### MARKET UPDATE FOR QUARTER ENDED 30 JUNE 2017

#### June 2017 Quarter

**BauMart Holdings Limited (ASX: BMH)** ("BauMart" or the "Company") is pleased to present its quarterly cash report for the period ended 30 June 2017 and advises:

- The materials handling division performed well during the quarter, executing key targets of further market penetration into the pharmaceutical industry and securing longer term recurring revenue. During the quarter, the division won a supply contract with a subsidiary of a leading biopharmaceutical company in Australia, providing up to 3 years of recurring revenue. The sales pipeline and forward order book remains robust and the pharmaceutical, export, food and packaging industries, in particular the Eastern States based companies, are providing key opportunities for long term and sustainable revenue growth. The division is excited for its exhibition at the FoodPro expo at the new International Convention Centre, Darling Harbour, Sydney in July 2017.
- The building materials supply division executed direct and content marketing activities during the quarter, generating greater customer awareness through social media and targeted online marketing. Longer term recurring revenue is being targeted through the division's key focus industries being architects, pool designers and resellers alike. The division will focus on market penetration for the coming quarter.
- Sydney Sunny Glass Pty Ltd (SSG), the Company's new operator of its glass-processing equipment in Smithfield, New South Wales, completed its move into the premises during the quarter. The early signs of this new arrangement look positive as SSG's production capacity increases, allowing greater supply to the booming Sydney construction market. With the combination of BauMart's specialised glass-processing equipment and SSG's selling and distribution expertise, the business is well positioned to benefit from the ongoing development projects in Sydney.

#### **Quarterly Cash Flow**

- Unaudited sales revenue for building materials product supply and materials handling product supply was \$36,506 and \$444,330 respectively for the June quarter.
- Total unaudited sales revenue (including other rental income) for June quarter was \$644,933.
