EXPLANATORY STATEMENT

TO NOTICE OF 2018 ANNUAL GENERAL MEETING

PURPOSE OF INFORMATION

This Explanatory Statement has been prepared for the information of the Shareholders in connection with the business to be conducted at the Annual General Meeting to be held at 11.00am (AEDT) on 28 November 2018 at ASIPAC Place, Level 7, 342-348 Flinders Street, Melbourne, Victoria 3000.

The purpose of this Explanatory Statement is to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

BUSINESS

Resolution 1	Adoption of Remuneration Report
--------------	---------------------------------

Section 250R(2) of the Corporations Act requires that at a listed Company's Annual General Meeting, a resolution that the Remuneration Report be adopted must be put to the Shareholders. However, such a resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report sets out the Company's remuneration arrangements for the Company's Key Management Personnel. The Remuneration Report is part of the Directors' report contained in the 2018 Annual Report.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Annual General Meeting.

There are restrictions on members of the Key Management Personnel and their Closely Related Parties (in any capacity) and their proxies voting on Resolution 1, details of which are set out in the voting exclusion statement included in Resolution 1 of the Notice of Meeting.

Any undirected proxies held by the Chairman of the Meeting, other Directors or other Key Management Personnel or their closely related parties for the purposes of Resolution 1 will be voted in favour of Resolution 1, subject to compliance with the Corporations Act.

The Company encourages all Shareholders to cast their vote in relation to Resolution 1 and if Shareholders chose to appoint a proxy, Shareholders are encouraged to direct their proxy how to vote on Resolution 1 by marking either "For", "Against" or "Abstain" on the Proxy, or where the Chairman is appointed as proxy, by marking the applicable box in the Proxy directing the Chairman to vote in accordance with the Chairman's voting intentions.

Resolution 2	Re-election of Mr Peter Kelliher
--------------	----------------------------------

In accordance with ASX Listing Rule 14.4 and Article 57 of the Constitution, at every Annual General Meeting, one-third of the Directors, or if their number is not a multiple of three then the number nearest to but not more than one-third of the Directors for the time being must retire from office and are eligible for re-election. The Directors to retire are to be those who have been longest in office since their appointment or last re-appointment or, if the Directors have been in office for an equal length of time and unless mutually agreed, by lot. Further, under Article 57(2) of the Constitution a Director (except the Managing Director) must retire from office at the conclusion of the third annual general meeting following the Director's election, even if his or her retirement results in more than one-third of all Directors retiring from office.

Details of the qualifications and experience of Mr Peter Kelliher are contained in the Company's 2018 Annual Report.

All Directors, other than Mr Peter Kelliher, recommend that Shareholders vote in favour of Resolution 2 and each of the other Directors who holds shares intends to vote in favour of Mr Peter Kelliher's re-election.

Resolution 3 Approve the issue of Shares with a total combined value of up to \$1,000,000

The Company intends to raise up to \$1,000,000 new equity capital for the purpose of funding new acquisitions or exploration/mining projects and/or associated due diligence and transaction costs, for general working capital purposes and to reduce debt.

Resolution 3 seeks Shareholder approval for the issue of Shares with a total combined value of up to \$1,000,000 for the purposes of ASX Listing Rule 7.1 and all other purposes.

ASX Listing Rule 7.1

ASX Listing Rule 7.1 provides that a listed company must not, subject to certain exceptions, issue or agree to issue more than 15% of its capital within a 12-month period without the approval of shareholders.

In addition, by obtaining the approval of the Shareholders to the issue of the Shares, on the issue of those Shares, they will not count within the 15% limit when determining compliance by the Company with Listing Rule 7.1 in the next 12 month period.

By approving the issue of the Shares in advance, the Company maintains the maximum ability to be able to issue securities without the need for Shareholder approval. That is important as it provides the Company with flexibility and the ability to maximise new investment opportunities as and when they arise.

Listing Rule 7.3 requires the following information concerning the issue of the Shares outlined above in relation to Resolution 3 be included in the Notice of Meeting.

ASX Listing Rule 7.3

Listing Rule 7.3 contains certain requirements as to the contents of a notice sent to Shareholders for the purposes of Listing Rule 7.1 and the following information is included in this Explanatory Statement for that purpose:

The number of securities to be issued

The maximum number of securities which may be issued under the capital raising is to be determined by reference to the following formula:

Maximum number = \$1,000,000 ÷ the issue price.

The date by which the Company will issue the securities

The Shares will be issued progressively, and in any event, no later than 3 months after the date of this Meeting.

The issue price of the securities

The Shares will be issued at an issue price which is not less than 80% of the VWAP of Shares as traded on ASX calculated over the last 5 days on which sales of Shares were recorded before the day on which the issue is made.

The names of the allottees of the securities

The allottees of the Shares to be issued, if Resolution 3 is approved, will be professional or sophisticated investors identified by the Company and any brokers / financial advisers appointed by the Company to assist it in its capital raising. None of the persons subscribing for Shares or receiving Shares will be a Director (or an associate of a Director) or other related party of the Company (within the meaning of that term in ASX Listing Rule 10.11).

In addition, no subscriber, either individually or in association with any related entity, will be allotted securities, which would, if added to existing holdings, result in the holder and their related entities holding 20% or more of the issued capital of the Company should Resolution 3 be approved.

The terms of the securities

All Shares to be issued will rank equally in respects with the Company's existing Shares.

The intended use of funds raised

Funds raised will be used for the purpose of funding new acquisitions or exploration/mining projects and/or associated due diligence and transaction costs, for general working capital purposes and to reduce debt.

Voting exclusion statement

A voting exclusion statement is included in the Notice of Meeting.

Resolution 4 Approval of additional 10% share placement facility

Under ASX Listing Rule 7.1A certain companies may seek shareholder approval by special resolution passed at an annual general meeting to have the additional capacity to issue equity securities which do not exceed 10% of the existing ordinary share capital without further shareholder approval.

Approval under this Resolution 4 is sought for the Company to issue Shares under Listing Rule 7.1A.

If Resolution 4 is approved the Company may make an issue of Shares under Listing Rule 7.1A at any time (either on a single date or progressively) up until the earlier of:

- the date which is 12 months after the date of the Annual General Meeting (i.e. 28 November 2019); or
- the date on which Shareholders approve a transaction under Listing Rule 11.1.2 or 11.2.

At the date of this Explanatory Statement, the Company is an 'eligible entity', and therefore able to seek approval under Listing Rule 7.1A, as it is not included in the S&P/ASX300 and has a market capitalisation less than the amount prescribed by ASX (currently \$300 million), being approximately \$934,707 as at 18 October 2018. If at the time of the Annual General Meeting the Company is no longer an eligible entity this Resolution will be withdrawn.

The maximum number of ordinary shares which may be issued in the capital of the Company under the approval sought by this Resolution 4 will be determined in accordance with the following formula prescribed in Listing Rule 7.1A.2:

$$(A \times D) - E$$

where:

A is the number of shares on issue 12 months before the date of issue or agreement to issue:

- plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- plus the number of partly paid shares that became fully paid in the 12 months;
- plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 and 7.4 (this does not include an issue of fully paid ordinary shares under the entity's 15% placement capacity without shareholder approval);
- less the number of fully paid shares cancelled in the 12 months.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

The ability of the Company to make an issue under Listing Rule 7.1A is in addition to its 15% placement capacity under Listing Rule 7.1. The effect of Resolution 3 will be to allow the Company to issue ordinary shares under Listing Rule 7.1A without subsequent Shareholder approval and without using the Company's 15% placement capacity under Listing Rule 7.1.

Any equity securities issued under Listing Rule 7.1A.2 must be in the same class as an existing quoted class of equity securities of the Company. As at the date of this Explanatory Statement, the Company has only one class of quoted equity securities, being its ordinary shares. As at the date of this Explanatory Statement, the Company has capacity to issue:

- 4,123,705 equity securities under Listing Rule 7.1 (15% capacity); and
- subject to Shareholders passing Resolution 4; 2,749,137 ordinary shares under Listing Rule 7.1A (10% capacity).

The actual number of shares which may be issued under Listing Rule 7.1A (and Listing Rule 7.1) will be a function of the number of shares on issue at the time an issue is proposed, calculated in accordance with the formula prescribed in Listing Rule 7.1A.2 and set out above.

The issue price of the ordinary shares issued under Listing Rule 7.1A will be determined at the time of issue. The minimum price at which the ordinary shares the subject of this Resolution 4 will be issued is 75% of the volume weighted average market (closing) price ("VWAP") of the Company's ordinary shares over the 15 days on which trades in that class were recorded immediately before either:

- the date on which the price at which the securities are to be issued is agreed; or
- if the securities are not issued within 5 ASX trading days of the date in the paragraph above, the date on which the securities are issued.

If this Resolution is approved, and the Company issues ordinary shares under Listing Rule 7.1A, the existing Shareholders' voting power in the Company will be diluted. There is a risk that:

- the market price for the Company's ordinary shares may be significantly lower on the issue date than on the date of the approval of this Resolution; and
- the ordinary shares issued under Listing Rule 7.1A may be issued at a price that is at a discount (as described above) to market price for the Company's ordinary shares on the issue date,

which may have an effect on the amount of funds raised by the issue.

The table set out below shows the dilution of existing Shareholders on the basis of:

- The current market price of the Company's ordinary shares and the current number of ordinary securities for variable "A" in the formula shown above as at the date of this Explanatory Statement.
- Two examples where the number of ordinary shares on issue ("A" in the formula set out above) has increased by 50% (i.e. one and a half times the number of ordinary shares on issue in the Company) and 100% (i.e. a doubling of the number of ordinary shares on issue in the Company). The number of ordinary shares on issue may increase as a result of issues of ordinary shares that do not require shareholder approval (for example, pro-rata entitlements issues) or as a result of future placements under Listing Rule 7.1 that are approved by shareholders.
- Two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the market price as at the date of this Explanatory Statement.

			Dilution		
			50% decrease in issue price \$0.017	Issue Price ** \$0.034	100% increase in issue price \$0.068

		Funds raised	\$93,471	\$186,941	\$373,883

Notes:

- The table assumes that the Company issues the maximum number of ordinary shares available under Listing Rule 7.1A.
- The table assumes that no options are exercised in ordinary shares before the date of the issue of ordinary shares under Listing Rule 7.1A.
- The table reflects the aggregate percentage voting dilution against the issued share capital at the time of issue. This is why the dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular shareholder by reason of issues of ordinary shares under Listing Rule 7.1A based on that shareholder's holding at the date of this Explanatory Statement.
- The table shows the effect of an issue of ordinary shares under Listing Rule 7.1A, not under the Company's 15% placement capacity under Listing Rule 7.1.

* Any issue of ordinary shares is required to be made in accordance with the ASX Listing Rules. An issue made other than under the Company 15% capacity (Listing Rule 7.1) or the Company's additional 10% capacity (Listing Rule 7.1A) and not otherwise made under an exception in Listing Rule 7.2 (for example, a pro-rata rights issue) would require shareholder approval.

** Based on closing price of the Company's shares on ASX on 18 October 2018 of \$0.034.

If this Resolution is approved the Company will have the ability to issue up to 10% of its issued capital without further Shareholder approval and therefore allow it to take advantage of opportunities to obtain further funds if required and available in the future.

As at the date of this Explanatory Statement the Company has not formed an intention to offer any ordinary shares under Listing Rule 7.1A to any particular person or at any particular time. The total amount that may be raised by the issue of equity securities under Listing Rule 7.1A will depend on the issue price of the ordinary shares which will be determined at the time of issue. In some circumstances the Company may issue ordinary shares under Listing Rule 7.1A for non-cash consideration (for example, in lieu of cash payments to consultants, contractors or vendors). In such circumstances, the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

While the Company has not formed an intention to offer any ordinary shares under Listing Rule 7.1A, some of the purposes for which the Company may issue ordinary shares under Listing Rule 7.1A include (but are not limited to):

- raising funds to be applied to the Company's working capital requirements, in particular the funding requirements for exploration in the vicinity of Broula King or any for any other project or asset that may be acquired by the Company;
- acquiring assets. In these circumstances the issue of the ordinary shares may be made in substitution for the Company making a cash payment for the assets (i.e. as non-cash consideration). If the Company elects to issue the ordinary shares for the purpose of acquiring assets then the Company will release to the market a valuation of the non-cash consideration that demonstrates the issue price of the ordinary shares complies with Listing Rule 7.1A.3; and
- paying contractors or consultants of the Company.

Details regarding the purposes for which any particular issue under Listing Rule 7.1A is made will be more fully detailed in an announcement to the ASX made pursuant to Listing Rule 7.1A.4 and Listing Rule 3.10.5A at the time the issue is made. The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue under the 10% placement capacity. The identity of the allottees of ordinary shares under Listing Rule 7.1A will be determined on a case by case basis at the time the Company decides to make an issue, having regard to a number of factors including:

- the purpose of the issue;
- the capital raising and acquisition opportunities available to the Company and any alternative methods for raising funds or acquiring assets that are available to the Company (including but not limited to a rights issue or other issue in which existing security holders can participate);
- the potential effect of the issue of securities under Listing Rule 7.1A on the control of the Company;
- the circumstances of the Company, including but limited to the Company's financial situation and the likely future capital requirements; and
- advice from the Company's corporate or financial advisors (if applicable).

Offers made under Listing Rule 7.1A may be made to parties including professional and sophisticated investors, existing shareholders of the Company, clients of Australian Financial Service License holders and/or their nominees, or any other person to whom the Company is able to make an offer of ordinary shares.

The allottees under the 10% placement capacity have not been determined as at the date of finalisation of this Notice of Meeting and may include existing Shareholders or substantial Shareholders and/or new Shareholders, but the allottees cannot include any Directors, related parties or associates of a related party of the Company.

The Company has previously obtained Shareholder approval under ASX Listing Rule 7.1A at its 2017 Annual General Meeting. During the 12 month period preceding the proposed date of the 2018 Annual General Meeting, being on and from 30 November 2017, the Company did not issue any equity securities.

This Resolution is a special resolution. For a special resolution to be passed, at least 75% of the votes validly cast on the resolution by Shareholders (by number of Shares) must be in favour of the resolution.

The Directors of the Company believe that Resolution 4 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of this Resolution.

A voting exclusion statement is set out in the Notice of Meeting.
