The Period in Review

The financial year ended 31 July 2018 was a year of significant change and turnaround for Funtastic with the business returning to profitability following several loss-making years. The strategic plan outlined at the beginning of the year has begun to deliver the sustainable revenue and profitability growth that it has been designed to do. The review of the cost base has delivered significant savings and there will remain an ongoing focus of minimising both fixed and variable costs. The implementation of improved, disciplined business processes combined with enhanced commercial acumen has begun to streamline the product range and will drive ongoing margin improvements. A focus on developing long term supply partnerships and reducing dependence on transactional opportunities has led to the business being awarded a number of significant licensing opportunities.

Highlights for the year ended 31 July 2018 included:

- A return to profitability with operating FY18 EBITDA of \$2.5m, \$8.1m higher than FY17 operating EBITDA loss of (\$5.6m).
- The completion of the sale of a segment of the previously loss-making international business for \$2.1m, reducing fixed costs and significantly improving cashflows.
- Completion of a fixed cost review that has delivered an ongoing reduction in fixed overheads by \$2.0m.
- Completion of the transition to a variable logistics model that has delivered cost savings of \$1.2m per annum.
- Securing the Toy Story 4 licensing rights for Australia and New Zealand, a major achievement that has positioned the company within the top 150 licensing companies globally, building on the foundation of other major licenses such as JoJo Siwa, Paw Patrol, LOL and others.
- A restructuring of debt facilities was completed in the first half of FY18, reducing debt by \$36.0m.
- A successful capital raising of \$8.4m was completed in September 2017. Together with the debt reduction noted above the Company's balance sheet was significantly strengthened.

Post balance date events:

- Post balance date, a further restructuring of debt facilities was announced and is expected to be completed in mid-October 2018. Additionally, an \$8.2m capital raising via a placement and entitlement offer was announced and this is also expected to be completed in mid-October 2018. The debt restructure and capital raising together will return the Company to a positive net asset position and the balance sheet is equipped for future growth.

The Board's key strategies for FY19 performance include:

1. Ongoing enhancement of the licencing portfolio, building on key relationships
2. Development and growth of our own brands
3. Capitalising on emerging technologies and trends
4. Further improvement of cash management disciplines, driving balance sheet strength
5. Continual investment in our people, culture and leadership

Outlook

Funtastic expects the following business outlook for FY19:

- Funtastic sells, markets and distributes products within the Toy, Apparel, Tech and Confectionery categories. These categories remain relevant and valued by both major and specialty retailers. All categories are profitable with Toys, dominated by one off transactions, being our largest strategic challenge.
- Funtastic has secured the licensing rights for Toy Story 4 and will continue to seek other licensing opportunities, building on its foundation of the licenses for JoJo Siwa, Paw Patrol, LOL and others.
- Funtastic has secured the Australia/New Zealand distribution rights for Pai International and Learning Resources as the company expands its consumer offering into the learning and STEM¹ categories.
- The Australian e-commerce and specialty channels are poised for growth as consumer purchasing behaviour evolves. Funtastic has resourced and positioned itself to maximise growth from this opportunity.
- Opportunities to develop and grow own brands (Pillow Pets, Chill factor and Floaties) both domestically and internationally continue to be pursued. Improved distribution and consumption opportunities exist in brands such as Razor, Beacon, JoJo, LOL Accessories and Orbeez.
- Divestment, refinancing and successful implementation of a lower cost structure have positioned the business to accelerate growth initiatives.
- Funtastic will continue to build on its strong customer and supplier relationships and sourcing competency.
- The Company expects to build on its return to profitability in FY18 and deliver further growth and profitability in FY19.

Audit report

While the accounts are in the process of being audited, the accounts are likely to contain an independent audit report that is subject to an emphasis of matter in relation to the material uncertainty related to going concern. Given the post balance date debt restructuring and capital raising currently taking place, the directors are satisfied that the Company will continue as a going concern.

NOTE 20: Subsequent Events

Bank debt restructure – The Company has been in negotiations with its Bankers, the National Australia Bank (NAB) regarding the future and structure of the bank debt. Thanks to the significant support of the NAB, who have been with the Company for many years, it was agreed on 7th September 2018 for a full and final settlement of all liabilities owing to NAB subject to the payment of approximately \$5.0 million and satisfactory completion of several other obligations. The reduction in financial indebtedness will total approximately \$21.3 million comprising a \$5.0 million repayment and a \$16.3 million debt forgiveness. The full impact of this was discussed in the recent Capital Raising documents announced to the ASX and will be included in the January 2019 half year accounts.

Capital raising – On 13th September 2018, the Company successfully completed a capital raising of \$1.2 million by way of a share placement to sophisticated and professional investors. An additional \$7.0 million is being raised by way of a 1 for 1 non-renounceable rights issue which is expected to be completed by the 9th October 2018.

The combination of the above events has significantly restructured and strengthened the Group's balance sheet which will further support the Group's profitability improvement and strategic initiatives moving forwards.
