CHAIRMAN'S MESSAGE

Dear Fellow Shareholder,

I am pleased to present the half year report for the period ended December 2018 for Tinybeans Group Limited (ASX: TNY) ("Tinybeans" or the "Company"), the technology platform that connects parents with the most trusted tools and resources on the planet to help every family thrive.

As the Chairman of a company that serves over 3 million parents and their families, I'm proud of the value and impact we have on real people everywhere.

I'm very pleased about the growth prospects of the Company having achieved \$1.67 million in sales revenue for the half, which is almost as much as the Company delivered for the entire FY18, demonstrating phenomenal growth in the last 6 months alone. Revenue for H1-FY19 was over 123% more on the same period 12 months prior, again representing an acceleration in revenues that should continue to grow into the future.

This growth reflects the momentum continuing to build across the Company's revenue drivers, largely advertising, with supported recurring revenues in premium subscriptions and printed product sales.

Advertising revenues increased to over \$1.1 million representing growth of over 185% on the previous year, driven by seasonal holiday campaigns. More brands are signing up for direct advertising deals plus more advertisers are increasing their investments across the programmatic platform. These results demonstrate the value to advertisers in the Tinybeans audience and our targeting capabilities based on the unique data set to get to the right people with the right message.

The Group continues to innovate and refine its platform to give its members new capabilities, provide more ways to engage, reminisce and consume relevant content to assist in their parenting journey.

We see significant upside to further monetise Tinybeans' large, active and growing base as we continue to prove the value of our platform to all stakeholders and enhance the user experience for parents and family members.

I would like to thank my fellow Directors as well as our Management Team and Staff for their efforts over what has been an incredibly busy but rewarding first half of FY19 at Tinybeans. I also thank our Shareholders, for your support and belief in our ability to achieve the goals we have set out for our Company.

As we continue to grow our revenues, we're making strong progress in building scale to drive profitable growth and positive cash flow. I am pleased to reaffirm our commitment of turning operating cash flow positive during calendar year 2019. I look forward to having you share in Tinybeans' success.

John Dougall

Non-executive Director and Chairman

CEO'S MESSAGE

I am thrilled to present the half year report ended December 2018 for Tinybeans Group Limited.

In our first two quarters of FY19, we've delivered record revenue results of \$1.67 million, demonstrating the revenue growth potential of the amazing audience that uses Tinybeans every day.

I'm very proud of the Tinybeans team and our partners that work with us and serve the 3 million members across the world in relation to their children. During the month of December 2018, 1.1 million of these members were active on the Tinybeans platform.

Now that we've built out our team, we are very focused on driving revenue growth, while keeping costs level, so that the revenue growth we're seeing can soon be able to cover our monthly operating costs.

We're thrilled to also report that revenue receipts were over \$1.5 million for the half year, ending the half year with a cash balance of over \$2 million.

Over the past 6 months, Tinybeans attracted many new advertisers on the platform. Some running tests, whilst others re-signed for ongoing programs. Some of the advertising partners that ran on the Tinybeans platform in H1-FY19 include Macmillan Kids, Regalo Baby, Haven Life, My 1st Years, Wildbrain, Hatch Baby, Mixbook, Livie and Luca, DK Books, BuyBuyBaby, eOne, BarkBox & Kabrita.

With Tinybeans, we want to harness the power of the trust we have with our audience—other parents—on an emotional level. We speak to our audience as peers: those who've been in our shoes; shared the same joys and worries; who understand the awesome responsibility of parenting, but also the incredible journey on which it takes us. We're connecting with a global community of parents over what we have in common and sharing a unique way to capture the emotional moments that mean so much.

Tinybeans expects continued growth in overall registered members and monthly active users (MAU) during FY19 and for its core market share to grow. We're also expecting accelerated growth in revenues, particularly advertising revenues, based on direct and programmatic based deals. We're super excited about the next 6 months (and beyond) as we see this year being key to allowing us to accelerate the revenues so that we get to cashflow positive while still growing our unique audience and the data that sits behind it.

Thank you for your continued support as a Tinybeans member and shareholder.

DIRECTOR'S REPORT

The Directors of Tinybeans Group Limited submit the financial report of the Company for the half year ended 31 December 2018, which comprises the results of Tinybeans Group Limited and the entities it controlled (the "Group") during the period.

Principal Activities

The principal activities of the Group during the course of the reporting period consisted of providing mobile and web-based platforms that allow parents to securely record and share digital data privately and securely. There were no significant changes in the nature of those activities during the reporting period.

Review of Operations

The loss for the Group after income tax amounted to \$2,099,688 (31 December 2017: \$2,272,060). The Group has generated total revenue of \$1,668,631 up from \$747,674 in the previous year's financial half-year.

Operating expenses amounted to \$3,787,315 (31 December 2017: \$3,089,962). The increases in the average number of employees from 25.5 to 28.2 and in the average annual salary levels from \$132.5k to \$151.8k in the first half of FY2018 and FY2019, respectively, have driven the increase in employee benefits expense by \$513,937. In the 2017 half, the NY team was being recruited however in 2018 the team was already in place. Also, the administrative costs were higher by \$116,297, mainly due to the rent expenses of bigger offices in Sydney and New York since October and December 2017, respectively; and higher hosting costs attributed with the increased storage and processing required to service our members and customers. Additionally, marketing expenses grew with the execution of a new marketing plan created by the Head of Marketing, who joined in late FY18.

Tinybeans is an Australian and US-based technology platform that provides parents with a happy space to capture and enjoy their children's life stories.

The December reporting period saw continued quarter-on-quarter growth, with monthly active users (MAU) increasing by 34% for the period reaching just under 1.1 million users.

The financial half-year had cash receipts from customers of \$1,532,477.

Significant Changes in the State of Affairs

There were no significant changes to the Group's state of affairs.

Matters Subsequent to the Reporting Period

No other significant subsequent event has arisen that significantly affects the operations of the Group.

Rounding of Amounts

The Group is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporate Instrument to the nearest dollar.

Auditors' Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this director's report.

Proceedings on Behalf of the Company

No person has applied for leave of court to bring proceedings on behalf of the Group or intervene in any proceedings to which the Group is a party for the purpose of taking responsibility on behalf of the Group for all or any part of those proceedings.

The Group was not a party to any such proceedings during the financial half-year.

DIRECTOR'S REPORT (CONT.)

Signed in accordance with a resolution of the Board of Directors, made pursuant to section 306(3)(a) of the Corporations Act 2001.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The interim financial report includes the condensed consolidated financial statements and notes of Tinybeans Group Limited and controlled entities ('Consolidated Entity' or 'Group'). The separate financial statements and notes of Tinybeans Group Limited as an individual parent entity ('Company') have not been presented within the financial report as permitted by the Corporations Act 2001.

The financial statements were authorised for issue on 25 February 2019 by the Directors of the Company.

Basis of Preparation

These general purpose financial statements for the interim half-year reporting period ended 31 December 2018 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2018 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Consolidated Entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

The following Accounting Standards and Interpretations are most relevant to the Consolidated Entity:

AASB 9 Financial Instruments

The Consolidated Entity has adopted AASB 9 from 1 July 2018. The standard introduced new classification and measurement models for financial assets. A financial asset shall be measured at amortised cost if it is held within a business model whose objective is to hold assets in order to collect contractual cash flows which arise on specified dates and that are solely principal and interest. A debt investment shall be measured at fair value through other comprehensive income if it is held within a business model whose objective is to both hold assets in order to collect contractual cash flows which arise on specified dates that are solely principal and interest as well as selling the asset on the basis of its fair value. All other financial assets are classified and measured at fair value through profit or loss unless the entity makes an irrevocable election on initial recognition to present gains and losses on equity instruments (that are not held-for-trading or contingent consideration recognised in a business combination) in other comprehensive income ('OCI'). Despite these requirements, a financial asset may be irrevocably designated as measured at fair value through profit or loss to reduce the effect of, or eliminate, an accounting mismatch. For financial liabilities designated at fair value through profit or loss, the standard requires the portion of the change in fair value that relates to the entity's own credit risk to be presented in OCI (unless it would create an accounting mismatch). New simpler hedge accounting requirements are intended to more closely align the accounting treatment with the risk management activities of the entity. New impairment requirements use an 'expected credit loss' ('ECL') model to recognise an allowance. Impairment is measured using a 12-month ECL method unless the credit risk on a financial instrument has increased significantly since initial recognition in which case the lifetime ECL method is adopted. For receivables, a simplified approach to measuring expected credit losses using a lifetime expected loss allowance is available.

AASB 15 Revenue from Contracts with Customers

The Consolidated Entity has adopted AASB 15 from 1 July 2018. The standard provides a single comprehensive model for revenue recognition. The core principle of the standard is that an entity shall recognise revenue to depict the transfer of promised goods or services to customers at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard introduced a new contract-based revenue recognition model with a measurement approach that is based on an allocation of the transaction price. This is described further in the accounting policies below. Credit risk is presented separately as an expense rather than adjusted against revenue. Contracts with customers are presented in an entity's statement of financial position as a deferred revenue, accrued revenue, or a receivable, depending on the relationship between the entity's performance and the customer's payment. Customer acquisition costs and costs to fulfil a contract can, subject to certain criteria, be capitalised as an asset and amortised over the contract period.

Impact of adoption

AASB 9 and AASB 15 were adopted using the modified retrospective approach and as such comparatives have not been restated. There is no perceived impact on opening retained profits as at 1 July 2018.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF

TINYBEANS GROUP LIMITED

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Tinybeans Group Ltd which comprises the consolidated statement of financial position as at 31 December 2018, the statement of comprehensive income, statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The Directors of the Company responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Company's financial position as at 31 December 2018 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Tinybeans Group Ltd, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the Directors of Tinybeans Group Ltd, would be in the same terms if given to the directors as at the time of this auditor's report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Tinybeans Group Ltd is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2018 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.
