CASE STUDIES

SHOPPING CENTRES

Building a Robust Database of 1st Party Data

A shopping centre needed better data on who their shoppers were, and how they were interacting with the centre.

SHOPPING CENTRES

Omnidata Solution:

Deployed WiFi to measure experiences and build a customer database

Outcome:

Increased customer database to over **300,000 (+500%)**, providing the centre with rich profiles of their customers and their behavior over a 3 year period.

Quick Service Retail

Increasing Revenue through Targeted Engagement

A QSR chain was looking for ways to increase the average ticket size in its restaurants.

QSR

Omnidata Solution:

Deployed WiFi to understand customer behavior and preferences

Integrated with POS and existing CRM to understand purchase behavior and loyalty

Automated, targeted offers can be delivered to customers in-restaurant via WiFi, SMS, or push notifications based on preferences and purchase history

Outcome:

Client has a better understanding of which offers drive conversions, and expects to increase average sales ticket by up to 40%

UNIVERSITIES

Measuring Student Attendance with WiFi Intelligence

A leading Australian University needed a better system for tracking attendance.

UNIVERSITIES

Omnidata Solution:

Leveraged existing WiFi network to measure student behavior

Correlated WiFi analytics with student timetables to understand which students attended classes they were scheduled for

Outcome:

University has a clearer understanding of how different subjects perform for attendance over time, and which behaviors are correlated with poor attendance.

STADIUMS

Intelligent Improvements to the Fan Experience

A major sporting event with over 750,000 attendees wanted to make more intelligent decisions about where to invest in improving experiences.

STADIUMS

Omnidata Solution:

Unified fragmented WiFi networks to measure behavior and engagement throughout the stadium

Integrated with ticketing system to understand footfall

Automated delivery of surveys to fans on exit to collect feedback

Outcome:

Organizers were able to visualize the fan experience, and correlate actual experiences with survey data to identify the most impactful areas for improvement
