(f) **Exit mechanism and Share trading**

Given the current financial position of the Company, the Directors do not intend to implement a formal buy back or other sale facility for the sale of Shares prior to the Removal Date.

Therefore, Shareholders will be able to trade their Shares on ASX between the date of this Notice of Meeting and the Removal Date.

Shareholders wishing to trade their Shares after this period will be entitled to transfer their Shares off-market to a willing third party purchaser in accordance with the Constitution. Such a third-party market may not be liquid and Shareholders will be personally responsible for identifying and agreeing terms with potential purchasers of their Shares.

1.8 What happens if the Proposed Resolution is or is not passed

If the Proposed Resolution is **not** passed, then, unless a subsequent proposed removal of the Company from the Official List is approved by Shareholders, or the ASX determines that the Company's securities should no longer be listed, the Company's securities will remain listed on the ASX.

If the Proposed Resolution is passed, then the Shares will be removed from quotation on the ASX in accordance with the timetable set out in section 1.3 above following satisfaction of the conditions imposed by ASX (see section 1.1 above for these conditions).

1.9 Director intentions

Each Director who is a Shareholder intends to vote in favour of the Proposed Resolution.
