ASX Announcement – MICRO-X LIMITED (ASX: MX1)

NANO COMMERCIALISATION UPDATE

Micro-X Limited ('**Micro-X**') is pleased to inform the market of the achievement of one of the most critical milestones in the Nano commercialisation program; Carestream Health Inc. ('**Carestream**'), Micro-X's global distribution partner, has now made the DRX Revolution Nano available for sale.

The Product's brochure, webpages, promotional video and an explanatory White Paper on Carbon Nano-Tube x-ray technology can be viewed by visiting the relevant page on the Carestream website.

About Micro-X: Micro-X Limited ("MX1") is an Australian Securities Exchange listed company developing and commercialising a range of highly innovative products based on proprietary carbon nanotube emitter technologies exclusively licensed and sourced from XinRay Systems Inc., a US based technology developer. These technologies enable the miniaturisation of a number of X-ray applications relevant to large global markets.

The Company has three initial products in its development pipeline – a mobile medical x-ray imager for hospitals, a version for deployed military use and a mobile security back-scatter imager. It is establishing manufacturing for these products in an ISO13485 certified facility in Tonsley, South Australia.
