

**Monday 26<sup>th</sup> February 2018**

**ASX Announcement – MICRO-X LIMITED (ASX: MX1)**

## **NANO COMMERCIALISATION UPDATE**

---

Micro-X Limited (**'Micro-X'**) is pleased to inform the market of the achievement of one of the most critical milestones in the Nano commercialisation program; Carestream Health Inc. (**'Carestream'**), Micro-X's global distribution partner, has now made the DRX Revolution Nano available for sale.

The Product's brochure, webpages, promotional video and an explanatory White Paper on Carbon Nano-Tube x-ray technology can be viewed by visiting the relevant page on the Carestream website.

**About Micro-X:** Micro-X Limited ("**MX1**") is an Australian Securities Exchange listed company developing and commercialising a range of highly innovative products based on proprietary carbon nanotube emitter technologies exclusively licensed and sourced from XinRay Systems Inc., a US based technology developer. These technologies enable the miniaturisation of a number of X-ray applications relevant to large global markets.

The Company has three initial products in its development pipeline – a mobile medical x-ray imager for hospitals, a version for deployed military use and a mobile security back-scatter imager. It is establishing manufacturing for these products in an ISO13485 certified facility in Tonsley, South Australia.
