

MARKET UPDATE FOR QUARTER ENDED 31 MARCH 2018

BauMart Holdings Limited (ASX: BMH) ("BauMart" or the "Company") is pleased to present its quarterly cash report for the period ended 31 March 2018 and advises:

Materials Handling Division

- The division recorded its highest quarterly revenue to date
- The division's strong performance for the March quarter reflects the ongoing demand for exports from various regions' and major pharmaceutical, nutraceutical and supplement manufacturing companies
- The division established its Queensland operations site during the quarter with several marketing trips planned for the next 12 months to cement its position within this region
- Volume driven cost reduction commenced from the beginning of the quarter as the division moves towards a more streamlined and efficient mode of distribution
- The division continues to identify opportunities to provide long term solutions to export operations
- Sales pipeline and forward order book remains robust with a diverse mix of products and regions with long term supply opportunities

Building Materials Division

- Market penetration activities progressed steadily throughout the March quarter for the division
- Revenue for the March quarter was 49% higher than the prior 31 December 2017 quarter
- The natural stone division's unique product, Green Sukabumi, continues to be popular amongst architects, landscapers, builders and pool builders. This resulted in improved sales compared to the prior quarter
- Wood plastic composite decking sales continued to improve, driven by its growing network of resellers
- Sale and distribution of glass products for use in residential and commercial building projects commenced from the beginning of the quarter
- The project tendering division completed several projects during the March quarter and commenced tendering for new projects scheduled for late FY18 and beyond

Glass Division

- The operator's production continued to increase throughout the March quarter, reflecting a robust order book and a healthy regional market
- The Company continues to monitor the performance of the operator and remains supportive despite not billing for the equipment rental component of its agreement
- Both parties are working to optimise the production capabilities and the efficiency of the fully operational glass processing equipment
